 - approved cotton clerks
 - other program participants
 - report to KCCO, BCD, SCB cases of suspected program violations by approved warehouse operators
 - report to PSD suspected program violations by approved cotton cooperatives and cooperating ginnerers.
-

D Repayment of Loans

To protect CCC's interests, STC may require guaranteed remittance for all repayments or on a countywide or Statewide basis.

If COC determines to require guaranteed remittances, the County Office shall:

- request authority from STC for a countywide policy
 - if approved, apply the policy to all repayments
 - continue to follow 3-FI for dishonored checks.
-

***--E Maximum Bales for LDP Based on Rate Lock-in**

STC may request DAFP to approve for their State a different maximum number of bales per storage unit (either higher or lower than 20 bales per module) that is consistent with locally-used field storage equipment.

STC may approve LDP payments based on locked-in rate for bales that exceed the established maximum number of bales per module on a case-by-case basis.--*

12 SED Responsibilities

A

Responsibilities

SED shall:

- carry out day-to-day program operations at the State level under STC's direction, with the help of State and County Office employees and COC's
 - provide training, as necessary, to ensure that County Offices, cotton clerks, and others working with the program understand and follow program provisions
 - coordinate the flow of information and documents between County Offices, Kansas City offices, and others, as necessary.
-

13 COC Responsibilities

A

Responsibilities

COC shall:

- administer the programs at the county level, according to program provisions
 - determine whether an irrevocable letter of credit is necessary from approved cooperative for seed cotton loans
 - approve cotton clerks and provide instruction, training, forms, and supervision according to 14-CN
 - annually document in COC minutes reasonable estimates of yield for upland and ELS cotton based on conditions in the county for the year
 - determine whether a loan will be called
 - approve gins to participate in the recourse Seed Cotton Loan Program.
-

B

Approving CED Loans

COC shall approve loans for CED.

14 CED Responsibilities

A

Responsibilities

CED shall:

- carry out day-to-day operations of the programs under COC's direction, with County Office employees' help
 - approve cotton clerks, with COC concurrence according to 14-CN
 - train and supervise cotton clerks according to 14-CN
 - inform, assist, and approve ginnerers who want to participate as cooperating ginnerers in bagging producer cotton to be eligible for CCC loans according to specifications in JCIBPC
 - notify the State Office of suspected program violations by warehouses, cooperating ginnerers, cotton clerks, CMA's, and LSA's
 - conduct spot checks on no less than 2.5 percent of the requests for a lock-in of the AWP and LDP rate on upland seed cotton in modules according to
--subparagraph 275 H.--
-

B

Redelegation of Authority

CED may redelegate, in writing, the authority to approve all forms and documents prepared according to this handbook, except those in which the person approving has a monetary interest.

Exceptions: Only CED shall approve loans for:

- STC members
 - SED's
 - State and County Office employees
 - COC members.
-

15-20 (Reserved)

Section 3 Administrative Provisions

21 Amounts of \$9.99 or Less**A Handling Payments**

[7 CFR 1427.20] Amounts of \$9.99 or less will be paid to producers only upon the request of the producer.

Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

22 AWP and CCA Announcement Times**A Announcement Time**

*--[7 CFR 1427.25] AWP and CCA shall normally be announced by the National Office at 5 p.m. e.t. each Thursday. They become effective for calculations as specified subparagraph B.

If Thursday or Friday, or any number of subsequent days, is a nonworkday in Washington, DC, AWP and CCA shall be announced the next workday at 8 a.m. e.t.

B Effective Time Period

[7 CFR 1427.25] The effective time period for each weekly AWP and CCA, calculated using the regulatory formula at 7 CFR 1427.25, is unchanged by any announcement delays that may occur. Announced AWP's and CCA's do not remain effective past their normal expiration time if the subsequent AWP cannot be announced for any reason.

The effective time period of announced AWP's and CCA's is 12:01 a.m. Friday (a minute past midnight of the Thursday when normally announced) through midnight of the following Thursday whether the prices are announced:

- at the usual time of Thursday, 5 p.m. e.t.
- on a Friday at 8 a.m. e.t. because the immediately preceding Thursday was not a Federal workday in Washington, DC
- on any subsequent day following a Friday. In this case, the delayed-announced AWP and CCA shall be retroactively applicable to what would have been their effective time period had they been announced at the usual Thursday time.--*

22 AWP and CCA Announcement Times (Continued)**C Accepting Transaction Requests When AWP Not Announced**

Effective October 31, 2002, for transactions of all crop years, the “dead hour”, the time during which applications for loan repayments and LDP’s were not accepted, was terminated.

Requests for loan repayments and LDP’s may be accepted at all hours subject to the effective AWP and CCA. If there is an extended period during which the current AWP, CCA, and LDP rate are not announced for any reason, requests for loan repayments and LDP’s shall be accepted at the County Office. Such applications shall be subject to AWP and CCA subsequently announced as effective for the date the application was received.

*--In the event that a repayment request is made during an extended period when AWP is not announced, the loan repayment may be accepted according to subparagraph 202 A as an estimated repayment, and bales released, based upon the higher of either of the following:

- the amount provided for the repayments
- the last announced repayment rate.

The County Office shall obtain from the entity repaying the loan a signed and dated agreement to the following statement:

“I understand that the loan repayment amount for the cotton loan collateral requested at _____ FSA County Office is subject to recalculation upon announcement of the prevailing loan repayment rate for the cotton. I agree to pay CCC any balance due based on this recalculation.”--*

D Loan Repayments Received by Mail, Courier, or Wire Transfer

If a loan repayment is received by mail, courier, or wire transfer of funds, use AWP and CCA in effect on the date the repayment is received in the County Office.

22 AWP and CCA Announcement Times (Continued)**E Gin Direct LDP's**

The payment rate applicable to LDP's requested under gin-direct provisions is the rate effective under subparagraph B.

--Every announced AWP and LDP rate is effective for a 24-hour period commencing at 12:01 a.m. e.t. each Friday.--

F Accessing AWP and CCA

The cotton AWP, LDP rate, and CCA are available on the FSA intranet site at <http://www.fsa.usda.gov/dafp/psd/>

Click on the "COTNXXXX.TXT" to select rates for the preferred date, where "XXXX" is the 4-digit entry representing month and date.

23 Appeals

A Appeal Determinations

Follow 1-APP if a producer contests a determination that affects the producer's right to participate in the Price Support or LDP Programs.

B When Loan Is Called

If a producer appeals a determination involving calling a loan, COC shall:

- suspend all administrative action with respect to the determination
- continue as if the determination had not been made.

Suspension of administrative actions do **not** apply to any:

- subsequent determination to call the loan unless that determination is also appealed
- determination to call any other loan unless that determination is also appealed.

C Appeal Rights Exhausted

If the producer wins the appeal, take no additional actions.

If the producer has exhausted all appeal rights and does not win the appeal, COC, as applicable, shall:

- immediately call the loan and handle in the normal manner
- take no additional actions if loan has been forfeited or settled with repayment of principal plus interest
- require refund of amounts due, including unearned market gain, unearned storage credit, and interest.

24 Bankruptcy Cases**A Contacting Regional Attorney**

When a producer who is involved in bankruptcy proceedings requests a loan or LDP, contact the regional attorney, through the State Office, for advice about price support availability.

B Attending Bankruptcy Proceedings

State and County Office employees shall not attend bankruptcy proceedings unless requested by the OGC representative.

Advise regional attorney, through the State Office, of all legal notices received about bankruptcy proceedings.

C Notice of Bankruptcy

After receiving a producer's Notice of Bankruptcy, County Offices shall:

- flag all the debtor's loans as "bankruptcy" according to 14-PS
- forward to the State Office, with a summary memorandum, legible copies of completed applicable note and security agreements, financing statements, and any other documentation to support amounts owed to CCC.

D Additional Court Notices

County Offices shall continue to forward all future notices from the court to the State Office.

E State Office Action

State Offices shall:

- inform the regional attorney of the bankruptcy filing
- monitor bankruptcy cases with the regional attorney's assistance
- follow advice of the regional attorney with respect to acceptance of repayment and before taking title to loan collateral.

25 Calculations of LDP and Market Gains**A Basic Producer Information**

The following producer information is needed for each individual or entity requesting LDP or market loan gain:

- “person” determination
- “actively engaged in farming” status
- permitted entity share
- multiple-county status
- previously received benefits subject to limitation
- payment limitation balance
- market gain amount
- LDP amount.

B “Person” Determination

The “person” determination is made according to 1-PL, including the combined entity status. Determine combinations by printing the combined entity report according to 1-PL.

C “Actively Engaged in Farming” Status and “Percent of Cropland Factor”

Determine the “actively engaged in farming” status and applicable “percent of cropland factor” for each farming operation from which the cotton was produced according to 1-PL.

D Permitted Entity Share

Determine the permitted entity share according to 1-PL.

Note: 1-PL contains permitted entity reports.

E Benefits Previously Received

APSS controls payment limitation automatically. Four market gain reports are available, according to paragraph 38, that will assist in monitoring benefits received by producers who are subject to payment limitation.

25 Calculations of LDP and Market Gains (Continued)**F Market Loan Gain Amount**

The market loan gain applicable to the payment limitation is equal to the difference between the loan principal amount and the loan repayment amount, excluding any credits for accrued charges.

G LDP Gain Amount

The gross LDP, before deducting the research and promotion fee, is subject to payment limitation.

H Remaining Payment Limitation Balance

The remaining payment limitation balance shall be the difference between:

- the payment limitation assigned to the producer in the county where benefits are being received
- the sum of the following:
 - LDP amounts previously received in the applicable county
 - market loan gain amounts previously received in the applicable county
 - LDP and market loan gain amounts denied in the applicable county because of percent of cropland factor or permitted entity shares are less than 1.0000.

Note: If the producer is not a multiple-county producer, the payment limitation assigned is \$75,000. Multiple-county producers are assigned a payment limitation for each county by the control County Office.

26 Allowable CCA

A Determining the Allowable CCA

*--[7 CFR 1427.25(f)] CCA is an adjustment intended to make designated lower grades of cotton more competitively priced. CCA is either:

- added to the LDP rate for the cotton
- subtracted from AWP for the cotton, thereby reducing either the cash loan repayment rate or the price of commodity certificates to be exchanged for the loan collateral.

CCA used to adjust the AWP or LDP rate may be less than the level of the announced CCA. Use the following table to determine the allowable CCA.--*

IF the announced AWP is...	THEN...	
less than or equal to NALR	the allowable CCA is equal to the announced CCA.	
greater than NALR	subtract the announced CCA from the announced AWP.	
	IF the result is...	THEN the allowable CCA is...
	equal to or greater than NALR	“zero”.
	less than NALR	the announced CCA minus the difference between: <ul style="list-style-type: none"> • the announced AWP • NALR.

--27 CCA: Applicable Bales--**A Applicable Grades**

CCA is applicable for any bale of upland cotton with the following staple, color, grade, and leaf.

Staple	Color	Grade	Leaf
33 or shorter	All	All	All
34 or longer	White	Strict Middling or Better (11 and 21)	7
		Middling (31)	7
		Strict Low Middling (41)	7
		Low Middling (51)	6 and 7
		Strict Good Middling (61)	All
		--Good Middling (71) and Below Grade (81)--	All
	Light Spotted	Strict Middling or Better (12 and 22)	6 and 7
		Middling (32)	6 and 7
		Strict Low Middling (42)	5 through 7
		Low Middling (52)	All
		--Strict Good Middling (62) and Below Grade (82)--	All
	Spotted	Strict Middling or Better (13 and 23)	3 through 7
		Middling (33)	All
		Strict Low Middling (43)	All
		Low Middling (53)	All
		--Strict Good Middling (63) and Below Grade (83)--	All
	Tinged	Strict Low Middling or Better (24, 34, and 44)	All
		--Low Middling (54) and Below Grade (84)--	All
	Yellow Stained	Strict Middling (25)	All
		--Middling (35) and Below Grade (85)--	All

28 Corporations and Partnerships Dissolved and Loan Assumptions**A Corporations**

When an assumption is applicable, refer to 7-LP to complete CCC-664.

If a corporation is dissolved and an individual stockholder or group of stockholders wants to assume the loan or loans held by the corporation, the individual stockholder or group of stockholders may do so if **all** stockholders in the corporation agree to the assumption on CCC-664.

B Partnerships

If a partnership is dissolved and an individual partner or group of partners wants to assume the loan or loans held by the partnership, the individual partner or group of partners may do so if **all** partners in the partnership agree to the assumption on CCC-664.

C Additional Information

The loan or loans may only be assumed by the stockholders in the corporation or partnership.

Collateral mortgaged for a single loan shall not be split among the stockholders or partners.

If all stockholders or partners do not sign CCC-664, COC shall call the loan.

D Changing Names on Loan Agreement

Follow 14-PS, paragraph 715 to change the names of the producers on the loan agreement.

29 Cotton Clerks

A Persons Not Eligible

[7 CFR 1427.3] State Offices shall notify County Offices of persons or firms ineligible to become cotton clerks because they have been suspended or debarred from participating in CCC programs.

B Removing Cotton Clerks

If it is determined that a cotton clerk is not complying with program provisions or is not eligible to serve and the applicable COC does not take removal action, STC shall remove the cotton clerk according to 14-CN.

C Training and Supervision

State Offices shall follow 14-CN to establish criteria for County Offices to follow in approving and training cotton clerks.

30 Finality Rule

A Finality Rule Provisions

See 7-CP for finality rule provisions.

B Statutory Language

The Department of Agriculture Reorganization Act of 1994, Section 281 provides that:

“Each decision of a State, county, or area committee or an employee of such a committee..., made in good faith in the absence of misrepresentation, false statement, fraud, or willful misconduct shall be final not later than 90 calendar days after the date of filing of the application for benefits, [and] ...no action may be taken...to recover amounts found to have been disbursed as a result of the decision in error unless the participant had reason to believe that the decision was erroneous.”

31 Fire-Damaged Cotton Loan Collateral**A Background**

When a warehouse fire damages or destroys bales of cotton that are pledged as collateral for a CCC loan, KCCO shall:

- notify the applicable State Office of the loss
- provide a list of the:
 - loan numbers involved
 - warehouse receipt numbers for the damaged or destroyed bales.

State Offices shall immediately notify the appropriate County Office.

B Producer's Options After Fire

CCC shall allow the producer, whose cotton loan collateral has been damaged or destroyed by fire, up to 30 calendar days from notification of the loss to either:

- redeem the affected bales from loan
- forfeit the affected bales to CCC.

It may be advantageous to the producer to redeem the affected bales if their actual cash value on the date of the fire was more than the CCC redemption value.

By electing to forfeit the affected bales to CCC, the producer surrenders all rights to any salvage or insurance proceeds to CCC.

C Notifying Producers

County Offices shall notify producers of fire losses in a letter that:

- states the date and full extent of the loss
- provides loan numbers and warehouse receipt numbers involved
- details options for action available to the producer
- reminds the producer that, if CCC-605 has been issued to a buyer, the producer must notify the buyer of the loss and options available
- allows the producer 30 calendar days from the date of the letter to take action
- states: "If you take no action, the affected bales will automatically be forfeited to CCC on the 31st calendar day from the date of this letter".

31 Fire-Damaged Cotton Loan Collateral (Continued)

C Notifying Producers (Continued)

This is an example of a letter notifying a producer of fire-damaged or destroyed cotton loan collateral.

UNITED STATES DEPARTMENT OF AGRICULTURE Somercounty FSA Office Sometown, USA 71222-1234 TEL: 318-555-9442		[Date]	
John W. Okley 333 Highway 344 Sometown, USA 71222-1234			
Dear Mr. Okley:			
On September 16, 1996, we were notified that 4 bales on your 1996 cotton loan number 66, and 4 bales on your 1996 cotton loan number 277 were either damaged or destroyed by fire at the Tinker Compress Warehouse. Following is a list of the loan numbers and warehouse receipts of the damaged or destroyed bales:			
<u>Loan Number</u>	<u>Receipt Number</u>	<u>Loan Number</u>	<u>Receipt Number</u>
66	136311	277	183566
66	136313	277	183567
66	136314	277	183568
66	136315	277	183569
You may take either of the following actions:			
1. Redeem the affected bales. 2. Forfeit the affected bales to CCC.			
It may be advantageous to you to redeem the affected bales if their actual cash value on the date of the fire was more than the CCC redemption value.			
By electing to forfeit the affected bales to CCC, you surrender all rights to any salvage or insurance proceeds to CCC.			
If you have signed CCC-605 to a buyer allowing the buyer to act as your agent, you must make the buyer aware of the damaged or destroyed bales and options available.			
You have 30 calendar days from the date of this letter to either redeem these bales or forfeit them to CCC. If you take no action, the affected bales will automatically be forfeited to CCC on the 31 st calendar day from the date of this letter.			
Please contact this office if you have any question regarding this matter.			
Sincerely,			
County Executive Director			

32 Graduated Payment Reductions**A Background**

Producers who are determined ineligible for program benefits according to 6-CP, Part 7, because of noncompliance with HELC and WC provisions, may request GPR.

B When GPR Is Not Applicable

If noncompliance is determined and the producer does **not** request GPR or GPR is not approved:

- the producer is ineligible for loans or LDP's for the crop year for which the noncompliance determination is applicable
- after the loan or LDP is made, the producer shall be required to repay, as applicable, the:
 - loan principal and charges plus interest
 - market gain plus interest, waived interest, and credits for accrued warehouse charges
- LDP plus interest.

C Applying GPR Before Loan or LDP Is Made

For applicable crop year loans and LDP's when noncompliance is determined and GPR is approved, County Office shall, before the loan is disbursed or LDP is made, do either of the following:

- collect GPR
- offset the GPR amount from the loan disbursement or LDP.

32 Graduated Payment Reductions (Continued)

D Applying GPR After Loan or LDP Is Made

For applicable crop year loans and LDP's, when noncompliance is determined and GPR is approved, County Offices shall notify the producer of the GPR amount according to subparagraph 42 A.

If GPR is not paid within 15 calendar days of the notification letter, County Offices shall take the applicable action in this table.

WHEN there are...	THEN County Offices shall....
outstanding loans	call the loan. Note: Follow paragraph 35 for loans that are ineligible for forfeiture.
loans that have been repaid at a market loan repayment rate	*--follow subparagraph 42 C.--*
loans that have been repaid at principal and charges, plus interest	take no action.
loans that have been forfeited or delivered	take no action.
LDP's	*--follow subparagraph 42 C.--*

E Depositing GPR Amounts

Deposit amounts applicable to GPR according to 3-FI.

33 Interest Rates**A Rates**

For:

- regular loan interest rates, see 50-FI
- debts, charge interest according to 58-FI.

B Computation for Loans Less Than \$500,000

Producers who redeem loans that have original principal amounts of less than \$500,000 shall be assessed interest beginning on the loan disbursement date to, but not including, the date of repayment.

C Computation for Loans of \$500,000 or More

Producers who redeem loans that have original principal amount of \$500,000 or more for which the repayment is by:

- check or cash, shall be assessed interest beginning on the loan disbursement date through the day after the date of repayment
- wire transfer, shall be assessed interest beginning on the loan disbursement date up to the second day before the date of repayment.

Note: Follow 3-FI for depositing and recording wire transfers.

D Repayment Date

The repayment date shall be the date repayment is received in the County Office.

E If Different Rates Apply

If different rates apply, compute interest from the applicable beginning date to, but not including, the effective date interest changed, and from the date of interest changed to the applicable ending date.

F Overdisbursed or Underdisbursed Loans

If loan was overdisbursed or underdisbursed, and not corrected, adjust the note amount by the amount of the overdisbursement or underdisbursement for interest and repayment computations.

34 IRS Reporting Requirements**A IRS Reporting**

Market gains, LDP's, and forfeitures shall be reported to IRS for Federal income tax purposes. Market gains from commodity certificate exchanges are not reported by FSA but may be considered by IRS to be taxable income. For additional information on IRS reporting requirements, see 62-FI.

35 Loans Ineligible for Forfeiture**A Applicability**

If COC determines that ineligible ginned cotton was placed under loan or the producer is ineligible for loan, the cotton cannot be forfeited to CCC in settlement of the loan.

Note: See paragraph 257 for handling abandonment or foreclosure actions on seed cotton loans.

B Immediate Call

If COC determines that the cotton or producer is ineligible for loan, immediately call the loan. Use the letter in subparagraph E to notify the producer of the loan call.

Note: When COC determines that the cotton or producer is ineligible for loan, do not allow the loan to be exchanged for commodity certificates or redeemed at a rate less than principal and charges, plus interest, unless the producer appeals the determination according to paragraph 23.

C Failure to Repay Within 30 Calendar Days

If the producer fails to repay the loan within 30 calendar days, notify the producer of the amount due and that foreclosure proceeding will begin. Use the demand letter in subparagraph F to demand payment.

Note: See paragraph 23 if the producer appeals the loan call.

D Foreclosure Action

When a loan is not repaid and a claim is established, COC shall:

- sell the cotton according to paragraph 36
- apply the sales proceeds to the claim.

35 Loans Ineligible for Forfeiture (Continued)

E Notification of Call

If COC determines a loan shall be called because the cotton or producer is determined ineligible, the County Office shall send the following letter to the producer.

(Letterhead)	(Date)
Dear _____:	
<u>(Explain the situation that resulted in an acceleration of the loan maturity date, including why the producer or cotton was determined ineligible for loan.)</u>	
The principal, charges, and interest to repay the loan are shown below. Your loan will be called if we do not hear from you, or you do not pay the amount due within 30 calendar days from the date of this letter. Your revised maturity date is <u>(enter 30 calendar days from the date of this letter)</u> .	
Note: Because the cotton is ineligible for loan, the cotton cannot be forfeited to CCC in settlement of your loan nor can the loan be repaid at a rate less principal plus interest, plus any applicable charges paid by CCC. In addition, the cotton cannot be redeemed with a CCC Commodity Certificate.	
<u>Enter the following:</u>	
<ul style="list-style-type: none"> • <u>loan quantity outstanding</u> • <u>principal due</u> • <u>interest due</u> • <u>daily interest rate</u> • <u>interest rate</u> • <u>other charges paid by CCC.</u> 	
Interest will continue to accrue at the daily interest rate shown from the date of this letter until the loan is repaid or transferred to claims. The amounts stated above will be recorded for offset and offset may be taken from any CCC or FSA payment due you.	
File a written request including evidence to support your position with the County FSA Committee within 30 calendar days after the date of this letter if you want to contest this determination.	
During these 30 calendar days, you may also inspect and copy records located at the above address that relate to this determination.	
Sincerely,	
County Executive Director, _____ County FSA Office	

35 Loans Ineligible for Forfeiture (Continued)

F Demand Letter for Loan Call

If producer does not repay the loan within the 15-calendar-day notification period, the County Office shall send the following demand letter to the producer.

Dear _____:

You were notified on (enter date of notification of loan maturity) that your commodity loan (number) was due and payable on or before the accelerated maturity date. You were given the opportunity to appeal the administrative actions applicable if the loan was not repaid by the accelerated maturity date. The loan has matured and the debt has not been repaid.

If the principal and charges, plus interest, are not repaid on or before the 30th calendar day from the date of this letter, on the 31st calendar day:

- foreclosure proceeding will begin
- the amount due will be recorded for offset from any FSA or CCC payment due you
- a claim will be established.

After the claim is established:

- the claim may be reported to other Federal Agencies for offset from any amounts that may be due you
- late payment interest at the annual rate of __ percent will be applied to your debt on a daily basis from the date the claim is established until the debt is paid in full.

An additional 3 percent interest shall be assessed on the unpaid balance of the debt retroactively from the date the claim is established if payment in full is not made within 60 calendar days after the date the claim is established.

Sincerely,

County Executive Director,
_____ County FSA Office

36 Local Sales**A Eligible Sales**

Cotton eligible for local sale, according to this paragraph, includes cotton determined ineligible for forfeiture and a claim is established according to paragraph 35.

B Sales Authority

The State Office shall:

- authorize all local sales before the County Office announces the sale
- maintain a register of assigned authorization numbers.

Note: The County Office shall enter these numbers on:

- the announcement according to subparagraph F
- CCC-639 according to subparagraph H
- CCC-638 according to subparagraph I.

C Sales to Employees

Employees may purchase cotton offered for local sale only when the sale of the cotton is based on competitive bids. No purchase may be made, either directly or indirectly, by:

- the employee who was formerly accountable for the cotton or who was in any way connected with its sale
- State Office employees without prior approval of SED
- County Office employees without prior approval of a State Office representative.

D Announcement of Sale

No formal announcement of sale is required, but County Offices shall provide an informal announcement to as many of the known buyers in the area as possible. Post a copy of the announcement in a prominent place in the County Office.

Notes: Paid advertisements to publicize sale may be used if authorized by SED.

See subparagraph F for the format of an informal announcement containing the minimum requirements.

36 Local Sales (Continued)

E Duration of Announcement

Allow at least 15 calendar days but no more than 30 calendar days after the date of the announcement before opening bids unless the State Office specifically waives this requirement.

F Announcement Format

The following is the suggested format for informal announcements. If any other format is used, the format must include the information shown in this announcement.

37 Lobbying Disclosure Requirements, Compliance, and Reporting**A Applicability**

The disclosure requirement applies to:

- cotton loans with a principal value exceeding \$150,000, whether this loan collateral is redeemed with cash or exchanged for a commodity certificate
- LDP applications exceeding \$100,000.

B To Comply With Disclosure Requirements

To comply with lobbying disclosure requirements, applicants for and recipients of a loan disbursement exceeding \$150,000 or LDP exceeding \$100,000 must file, with the County Office, either of the following forms for **each** loan or payment that exceeds \$150,000 or \$100,000, respectively:

- CCC-674, if they have **not** or will **not** use monies received to lobby or otherwise influence the actions of a Federal official about a particular loan or payment
- SF-LLL, if they have or will use monies received to lobby or otherwise influence the actions of a Federal official about a particular loan or payment.

C Providing Forms

Each time a loan exceeding \$150,000 or LDP exceeding \$100,000 is requested, County Offices shall give the applicant a copy of either of the following:

- CCC-674
- SF-LLL.

County Offices shall inform the applicant that the applicable form must be returned to County Offices before the loan or payment will be disbursed.

D Disbursing the Loan or Payment

County Offices shall not disburse a loan exceeding \$150,000 or LDP exceeding \$100,000 until the applicant has returned the completed CCC-674 or SF-LLL.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

38 Market Gain Reports

A General Information

Four market gain reports are available to account for market gain transactions. The following reports can be accessed by selecting option 14 from the APSS Administrative Report Menu PAA045:

- Denied Market Gain Report, see subparagraph B
- Total Market Gain Report, see subparagraph C
- Market Gain Report by Loan or LDP, see subparagraph D
- Market Gain Report by Producer, see subparagraph E.

B Denied Market Gain Report

The Denied Market Gain Report prints the total market gain for each producer ID with denied market gain for the selected crop year.

C Total Market Gain Report

The Total Market Gain Report prints the total market gain for each producer ID with market gain for the selected crop year.

D Market Gain Report by Loan or LDP

The Market Gain Report by Loan or LDP prints each market gain transaction for each producer on the selected loan or LDP.

Note: The user will be required to enter the crop year and loan or LDP number.

E Market Gain Report by Producer

The Market Gain Report by Producer prints each market gain transaction for the selected producer for the selected crop year.

Note: The user will be required to enter the crop year and either the producer's last name or ID number.

39 Misinformation and Misaction

A Applicability

Follow 7-CP if an otherwise eligible producer is deprived of benefits, because administration of the program results in:

- errors
- omissions
- misinformation
- misaction.

Note: Overdisbursement and undercollection of loan or LDP proceeds is not misaction.

40 Nonresident Producer

A Request

If a loan is requested by a nonresident producer, County Offices shall:

- complete applicable forms and mail them to the producer
- instruct the producer to:
 - sign the applicable forms
 - have the signature witnessed
 - obtain proper lien waivers, if applicable
 - return the forms with the required documents to the County Office.

B Genuine Signatures

CED or designee must be satisfied that the producer's signature is genuine before disbursing the loan.

41 Offsets

A Basic Provisions

Offsets are applicable for amounts owed CCC, FSA, or other creditors. The offset amount may be shown on CCC-679 or established as the result of a claim against the producer.

Make administrative offsets from loan or LDP amounts due producers, if appropriate, according to 58-FI:

- after the notification letter has been mailed to the producer, including the notification when a loan is transferred to claims with collateral remaining on the farm
- by issuing CCC-184's according to 1-FI.

When applicable, deposit CCC-184 according to 3-FI.

B Joint Disbursement of Loan Proceeds

The balance of the loan proceeds may be disbursed jointly to the producer and lienholder **after** applicable administrative offsets to CCC, FSA, or other creditor agencies, as applicable, according to 58-FI, have been made when the lienholder requests joint disbursement on CCC-679 for:

- recorded lien
- unrecorded lien, if **actual** notice of lien is given to the County Office.

For other creditor agency claims received in the County Office:

- **before** the filing date of any recorded lien or notification of an unrecorded lien, the lienholder must agree to the creditor agency debt offset **before** disbursement of loan proceeds jointly to the producer and lienholder by checking CCC-679, block (3)
- **after** the filing date of any recorded lien or notification of an unrecorded lien, the creditor agency debt shall be offset **only** if the lienholder agrees to disburse the loan proceeds solely to the producer by checking CCC-679, block (1).

41 Offsets (Continued)**C Authorizing Offsets**

Offsets may be made for amounts contained on a separate statement of unpaid charges, or
*--for a separate bill for unpaid charges, if the charges:

- are associated with the handling of the commodity represented by the warehouse receipt
- have been approved by DAFP
- are not warehouse receiving or warehouse storage charges.--*

Note: See paragraph 165 for charges attached to warehouse receipts that are commonly approved for offset.

These charges are **not** considered a lien, but **must** be included on CCC-679, block (3), if an offset will be made for the charges. See subparagraph 163 D for completing CCC-679.

If an offset applies, do **not** disburse the loan unless the lienholder agrees to the offset on CCC-679 by checking block (1) or (3). If any lienholder checks block (2), the loan shall not be approved.

D Prior Liens

Deductions are made for applicable fees or charges and amounts due prior lienholders **before** offsets are made.

Do not make offsets on loans subject to prior liens unless agreed to by prior lienholders in writing.

E Right to Appeal

The offset does not deprive the producer of the right to appeal the justness of the debt.

F Bankruptcy Cases

Consult with the regional attorney, through the State Office, before making offsets when a producer is involved in bankruptcy proceedings.

42 Overdisbursements, Overpayments, and Receivables**A Notification**

Producers shall be notified of amounts due of \$10 or more immediately after the amount due is determined. Use the notification letter in subparagraph D.

B Duplicate Payments

--As a rule, if a duplicate benefit is paid, such as a second loan or LDP for cotton already-- under loan, then the first disbursed benefit is considered the correctly disbursed benefit and the second is considered the duplicate for correction purposes.

C Repayment Not Received

If repayment is not received within:

- 30 calendar days after the date of the notification letter, and the producer has not responded to the notification letter, send the producer the demand letter in subparagraph E on the next workday

Note: If an appeal was made within 30 calendar days after the date of the notification letter, send the demand letter when COC determines on appeal that a debt is due.

- 30 calendar days after the date of the demand letter:
 - establish a claim for the entire amount of the debt
 - follow 58-FI to establish the claim, except use the 31st calendar day after the date of the demand letter as the interest start date.

42 Overdisbursements, Overpayments, and Receivables (Continued)

D Notification Letter

This is an example of the notification letter.

(Letterhead)	(Date)
<p>Dear _____:</p> <p><u>(Explain the situation for which the payment is due.)</u></p> <p>_____</p> <p>_____</p> <p>_____</p>	
<p>Because of the reason stated above, you owe CCC \$____. Interest will accrue on this debt at the rate of ____ percent.</p> <p><u>(Include the following paragraph only if the following apply:</u></p> <ul style="list-style-type: none"> • <u>loan quantity remains outstanding</u> • <u>COC determines no loan or LDP violation has occurred</u> • <u>the amount due resulted from a shortage on a loan.)</u> <p>Your loan will be called if we do not hear from you, or you do not pay the amount due, within 30 calendar days from the date of this letter. If your loan is called, your revised maturity date will be accelerated to <u>(enter 30 calendar days from the date of this letter)</u>.</p> <p>Interest will continue to accrue until the amount due is repaid. The amount due will be recorded for offset and offset will be taken from any CCC or FSA payment due you.</p> <p>File a written request including evidence to support your position with the County FSA Committee within 30 calendar days after the date of this letter:</p> <ul style="list-style-type: none"> • if you want to contest this determination including the amount to be repaid • to obtain reconsideration and an informal hearing. <p>During these 30 calendar days, you may also inspect and copy records located at the above address that relate to this determination.</p> <p>Sincerely,</p> <p>County Executive Director, _____ County FSA Office</p>	

42 Overdisbursements, Overpayments, and Receivables (Continued)

E Demand Letter

This is an example of the demand letter.

Dear _____:

You were notified on (enter date of notification of amount due) that \$_____ was due because (explain the reason the amount is due). (Describe the situation or the producer's failure to take the required action which resulted in this demand for payment.) The amount of the overpayment is now due and has been recorded for offset from any CCC or FSA payments due you.

A claim will be established if payment in full is not made within 30 calendar days from the date of this letter and you have not requested a repayment agreement.

After the claim is established:

- the claim may be reported to other Federal agencies for offset from any amounts that may be due you
- late payment interest at the annual rate of ___ percent will be applied to your debt on a daily basis from the date the claim is established until your debt is paid in full.

An additional 3 percent interest shall be assessed on the unpaid balance of the debt retroactively from the date the claim is established if payment in full or arrangements to pay this debt in full are not made within 60 calendar days after the date the claim is established.

Sincerely,

County Executive Director,
_____ County FSA Office

43 Payment Limitation

A Applicability

[7 CFR 1400] A payment limitation is applicable to cotton LDP's and market loan gains when cotton is redeemed with cash at a rate less than the loan rate. Payment limitation does not apply for loans repaid by commodity certificate exchange.

Note: Cotton denied LDP because of payment limitation is eligible for loan through the final loan availability date as long as all other eligibility requirements, including beneficial interest, are met. Such loan cannot be repaid with cash at a reduced rate but can be exchanged for a commodity certificate or delivered to CCC in satisfaction of the loan obligation.

B Limitation

The total of program benefits for any 1 eligible "person" from all market loan gain realized from repaying a loan at a level lower than the original loan level, and from LDP's shall not exceed any of the following:

- \$75,000 for the 1996, 1997, and 1998 crops
- \$150,000 for the 1999 and 2000 crops
- \$150,000 for the 2001 crop
- *--\$75,000 for the 2002 and subsequent crops of grains, rice, and cotton, which is in addition to the \$75,000 limitation applicable to peanuts, honey, wool, and mohair.

C CCC-502 Requirements

Producers requesting cotton LDP's or redemption of cotton loans with cash at a rate less than the loan rate must have a current CCC-502 on file or file CCC-502 or CCC-502U within 30 calendar days after such request. CCC-502 is **not** required if a loan is repaid at the loan rate.

Although cotton program benefits may be requested before the filing of required forms, **LDP's shall not be disbursed, and cash redemptions of loans at a reduced rate shall not be processed** until the "person" and "actively engaged in farming" determination have been completed based on the required CCC-502 and all documentation required by 1-PL.

If applicable, COC shall notify producers in writing that their share of LDP's or market loan gain will be denied unless all required forms are filed.--*

44 Monitoring Payment Limitation**A Control County Office**

Control payment limitations for multiple-county producers according to 1-PL. Do not establish a control County Office that is different from the control County Office established for other program purposes for cotton LDP's and market gains.

B Market Gain Reports

Monitor payment limitation by using the market gain reports in paragraph 38.

C When Payment Limitation Is Reached

When the payment limitation is reached, notify cotton producers that LDP's can no longer be made, and loans repaid with cash must be at a level that is the lesser of the following:

- loan level and charges, plus interest on the bales
- higher of the following:
 - loan level determined for the bales, plus, if applicable, any interest accrued during the extended period
 - AWP, as determined by CCC, in effect on the day the repayment is received by the County Office, plus, if applicable, any interest accrued during the extended period.

Notes: After payment limitation has been reached, storage charges and interest on loans will continue to be forgiven. Thus, accrued warehouse charges that are normally credited to the repayment when AWP is less than principal and charges, plus interest, are not subject to the payment limitation and shall be credited in the normal manner.

Commodity certificate exchanges are not subject to the payment limitation.

45 Power of Attorney**A FSA-211 * * ***

Producers may designate an agent on FSA-211 * * * according to 1-CM to act on their behalf in obtaining and repaying loans and obtaining LDP's.

Important: Producers shall **not** use FSA-211 to designate an agent to serve as "Holder" of EWR.

B Nonrecognized Power of Attorney

Any delegation of authority given in violation of this paragraph is without force and effect, and CCC shall not recognize it.

***--C Executing CCC-605 to Redeem Cotton Pledged as Collateral**

An individual may execute CCC-605 on behalf of another **only** when FSA-211 signed by the grantor provides **all** of the following:

- under the FSA and CCC Programs section of FSA-211, the grantor selects 1 of the following:
 - item 1, All current programs
 - item 2, All current and all future programs
 - item 8, Marketing Assistance Loans and Loan Deficiency Payments
- under the Transactions for FSA and CCC Programs section of FSA-211, grantor selects item 7, Other
- under item 7, specifies "executing CCC-605".

Important: If FSA-211 does not meet all of the requirements, the appointed attorney in fact shall not be authorized to execute CCC-605 on behalf of the grantor.

Producers must be fully aware that designating an agent to execute CCC-605's grants that agent the authority to further delegate authority to another agent.

An agent designated on FSA-211 cannot execute a new FSA-211 to further delegate authority to another agent.--*

46 Prompt Payment Act**A When Late Payment Interest Is Applicable**

Late payment interest is due the producer if:

- applicable documentation is provided
- the applicable payment is **not** made by the due date in subparagraph B
- all eligibility requirements are met.

B Due Dates

Use the following table to determine the payment due date for loans and LDP's.

WHEN there are...	THEN the payment due date is...
loan agreements	30 calendar days after receiving, in the appropriate office, an application with all required documentation and signatures.
LDP's	30 calendar days after the later of the following: <ul style="list-style-type: none"> • date the request is filed • the date the required documentation is submitted to the County Office.
manual loan repayments that result in an overcollection	the first workday after the overcollection is determined to have been made.
payments that are subject of an ongoing judicial action	30 calendar days after the judicial action is completed.

C Additional Information

For additional instructions for administering the provisions of the Prompt Payment Act, see 61-FI.

47 Lost or Missing Warehouse Receipts**A Requesting Replacement Warehouse Receipts**

If warehouse receipts held by County Offices are lost, stolen, destroyed, or discovered missing, immediately request the warehouse that issued the receipts to provide replacement receipts using:

- CCC-39 completed according to subparagraph B
- a transmittal letter instructing the warehouse to:
 - return the copy of CCC-39 with the replacement receipts
 - mark each replacement receipt with the statement, “Duplicate in lieu of lost, misplaced, or destroyed receipt No. (original receipt number) dated (original issue date).”
 - notify the County Office if the original receipt is presented for delivery of the cotton.

Note: Any expense incurred to replace warehouse receipts shall be at CCC’s expense.

B Completing and Distributing CCC-39

Complete CCC-39 according to this table.

Item	Instructions
1	Number consecutively annually.
2-6	Self-explanatory.
7	Enter net weight.
8	Enter either “Upland” or “ELS”.
9	Leave blank.
10	Self-explanatory.

47 Lost or Missing Warehouse Receipts (Continued)**C Verifying Replacement Receipts**

When replacement receipts are received from the warehouse, verify that the information on the replacement receipt is the same as on CCC Cotton A-1. If the replacement receipt is acceptable:

- notate on the County Office and counter copy of CCC Cotton A-1, in ink, the replacement receipt number next to the original receipt number
- notify the producer by letter of the replacement receipt number
- place the replacement receipt in the custody file.

D If Original Receipts Are Recovered

If the original warehouse receipts are recovered after a replacement has been received, take the following action:

- enter the following statement in ink on each original receipt, “This receipt is to be canceled by (name of warehouse) in lieu of duplicate receipt No. (replacement receipt number) which has been issued.”

Note: CED or designee shall sign the statement.

- return the original receipt to the warehouse with the request that it be canceled immediately
- notate on the County Office copy of CCC-39 that the original receipt was recovered and returned to the warehouse for cancellation.

48 Warehouse Status Notification**A Notifying State Offices**

[7 CFR 1427.10] SCB shall notify State Offices of the following using KC-232:

- newly approved warehouses
- removed warehouses
- terminated warehouses
- reinstated warehouses.

B Removed Warehouses

When notifying State Offices that a warehouse has been removed, SCB shall provide:

- reason for the removal
- if a public announcement should be made.

If a public announcement is required, State Offices shall notify the appropriate County Offices to issue a public press release announcing the removal by sending a copy of KC-232 to the County Office.

Note: See subparagraph D for a suggested press release.

County Offices shall:

- send a copy of the published release to the State Office and SCB
- if the newspaper refuses to publish the press release, notify the State Office and SCB
- refer inquiries on the reasons for the removal, other than those listed on KC-232, to either of the following:
 - SCB
 - the manager of the warehouse.

Note: See subparagraph F for KCCO mailing address.

48 Warehouse Status Notification (Continued)

C Terminated Warehouses

Before a Cotton Storage Agreement is terminated for a warehouse for failure to comply with its terms and conditions or at the request of the warehouseman:

- SCB shall provide affected State Offices with instructions for identifying all outstanding loans in the warehouse to be terminated
- State Offices shall immediately identify and notify County Offices with outstanding loans in the warehouse to be terminated
- County Offices shall identify loans in the subject warehouse and do the following:
 - offer producers the option of redeeming their loans or agreeing to a reconcentration of loan cotton
 - after redemptions and/or reconcentrations are completed, issue a press release, similar to subparagraph D, announcing the termination of the Cotton Storage Agreement.

Note: For producers who have filed for bankruptcy, County Offices shall send a letter explaining the situation to the regional attorney and follow the regional attorney's advice.

D Removal or Termination Press Release

The following is a suggested press release for a warehouse removal or termination announcement.

Any cotton put into storage in the (name of warehouse) will not be eligible for CCC loans during the period this warehouse is (removed or terminated) from the list of warehouses approved by the Commodity Credit Corporation, the (State or County) Farm Service Agency Office, said today.

(Removal/Termination) action was taken by the Farm Service Agency Commodity Office at Kansas City, Missouri. Such action was taken because (enter reason stated on KC-232).

For additional information, contact the (enter name of County Office).

48 Warehouse Status Notification (Continued)**E When Warehouse Is Reinstated**

If the warehouse is reinstated, SCB shall notify the State Office.

The State Office shall notify the County Office to issue a press release announcing the reinstatement of the warehouse if a press release was issued announcing the removal. The following is a suggested press release for a reinstated warehouse announcement.

Cotton stored in the (Name of Warehouse) at (City) is again eligible for CCC loans since the warehouse has been restored to the list of warehouses approved by the Commodity Credit Corporation, the (State or County) Farm Service Agency Office stated today.

Suspension of the warehouse, dated _____, has been lifted by the Farm Service Agency Commodity Office at Kansas City, Missouri. The warehouse is now fully complying with the provisions of the Cotton Storage Agreement controlling the storage of Government-interest cotton.

49 Responsibility for Warehouse Storage and Receiving Charges**A Payment of Charges**

Warehouse storage charges that accrue during the period of the loan (from the **date all documents required from the producer for the loan** are provided to the County Office **through** the date of redemption or forfeiture) will be:

- credited against the loan repayment amount (i.e., will reduce the loan repayment amount) when a loan is repaid
- paid by CCC to the storing warehouse if the loan collateral is forfeited.

The producer is responsible for paying any warehouse:

- **storage charges** that accrued **before** the date all documents required from the producer for the loan were provided to the County Office
- unpaid **receiving charges**.

B Redemptions During the Initial 10-Month Period

If applicable, the tariff rate shall be used to calculate accrued warehouse charges on upland cotton loans when loan collateral is redeemed before the original maturity date.

Note: CCC shall use the tariff rates in effect at the beginning of the contract year, or a lower rate offered during the contract year, for bales of cotton in storage during the contract year.

C Cotton Warehouse Storage Rates

Storage rates charged by approved cotton warehouses are available at the following intranet site: **<http://intranet.fsa.usda.gov/daco/wid.htm>**.

Tariff rates are commercial rates charged to the general public. Contract storage agreement rates are those paid by CCC under negotiated agreements.

--50 Notifications During NITC Failure*A Backup Notifications**

Only at times when NITC and associated CCC electronic systems are not operational, CMA's, LSA's, and merchants who are authenticated to use CCR may use CCC-734 to establish a record with CCC of a requested transaction.

Upon NITC becoming operational, CCC uses CCC-734 as the basis for establishing the effective rates for the requested loan redemptions, certificate exchanges, or LDP's.

CCC-734 is accepted by CCC only when NITC is not operational. This notification cannot be submitted when electronic transactions fail for reasons other than NITC system failures such as the failure of a merchant's own transmission hardware/software.

B Instructions

Complete CCC-734 according to the following instructions.

Section 4 State Office Administrative Activities

57 Program Violations

A**Purpose**

Whenever program violations are suspected or brought to the attention of State Offices, the State Offices shall follow this paragraph.

B**Additional
Information
Required**

State Offices shall request services of OIG according to 9-AO if information is not available to State Offices to make a correct determination.

C**Fraud Is Not
Evident**

If a determination is made that ineligible cotton has been pledged for loan but fraud is not evident, instruct County Offices to do either of the following:

- for HELC or WC violations, follow paragraph 32
 - for all other loan and LDP violations, follow Part 7.
-

D**Fraud Is Evident**

If a determination is made that fraud is evident, or if claims for valid unwaived prior liens are received, immediately refer the case to the OGC representative. State Offices shall take action according to OGC instructions.

E**Reporting to
KCCO**

State Offices shall report in writing to KCCO, BCD, cases of alleged or suspected program violations by approved warehouses and others whose program activity is supervised by KCCO. Mail reports to:

KCCO BCD SCB

Note: State Offices shall send a copy of the report to PSD.

F**Reporting to
PSD**

State Offices shall report in writing to PSD cases of alleged or suspected program violations by CMA's and LSA's.

58 Supervision

A**DD Review**

*--SED's shall annually require DD's to verify that cotton and producers are eligible and that loans or LDP's are properly being made, serviced, and redeemed in each county.

For each of the following activities, the minimum number of loans or LDP's to be annually reviewed is 2.5 percent, but no more than 10 reviews per county with DD's having discretion to expand the number of reviews if problems are observed:

- upland cotton loans
- ELS cotton loans
- seed cotton loans
- upland cotton LDP's.

Note: DD's shall ensure that the selection of loans include loans that have been extended, redeemed, and forfeited. LDP's shall include a representative quantity of LDP's for which an AWP lock-in was requested.--*

B**Overseeing
County Offices**

State Offices shall require County Offices to:

- provide fast and efficient loan service
 - closely supervise cotton clerks and program operations outside of County Offices
 - complete effective and timely spot checks
 - keep required records
 - care for warehouse receipts, class cards, or other documentation.
-

59 Approving County Offices to Make Seed Loans Without Measurement

A

Determination

State Offices shall determine whether County Offices have sufficient knowledge and experience with seed cotton to make loans without inspecting and measuring seed cotton before making a seed cotton loan.

B

Notification

State Offices shall notify approved County Offices:

- to follow paragraph 236 for inspecting seed cotton
 - of the percentage of loans that must be inspected.

Section 5 Automated Price Support System**64 Automated Procedures**

A**Automation Used
in This
Handbook**

Follow the instructions in this handbook when using APSS to accomplish the following types of loan activity:

- updating county gin tables
 - preparing loan documents
 - disbursements
 - loan repayments
 - reconcentration
 - paying accrued warehouse operator charges
 - settlements and forfeitures
 - LDP's
 - corrections
 - recording loan and LDP violations.
-

B**Where Are
Automation Tips
Located**

Throughout this handbook, automation guidelines and instructions immediately follow policy and procedures that require an automated process.

C**Common
Procedures**

Some common procedures are essential to more than 1 specific automated process. Common procedures:

- applicable to all price support processes are in 14-PS
 - for county-maintained files and producer and loan identification are in this part.
-

65 County Office-Maintained Table Files

A

Introduction

County Offices shall maintain and update the table files in subparagraph B before beginning the Cotton Loan Program.

Note: Before a cotton loan or LDP can be processed through APSS, the system requires that shipping rates for the warehouse where the cotton is stored be entered on the Offer Shipping Rate Table. Approved warehouses and warehouse storage and tariff rates are available at <http://intranet.fsa.usda.gov/daco/wid.htm>.

B

APSS Procedure

County Offices shall maintain table files according to this table.

Reference	Table File	Frequency
12-PS, Part 14, Section 3	Monthly Interest Rate	Monthly
	Commodity Loan Rate	Yearly
	*--“Offer Shipping” Rates (receiving and storage)	Yearly or when changed
Paragraph 81	Cotton Gin Code	Yearly or when new gin added

Note: When adding rates for a new warehouse for the first time in APSS, County Offices must enter the rates for 2 years, to include the:

- current year
 - prior year.--*

Section 6 Ginner Approval Requirements, Agreements, and Codes**70 Overview****A Introduction**

[7 CFR 1427.5(b)(11)] For cotton to be placed under CCC loan, ginner must agree to certain conditions. This section provides instructions for notifying ginner of how to become a participating ginner and their responsibilities.

B Ginned Cotton

For ginned cotton, ginner must certify and agree to:

- *--use bagging and ties that meet JCIBPC specifications and tare weights--*
- CCC providing producers the ginner name as a cooperating ginner
- either of the following:
 - enter the official tare weight of each bale on each bale tag
 - notify warehouse operators of official tare weight of bales ginned at their gins.

C Seed Cotton

For seed cotton, ginner must agree:

- to provide adequate protection against weather and other damage
- if acting as an agent for the producer, to not make any purchases for their own account or as an agent for others
- to provide insurance coverage as required by regulations
- on request, to gin all seed cotton pledged as collateral for a price support loan
- to allow CCC or an agent to inspect storage facilities
- that they will not employ any person undergoing a sentence of imprisonment at hard labor

70 Overview (Continued)

C Seed Cotton (Continued)

- that no member or delegate to Congress or the Resident Commissioner will share in the agreement
- not to deny available space to any producer wanting to obtain a price support loan
- that no person or selling agency has been employed to solicit or secure the agreement for securing business
- CCC informing producers that the ginner is approved for the storage and ginning of seed cotton.

71 Cooperating Ginner Requirements Using CCC-809 * * *

A Type of Cotton

For ginned cotton to be eligible for CCC loan, the cotton must be adequately packaged to protect the cotton.

Ginners who file CCC-809 agreeing to adequately package ginned cotton will be considered cooperating ginners, and bales ginned by them will be considered eligible for CCC loan.

B Notifying Potential Cooperating Ginners

[7 CFR 1427.5(b)(11)] County Offices shall encourage ginners to complete and return CCC-809 before the start of the ginning season. County Offices shall send each ginner operating in the county the following:

- *--Notice to Cotton Ginners
- 2 copies of CCC-809.

Starting with the 2001-crop ginning season, CCC-809 is a multiyear agreement effective until terminated in writing by either CCC or the ginner. Therefore, copies of CCC-809 and the Notice to Cotton Ginners need to be sent only once to:--*

- existing ginners before the 2001 ginning season
- new ginners when it is known that they will be an operational gin.

71 Cooperating Ginner Requirements Using CCC-809 * * * (Continued)

C Example of Notice to Ginners

The following Notice to Ginners must be reproduced locally and signed by CED.

*--

U.S. Department of Agriculture
Commodity Credit Corporation
_____ County

Dear Cotton Ginner:

For cotton to be eligible for a Commodity Credit Corporation (CCC) loan or to receive a loan deficiency payment, it must be wrapped in packaging materials meeting the specifications annually developed by the Joint Cotton Industry Bale Packaging Committee (JCIBPC).

To encourage use of these packaging standards, CCC provides for ginners to sign an agreement with CCC wherein ginners agree to purchase and use only approved packaging materials, to provide the bale tare weight on gin tag lists or otherwise furnish such weight to warehousemen, and to be familiar with the current packaging standards.

Ginners that agree to use these approved materials and sign the Cooperating Ginner's Bagging and Bale Ties Certification and Agreement (CCC-809) are identified to producers by CCC as cooperating ginners. If you agree to use the JCIBPC standards, and would like to be so designated to producers, please sign and return one copy of the enclosed CCC-809. A copy of the Agreement signed and dated by the FSA County Executive Director will be returned to you.

Note that this new agreement will remain in full effect from the date signed by CCC until terminated in writing by the ginner or CCC. It will not need to be renewed annually.

Signatories of the CCC-809 are responsible to obtain and be familiar with the current JCIBPC standards. FSA will not provide the standards to ginners unless requested because the specifications applicable to the current ginning season are available on the internet at: <http://www.cotton.org/pubs/index.cfm>

Copies of the specifications are also available at: JCIBPC, National Cotton Council of America, P.O. Box 12285, Memphis, TN 38112. Copies may also be inspected at your local office of the Farm Service Agency and at the South Agriculture Building, room 4089A, 1400 Independence Avenue SW, Washington, D.C.

This agreement does not prohibit cooperating ginners from using experimental or non-specification materials. However, cooperating ginners must notify the County Office of the bales wrapped in such materials by bale number and producer name.

Ginners that do not sign this agreement are identified to producers as non-cooperating ginners. Cotton ginned by non-cooperating ginners is considered ineligible as CCC loan collateral unless individual bales are packaged in approved materials and then certified in writing, by bale number, as meeting the approved specifications. Approved ginners do not need to provide this individual certification for bales.

Producers are directly informed that for cotton to be eligible as loan collateral or for loan deficiency payments it must:

- be ginned by a ginner who has agreed to use approved materials
- be wrapped in approved materials
- indicate an approved tare weight.

Please contact this office if you have any questions regarding the enclosed agreement or use of the JCIBPC specifications.

Sincerely,

County Executive Director

72 Bagging and Tie Requirements Agreement Using CCC-809 (Continued)**B JCIBPC Specifications**

[7 CFR 1427.5(b)(10)] County Offices shall provide a copy of the current JCIBPC specifications booklet if requested by a ginner. The specifications are available at
--<http://www.cotton.org/pubs/index.cfm>--

C Official Tare Weights

[7 CFR 1427.5(b)(11)] The official tare weights for various combinations of approved wrapping materials are in the JCIBPC specifications booklet.

Any bale of cotton that shows a tare weight different than the one in the specifications is ineligible for CCC price support loans, unless approved experimental bagging and ties are used.

73 Approving Cooperating Ginners

A Approving CCC-809

[7 CFR 1427.5(b)(11)] Completed CCC-809's returned by ginners shall be signed by CED for CCC.

Each ginner with an approved CCC-809 on file in the County Offices shall be considered a cooperating ginner.

B Notifying Ginner of Receipt of CCC-809

[7 CFR 1427.5(b)(11)] County Offices shall notify each ginner of the receipt of CCC-809 by sending a copy of the signed CCC-809 back to the ginner.

This procedure should ensure that ginners are aware that they agreed to:

- identify the tare weights for each bale according to CCC-809
- certify tare weights to warehouse operators if requested by warehouse operators
- *--use bagging and ties that meet the JCIBPC specifications.--*

74 Cotton Ginned by Noncooperating Ginners

A Ineligible

Cotton ginned by noncooperating ginners is ineligible for CCC loan.

B Exception

Bales packaged at a noncooperating gin are eligible for loan if both of the following conditions are met:

- producer provides COC a certification signed by the noncooperating ginner, attesting that the cotton, identified by bale number, is packaged according to JCIBPC specifications
- the official tare weight of the bagging and ties is entered on each bale tag or otherwise provided to the warehouse operators.

75 Nonspecification Bagging Used by a Cooperating Ginner

A Specification Bagging

Bagging carried over from the previous crop that was eligible to package previous years' cotton may be used on current year cotton.

B Other Nonspecification Packaging Material

A cooperating ginner may use nonspecification bagging, bale ties, or both if the ginner does both of the following:

- notifies the County Office of these plans
- assists the County Office in identifying bales wrapped in these materials as being ineligible for CCC loan by providing the:
 - names of applicable producers
 - bale numbers of the bales.

76 Posting Ginner Lists

A Lists

County Offices shall prepare and post in County Offices a list of:

- cooperating ginner who completed and filed CCC-809 with COC
- noncooperating ginner who did **not** file CCC-809.

77 Sending Lists to Producers, LSA's, and Cooperatives

A If All Gins in the County Are Cooperating

*--If all ginner in the county are cooperating by signing CCC-809, no letter is required to be mailed to cotton producers, LSA's, and cotton CMA's informing them of this cooperation. It is recommended that an item be included in the county newsletter that all gins are cooperating.

B If 1 or More Ginners in the County Are Noncooperating

If 1 or more ginner in the county are noncooperating, the County Office shall send to each cotton producer, LSA, and cotton CMA a copy of the list of noncooperating ginner in paragraph 76.--*

78 Ginner Approval and Letter of Credit for Seed Cotton Loans

A COC

COC shall approve or disapprove gins for participation in the recourse Seed Cotton Loan Program.

B Irrevocable Letter of Credit

COC may require a irrevocable letter of credit from an approved cooperative based on the reputation of the cooperative and its general financial status. See subparagraph D for an example of a letter of credit.

Note: COC's may request State Offices to determine whether an irrevocable letter of credit is necessary when processing CCC-879's from cooperative.

C Letters of Credit Instructions

The expiration date for presentment of drafts must not be earlier than 1 month after the loan maturity date.

Letters of credit and amendments to them, when accepted and relied upon, become the official records of CCC and shall not be returned to the bank or the cooperative or commercial ginning company.

If it becomes necessary to draw under the letter of credit, send a draft to the bank similar to the draft in subparagraph E. Ensure that the draft is sent to the bank before the expiration date for presentment of drafts under the letter of credit.

80 Ginner Approval and Agreement Using CCC-880**A Examining CCC-879**

Upon receipt of CCC-879, County Offices shall:

- review documents and determine whether information is valid
 - consider carefully:
 - the climatic conditions of the area
 - the type of storage suitable for the area
 - other conditions to protect CCC from damaged seed cotton pledged as collateral
 - use the following guidelines in approving storage method:
 - in some semi-arid regions, open rick storage has been used successfully
 - in humid areas, stored seed cotton must be covered to prevent weather damage to cotton
 - ensure that the ginner carries fire insurance to cover the full loan value of the cotton if seed cotton will be stored on:
 - the gin premises
 - premises over which the ginner has control
 - review all insurance requirements carefully
- Note:** If insurance is at market value, base approval upon the condition that if market prices fall below loan levels, additional insurance must be obtained.
- ensure that the gin is a reputable concern.

80 Ginner Approval and Agreement Using CCC-880 (Continued)

B Visiting the Gin

--CED shall visit the gin, if necessary, to determine whether or not:--

- conditions described on CCC-879 and related documents are correct
- the ginner understands the ginner's obligations under the program.

C Approving Gin

COC shall approve gins:

- unconditionally, if all conditions in subparagraph A are met
- conditionally, if gin does not meet all conditions in subparagraph A, but the ginner agrees to meet the conditions.

Note: Recheck conditionally approved gins for full compliance.

80 Ginner Approval and Agreement Using CCC-880 (Continued)

D Completing CCC-880

COC shall enter into an agreement with approved ginner by completing CCC-880.

CCC-880 (10-31-96)	U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation GINNER'S SEED COTTON AGREEMENT <i>(See reverse for Privacy Act and Public Burden Statements.)</i>	1. CROP
<p>THIS AGREEMENT made and entered into this _____ day of _____, 19____, by and between Commodity Credit Corporation ("CCC") and _____ ("the ginner").</p> <p>WHEREAS, CCC, cotton ginner, and cotton producers desire to extend the cotton ginning season in order to reduce ginning costs;</p> <p>WHEREAS, CCC, has issued Seed Cotton Loan Program Regulations, (7 CFR Part 1427) ("the Regulations") providing for a program ("the program") for loans by CCC to producers on seed cotton of the crop specified above ("seed cotton").</p> <p>WHEREAS, the ginner desires to participate in the program.</p> <p>NOW, THEREFORE, in consideration of the premises and other considerations contained herein, the parties hereto agree as follows:</p> <ol style="list-style-type: none"> 1. If the ginner stores producer's seed cotton on the ginner's premises or on other property over which the ginner has control, the ginner shall: <ol style="list-style-type: none"> (a) Store such cotton in a manner that will afford adequate protection against weather and other damage and otherwise follow good practices in the handling and care of such cotton. (b) Maintain the storage structures or other facilities in sound physical condition and the fire protection equipment and facilities in good working order and otherwise provide a standard of fire protection consistent with good warehousing practices. (c) Promptly inform the County FSA Office shown below and the producers if any such cotton becomes damaged, is going out of condition, or is in danger of going out of condition and, pending instructions from the county office or the producers, take all reasonable steps to protect and preserve such cotton. The ginner shall pay to CCC the amount necessary to reimburse CCC for any loss or damage incurred to CCC while such cotton is pledged as collateral to CCC. 2. If the ginner acts as agent for the producer, the ginner agrees that the ginner will not make any purchases of the seed cotton redeemed from a loan for their own account or as agent for others; or sell any cotton to any person who has the right to control or direct the ginner's sale of the seed cotton, or the lint cotton produced therefrom. 3. The ginner shall provide insurance coverage as required by the Regulations on all seed cotton stored on the ginner's premises or on other property over which the ginner has control. 4. The ginner shall, on request, gin all seed cotton on which CCC makes a loan under the Regulations and which is stored by the ginner or is delivered to the ginner. 5. At any time during business hours, CCC, its agent, or any duly authorized representative of CCC may inspect the storage facilities; inspect and take inventories of seed cotton stored herein; and examine the books, records, papers, and accounts relating to the cotton and to the storage of the cotton. The ginner shall furnish whatever assistance is needed to enable any such inspection or examination to be made. Such examinations and inspections shall, however, in no way relieve the ginner of the responsibilities under the terms of this agreement or obligations to the producers. 6. The ginner, in carrying out the provisions of this agreement, shall not employ any person undergoing sentence of imprisonment at hard labor. 7. The ginner agrees that, in the performance of this agreement, available space at the storage facilities will be made available to any producer desiring to obtain the benefits of the program, or in the performance of storage and ginning services in any manner discriminate against any such person, because of race, color, sex, religion, age, national origin, marital status, or disability. 8. The ginner warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the ginner for the purpose of securing business. For breach or violation of this warranty, CCC shall have the right to terminate this contract without liability or in its discretion to recover the full amount of such commission, percentage, brokerage, or contingent fee. 9. CCC will inform producers in the ginner's area that the ginner has agreed to the conditions specified above and is approved for the storage and ginning of seed cotton.

Part 2 Eligibility

Section 1 Producer Eligibility

100 Determining Producer Eligibility

A Basic Requirements

[7 CFR 1427.4(b)] [7 CFR 1427.164] For a producer to be eligible for loans and LDP's, the producer, as landowner, landlord, tenant, or sharecropper, must have:

- produced the eligible upland or ELS cotton for which a loan or LDP is requested, as applicable
- for loans, beneficial interest in the cotton from the time of harvest through the date the loan is requested and must keep beneficial interest continuously until redemption of the cotton or until CCC takes title to the cotton
- for LDP's, beneficial interest in the cotton from the time of harvest through the date LDP is requested
- *--reported acreage according to 2-CP
- completed AD-1026 according to 6-CP.--*

* * *

--Effective with the 2002 crop, cotton is eligible for a marketing assistance loan whether or not it was produced on acreage covered by a PFC or DCP contract.--

100 Determining Producer Eligibility (Continued)**B Beneficial Interest**

[7 CFR 1427.5(e)] A producer is considered to have beneficial interest in the cotton if all of the following remain with the producer:

- control of the cotton

Notes: A producer is considered to have control of the cotton if the producer keeps the ability to make all decisions affecting the cotton, including movement, sale, and pledging, as collateral for loan.

--The producer is not considered to have lost control of the cotton if an option to redeem the loan collateral has been provided to another person or entity as long as the producer also keeps this right to redeem the collateral from loan.--

- risk of loss

Note: A producer is considered to have the risk of loss in the cotton if the producer is responsible for any loss of or damage to the cotton. If the cotton is insured, any indemnity to be paid must be paid to the producer or the producer's account.

- title.

Note: A producer is considered to have title to the cotton if the producer has not sold or delivered the cotton, including the delivery of warehouse receipts, to the buyer.

Important: Once beneficial interest in the cotton is lost by the producer, the cotton remains ineligible for loan or LDP even if the producer regains control, risk of loss, and title.

100 Determining Producer Eligibility (Continued)**C Restrictive Contract Clauses**

If any contract contains any of the following restrictive clauses, the producer is considered to have lost beneficial interest in the cotton at the time the contract was signed:

- buyer has the option to require the producer to obtain a loan or LDP on the cotton
- buyer can prohibit the producer from obtaining a loan or LDP, unless prior approval is obtained from the buyer.

Note: Any addendum to the contract to remove any restrictive clause must be executed before ginning and initialed by both parties.

D Payments

If any contract contains language that provides for a payment to the producer or the producer's account, beneficial interest shall be considered divested at the time the payment is made.

See subparagraph J when payment is **not** associated with the sale of the commodity.

Exception: A producer is **not** considered to have divested beneficial interest in the cotton when a payment is received if the contract is an option to purchase, the payment is for the option to purchase, and the contract contains the following provision written exactly as shown:

“Notwithstanding any other provision of this option to purchase, title; risk of loss; and beneficial interest in the commodity, as specified in 7 CFR Part 1427, shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of: (1) the maturity of any Commodity Credit Corporation price support loan which is secured by such commodity; (2) the date the Commodity Credit Corporation claims title to such commodity; or (3) such other date as provided in this option.”

100 Determining Producer Eligibility (Continued)**E Gin Direct Contracts**

If a contract specifies that title, control, or risk of loss is transferred to the buyer immediately at the time cotton is ginned, beneficial interest is considered to be lost by the producer immediately after the cotton is removed from the bale press.

Note: This cotton is not eligible for loan; however, the producer may receive LDP according to paragraph 274.

F Equity Sales

[7 CFR 1427.5(b)(7)] If a producer sells the equity in the cotton, the cotton is immediately ineligible for a loan or LDP. If the cotton has been pledged as collateral for a loan, immediate repayment of loan principal and charges, plus interest, is required.

G Succession in Interest

Succession of beneficial interest is allowed if succession is in both the beneficial interest of the cotton and the farming unit on which the cotton was produced.

Note: See paragraph 105 for heirs of a deceased producer.

H Integrated Entities

The fact that a buyer may also be the storing warehouse operator, lender, ginner, or other business shall not be considered a reason to cause beneficial interest to be transferred.

Note: If the contract between the buyer and the producer restricts the producer's ability to take possession of the cotton or warehouse receipts, then the producer would be considered to have lost control when the cotton or warehouse receipts are delivered to the integrated entity.

100 Determining Producer Eligibility (Continued)**I Cotton Rejected by Buyer**

If cotton is delivered to a buyer or mill that rejects the cotton because minimum standards are not met, beneficial interest shall not be considered lost by the producer if the cotton is returned to the producer.

J Payments Not Associated With Sale of Cotton

Payments by buyers to producers for services, such as transportation and storage, shall not cause beneficial interest to be transferred unless the payment is conditioned on the eventual sale of the cotton.

K Combination Lease Agreement

COC shall determine the type of lease, according to 1-PF, if both cash provision and share of crop production provision are contained in a lease agreement on a farm. Based on the COC determination, beneficial interest in the crop for the producers involved in the lease may be questioned. When beneficial interest is questioned, review the lease agreement in the process of making beneficial interest determinations according to paragraph 102.

101 Other Producer Eligibility Requirements**A HELC and WC Provisions**

Producers who do not comply with HELC and WC provisions according to 6-CP are not eligible for CCC loans or LDP's for the crop year in which noncompliance occurs.

Note: See paragraph 32 for GPR provisions.

If current year crop loans or LDP's have been made before noncompliance was determined for the current crop year:

- call the loan according to paragraph 35
- notify the producer of the LDP amount overpaid according to paragraph 42.

B FCIC

*--Starting with the 2002 crops, as a condition of eligibility for price support benefits, producers are **no longer required** to either carry catastrophic crop insurance or waive eligibility for certain USDA payments.--*

C Controlled Substances

Producers who are convicted under Federal or State law of a controlled substance violation according to 1-CM, Part 38, shall be ineligible for CCC loans and LDP's.

102 Beneficial Interest Determinations

A When Beneficial Interest Is Questioned

If County Office questions whether the producer retains beneficial interest, the County Office shall require the producer to provide for review, as applicable:

- copy of the combination lease agreement
- copy of all options to purchase and all sales contracts
- certification of no contract according to subparagraph 103 C.

B Producer Requests for Contract Review

If the producer is not applying for benefits and the producer requests that the County Office give an opinion on an option to purchase or sales contract, the opinion shall be provided to the producer in writing.

Send a copy of the option to purchase or sales contract to the State Office with a copy of the opinion provided to the producer for review according to subparagraph 103 B.

Note: Opinions given for options to purchase and sales contracts are not appealable unless the producer has been denied benefits.

103 Beneficial Interest and Contract Review**A Reviewing Options to Purchase and Sales Contracts**

[7 CFR 1427.5(e)] If a contract is being reviewed, County Offices shall:

- determine whether the producer retains beneficial interest
- determine the date the producer is considered to have lost beneficial interest
- for any option to purchase or sales contract upon which a determination cannot be made:
 - send a copy of the option to purchase or sales contract to the State Office for a determination
 - approve or disapprove loan or LDP, if applicable, for a producer when notified by the State Office of the determination of the date beneficial interest would be considered to have been lost.

Note: Approved LDP's will be based on the rate in effect on the date all information the producer is required to file is provided to the County Office.

103 Beneficial Interest and Contract Review (Continued)**B State Office Reviews**

State Offices shall:

- review options to purchase and sales contracts submitted by County Offices, including those submitted according to subparagraph A

Note: Notify the County Office **immediately** if the opinion provided by the County Office according to subparagraph A is inaccurate.

- determine whether the producer retains beneficial interest and the date the producer would be considered to have lost beneficial interest
- for any option to purchase or sales contract on which a determination cannot be made, FAX or mail a copy of the contract for PSD review

Note: For each contract submitted for review:

- provide a preliminary determination on when producers would be considered to have lost beneficial interest in the commodity under the terms and conditions of the contract
- ensure that the general terms, exhibits, addendum, etc., referenced in the contract are also submitted with the contract.
- when notified by PSD of the date beneficial interest would be considered to have been lost, advise the County Office of PSD's determination
- send a copy of the option to purchase or sales contract, as applicable, with a copy of the decision for reference to all counties and other applicable States.

C Producer Certification of Beneficial Interest

If COC questions whether the producer retains beneficial interest, CCC may request producer certification that such producer retains beneficial interest in the commodity. A statement (for local reproduction) to be used for such producer certification is shown in 8-LP, subparagraph 131 B.

103 Beneficial Interest and Contract Review (Continued)**D Events Resulting in Beneficial Interest Being Lost**

The following events are examples of events that may cause beneficial interest to be lost:

- on the receipt of a payment without option to purchase
- on the date ginned, if buyer is also ginner and storing warehouse and the contract restricts the producer's ability to take possession of the warehouse receipts
- date of invoice
- when loaded for shipment from gin to the buyer (f.o.b. gin)
- when loaded for shipment from the warehouse to the buyer (f.o.b. warehouse)
- delivery of warehouse receipts to the buyer or agent
- at the time of signing a contract with clauses restricting the producer's decision to obtain marketing assistance from CCC, such as:
 - buyer may require the producer to obtain a loan or LDP
 - producer may obtain a loan or LDP only with prior approval of the buyer.
- ***
- when the cotton enters the warehouse, if contract contains a casualty clause that provides that after commencement of insured warehouse cover, insurance settlement shall be for the buyer's account
- when the cotton is redeemed from CCC price support loan by someone other than the producer.

104 Types of Contracts**A Option to Purchase**

An option to purchase is an agreement allowing the buyer, at the **buyer's** option, to enter into a contract to buy the commodity at a later date. The option:

- does not give the buyer any interest in the commodity
- expires at a specified time.

B Sales Contracts

A sales contract, including advance sales contracts, contracts to sell, price later contracts, and contracts for future delivery, gives the buyer an interest in the commodity at a time specified in the contract or at a time implied by law.

C Addendum

An addendum to an option to purchase or sales contract to amend any contract provision, including removing any restrictive clause, must be agreed upon by all parties.

For CCC to consider this addendum valid, it must be executed before ginning.

D Canceling Options to Purchase or Sales Contracts

An option to purchase or a sales contract entered into may be canceled at any time before ginning. If the option to purchase or sales contract to be canceled was previously provided to the County Office, a copy of the following must be provided to the County Office:

- the canceled option to purchase or sales contract, as applicable, with the signatures of all parties canceling the contract
- any subsequent option to purchase or sales contract.

105 Heirs of a Deceased Producer**A Succession of Interest**

Succession of interest occurs before or after harvest if heirs:

- succeed to the beneficial interest of the deceased producer in both the cotton and the farming unit on which it was produced
- assume the decedent's obligation under a loan if a loan has already been obtained.

B Knowledge of a Deceased Producer

If the County Office learns that a producer who has an outstanding loan is deceased, and CCC-686 has not been executed, the County Office shall:

- send a certified letter to the fiduciary representative, heirs, or other persons in charge of settling the estate notifying that person:
 - of the existence of the outstanding CCC loan
 - that the loan is covered by a security agreement or secured by pledged warehouse receipts
- attach a copy of the letter to the loan papers on file in the County Office
- immediately notify the State Office.

Note: State Offices shall forward notification of deceased producers for which CCC-686 has not been executed to the regional attorney for appropriate action.

105 Heirs of a Deceased Producer (Continued)**C When to Complete CCC-686**

Complete CCC-686 if the heirs want to obtain or continue a loan and either of the following applies:

- there will be no administration or probate of the estate
- administration or probate of the estate is closed.

Before a loan is disbursed or continued under loan, CCC-686 must be:

- executed by persons claiming succession to a deceased producer
- approved by COC.

D Preparing CCC-686

Prepare an original and 1 copy for each person signing CCC-686 according to the following instructions.

Item	Instructions
3	Enter current loan number, or assign next unused number from loan number register.
9 and 10	Enter name and address and relationship of all persons inheriting commodity, whether or not related to the deceased.
11	Enter names of all persons assuming farming unit whether or not related to the deceased. Note: To be eligible for price support, the person's name must appear in items 9 and 11, and, if applicable, item 13.
13-16	Enter name and nature of disability of any heir who is a minor or an incompetent and the name and address and capacity of the representative of this person.
17	Heirs or representatives of heirs who have inherited the commodity and have assumed the farming unit and who are requesting price support must sign the application.

E Distributing CCC-686

Distribute CCC-686 as follows:

- keep original in the County Office
- give each person signing CCC-686 a copy.

106 Estates and Trusts

A Eligibility by Type

The following shall be eligible if their representative authority is legally valid according to 1-CM:

- receiver of an insolvent debtor's estate
- executor or an administrator of a deceased person's estate
- ward of an incompetent person
- guardian of an estate of a ward or an incompetent person
- trustee of a trust estate.

107 CMA and LSA Member Eligibility

A Members of CMA's

CMA's, before processing a producer's loan or LDP, must first establish that the producer is eligible for benefits according to 1-CMA.

B Producers Requesting Benefits Through LSA's

LSA's, before processing a producer's loan or LDP, must first establish that the producer is eligible for benefits according to 1-CMA.

108 Producers Who Are Warehouse Operators**A Policy**

Loans may be made to a warehouse operator who, in the capacity of a producer, tenders to CCC warehouse receipts issued by such warehouse operator on cotton produced by such warehouse operator only in those States where the issuance and pledge of warehouse receipts are valid under State law.

Note: State Offices shall contact their regional attorney to determine whether these actions are valid.

--109 Inapplicable Payment Limitation Provisions*A Eligibility for Marketing Assistance Loans**

[7 CFR 1400.1 (a) and (b)] Some payment limitation rules applicable to loan gains **do not affect eligibility** for a marketing assistance loan.

Rules that **do not** affect eligibility for a marketing assistance loan are:

- person determination
- actively engaged in farming
- cash-rent tenant
- permitted entity.

These provisions do apply when a marketing assistance loan is repaid at a reduced rate or when LDP's are requested. See subparagraph 43 C and 1-PL for other payment limitation provisions.--*

110-117 (Reserved)

Section 2 Cotton Eligibility

118 Eligibility Requirements

A**Separate
Commodities**

Upland and ELS cotton are considered separate commodities. Compliance with eligibility requirements for 1 kind of cotton will not be affected by the producer's noncompliance with respect to the other kind of cotton.

Note: ELS cotton is **not** eligible for LDP.

B**Basic
Requirements**

[7 CFR 1427.1(c)] [7 CFR 1427.5(b)] The upland or ELS cotton, both ginned and seed cotton must be:

- produced by the eligible producer who tenders it for loan
- produced in the United States in the current crop year
- in existence and in good condition
- insured at the full loan value against loss or fire damage
- *--produced on a farm for which total cropland acreage has been reported on FSA-578.--*

The cotton must not have been sold, purchased, or formerly placed under CCC loan and redeemed.

In addition, cotton is not eligible for loan or another LDP if LDP has been paid on this cotton.

Note: Producers cannot repay LDP's to cause the cotton to be eligible for a loan or a subsequent LDP.

Cotton for which LDP was requested but denied because of payment limitation remains eligible for loan.

118 Eligibility Requirements (Continued)

* * *

C

--ELS Cotton-- To be eligible for loan, ELS cotton must be:

- a variety or hybrid of the barbadense species of cotton
 - except for seed cotton, ginned on a roller gin.
-

119 Eligible Quantity

A

*** Quantity Eligible for Loan or LDP

[7 CFR 1427.165(b)] *** Upland cotton produced on eligible acreage by an eligible producer is considered eligible for loan or LDP.

Any ELS cotton produced on eligible acreage by an eligible producer is considered eligible for loan.

B

Establishing Estimates of Yield

COC shall:

- annually determine reasonable estimates of yield for each commodity based on crop and weather conditions in the county
 - document determination in COC minutes
 - review questionable applications.
-

C

Questionable or Commingled Production

If the quantity submitted by a producer for loan or LDP exceeds the yield that COC has previously determined could reasonably be produced on the eligible acreage, CED or staff shall **not** approve the loan or LDP for any quantity exceeding COC's previously established yield.

If the producer is **not** satisfied with the maximum quantity that COC staff has approved for benefits, then provide the producer the right to appeal to COC. If appeal is requested, COC may approve loan and LDP quantities exceeding the yield previously established by COC if:

- the producer provides acceptable evidence of actual production for the crop year and other documentation to corroborate the evidence of actual yield, such as receipts from production inputs
 - COC determines the quantity reasonable for the crop year based on the producer's farming practices, production evidence, and supporting documentation.
-

C

**Questionable or
Commingled
Production
(Continued)**

FSA's procedures for agency informal appeals, alternative dispute resolutions, and appeals to NAD are found in 1-APP.

D

**COC May Not
Delegate Yield
Determination**

COC may not delegate authority to approve quantities submitted for loan or LDP that exceed the COC-established yield for the eligible acreage.

120 Landlord-Tenant Provisions

A

Divided Cotton

[7 CFR 1427.5(f)] If the bales of cotton are divided among the producers entitled to share in the cotton, each landowner, landlord, tenant, and sharecropper may obtain a loan on that individual's separate share.

B

**Cotton Not
Divided**

[7 CFR 1427.4(d)] If the cotton is not divided, all producers who have a share in the cotton must obtain a joint loan or LDP.

Note: If 1 or more producers who share in the bale are considered ineligible for loan, the entire bale is ineligible for loan or LDP.

C

**Ineligible for
Loan**

[7 CFR 1427.5(f)] Cotton is ineligible for loan or LDP that is:

- received as fixed or standing rent by a landowner, landlord, tenant, or sharecropper
 - acquired directly or indirectly from a landowner, landlord, tenant, or sharecropper
 - [7 CFR 1427.1(c)] produced on land owned by the Federal Government if the land is occupied without lease, permit, or other rights of possession.
-

121 Storage Requirements

A

Ginned Cotton [7 CFR 1427.5(b)(2) and (3)] Ginned cotton to be pledged for loan must be:

- stored in an approved warehouse that has an existing Cotton Storage Agreement with CCC
- represented by warehouse receipts.

Exception: See paragraph 261 for LDP exception.

B

Seed Cotton [7 CFR 1427.165] Seed cotton pledged for loan must be stored:

- in a manner that will adequately protect it against loss or damage
 - in identity-preserved lots.
-

C

Approved Warehouses [7 CFR 1427.5(b)(2)] KCCO approves warehouses to store cotton under the program and shall issue instructions to these warehouses.

Note: County Offices shall advise warehouse operators who want approval of warehouses to contact:

KCCO BCD SCB
 STOP 8748
 PO BOX 419205
 KANSAS CITY MO 64141-6205

Tel: 816-926-6662
 FAX: 816-823-1804.

KCCO shall send State Offices the list of approved warehouses, including the following:

- receiving charge
- monthly storage charge.

State Offices shall send County Offices copies of the lists.

122 Fire Insurance Requirements

A

Insurance Required

[7 CFR 1427.5(b)] For ginned cotton to be placed under loan, it must be covered by fire insurance.

[7 CFR 1427.5(f)] For seed cotton to be pledged under loan, it must be insured at the full loan value against loss or damage by fire.

123 Basic Cotton Quality Requirements

A

Basic Requirements

[7 CFR 1427.9(a)] Ginned cotton must be graded by AMS and be of a specified grade, leaf, strength, staple length, and micronaire reading to be eligible for loan or LDP.

The base quality for upland cotton is:

- SLM 1-1/16 inch
 - leaf 4
 - micronaire 3.5 - 3.6 and 4.3 - 4.9
 - strength 26.5 - 28.4 grams per tex
 - length uniformity of 81 percent.
-

B

Upland Cotton Quality Requirement

[7 CFR 1427.5(d)] Use the following exhibits for determining whether the applicable grade, leaf, strength, staple length, and micronaire reading are within eligible ranges for upland cotton and for determining appropriate premiums and discounts:

- Exhibit 5 for grade, leaf, and staple length
 - Exhibit 6 for extraneous matter
 - Exhibit 7 for uniformity
 - Exhibit 8 for strength
 - Exhibit 9 for micronaire readings.
-

Continued on the next page

123 Basic Cotton Quality Requirements (Continued)**C ELS Cotton Quality Requirement**

--[7 CFR 1427.5(c)] For program eligibility, ELS cotton must be a grade and staple length specified on the schedule of loan rates and premiums and discounts for ELS cotton. Use-- the following exhibits for determining whether the applicable grade, staple length, and micronaire reading are within eligible ranges for ELS cotton:

- Exhibit 10 for grades and staple length
- Exhibit 11 for micronaire readings.

ELS cotton of a staple length less than 44/32 (1 3/8 inch) is ineligible for loan.

D Seed Cotton

[7 CFR 1427.165] Because seed cotton is usually not classed before being pledged for loan, an average quality is ordinarily used in determining loan rate.

However, if the seed cotton is classed by the AMS classing office the cotton quality shall be the quality shown on the applicable documentation.

124 Liens

A All Loans

[7 CFR 1427.12] Cotton must be free and clear of all liens and encumbrances, except the warehouse operator lien for authorized charges.

If liens are present, lien waivers must be obtained before loans are disbursed.

Note: No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

B LDP's

Lien waivers are not required for LDP's.

125 Bale Requirements

A**Packing and
Compression**

[7 CFR 1427.5(b)(4)and(5)] Bales must be packaged, tied, and compressed using the materials and standards meeting JCIBPC specifications with the heads completely covered.

Bales must not be:

- false-packed
- water-packed
- mixed-packed
- reginned
- repacked
- compressed to high density at a warehouse
- compressed to universal density that has had side pressure applied.

Note: Bales compressed to high density at a gin are eligible for loan.

B**Tagging**

Bales must include the gin bale number.

C**Weight**

[7 CFR 1427.5(b)(9)] [7 CFR 1427.8(b)] Bales must weigh at least 325 pounds. Bales of more than 600 pounds net weight may be pledged for loan at 600 pounds net weight.

D**Storage**

[7 CFR 1427.10(a)] Eligible ginned cotton may be pledged as collateral for a loan only if stored at warehouses approved by CCC.

Continued on the next page

125 Bale Requirements (Continued)

E***--Classification Codes**

The AMS Universal Classification Data Format for a bale may contain Remarks Codes in columns 46 and 47 and Special Condition Codes in columns 32 and 33. The meaning of these codes and the loan eligibility of the cotton is identified in the following table.

Code	AMS Classification Trait	Loan Eligibility Status

126 Repledging Cotton

A

Basic Provisions Before the final loan availability date, producers may re-offer as security or repledge as collateral for a loan any cotton that has been previously mortgaged or pledged, except for those situations in subparagraph B.

B

Ineligible for Repledge This table provides situations when cotton is ineligible to be repledged.

IF the cotton represents...	THEN...
<p>a loan that was called because of a violation of provisions for:</p> <ul style="list-style-type: none"> loans or LDP's HELC or WC, according to 6-CP 	<p>the cotton shall not be repledged for loan.</p>
<p>1 or more of the following conditions:</p> <ul style="list-style-type: none"> loans called at CCC's option cotton redeemed with cash at a rate less than the principal plus interest cotton exchanged for a commodity certificate cotton for which LDP was provided cotton for which an AWP lock-in was provided but LDP not paid cotton for which loss of beneficial interest has occurred cotton for which LDP was requested and LDP rate was zero 	

C

Maturity of Repledged Loan The maturity date shall be the same as the original loan maturity date.

In APSS, enter the approval date of the original loan to establish the proper maturity date for the repledged loan.

Part 3 Warehouse Loans

Section 1 Loan Requirements

--160 Regular Loans and Loans for Immediate Commodity Certificate Exchange--

A

General

This part covers the following day-to-day operations of County Offices that are required before making and disbursing a cotton loan payment * * *:

- source of loan
 - loan availability
 - disbursements
 - bankruptcy cases
 - liens
 - interest rates.
-

B

Basic Program Provisions

Included in this part are the basic provisions applicable to specific types of loans, such as:

- warehouse receipt requirements
 - determining loan rates
 - acceptable classification data
 - maturity dates.
-

***--C**

Loans Requested for Immediate Exchange for a Commodity Certificate

Cotton loans, whether to be repaid by cash or requested for immediate exchange for a commodity certificate, are generally subject to the same requirements about:

- producer and commodity eligibility
- beneficial interest
- availability and maturity dates
- warehouse receipting
- quality and classification information
- service, research, and promotion fees
- allowable and nonallowable charges.

For loans requested for immediate exchange for a commodity certificate, refer to:

- subparagraph 181 C for forms needed at time of loan request
 - subparagraphs 201 B and D for processing instructions.--*
-

161 Source of Loans

A**Cotton Loans**

***--[7 CFR 1427.6]** Eligible producers may obtain cotton loans (and LDP's) **only** from any of the following:

- the County Office that keeps the farm records for the farm on which the cotton was produced (the Administrative County)--*

* * *

- an approved cotton clerk, according to 14-CN [7 CFR 1427.6]

- *--an approved LSA, according to 21-CN. [7 CFR 1427.5(a) and 1427.6]

- an approved CMA, according to 21-CN. [7 CFR 1427.5(a)]

Multi-county producers may request loans (and LDP's) in a county other than their Administrative County. However, the actual loan outlay on an LDP payment is not to be provided by any county other than the producer's Administrative County.

County Offices that are not the Administrative County for the multi-county producer **must** send loan, LDP, module lock-in, and other such requests to the Administrative County for processing.

Notes: The producer may obtain loans by bringing a diskette to the County Offices with cotton bale data prepared by a private entity according to paragraph 170.--*

CMA's may obtain loans for their eligible producers. [7 CFR 1427.6(b)]

* * *

162 Loan Availability and Maturity Dates

A Availability Dates

***--[7 CFR 1427.5(a)]** CCC cotton loans and LDP's are available, from the date loan rates are announced through May 31 after the calendar year in which the crop is planted. If May 31 falls on a nonworkday, the final date shall be the next workday.--*

The disbursement date shall not be later than 30 calendar days after the final date of availability. When the final availability date falls on a nonworkday, the final date shall be extended to the next workday.

***--Exception:** Producers of 2001 crop cotton may apply for LDP's up to 30 calendar days after the publication of regulations implementing provisions of the Farm Security and Rural Investment Act of 2002.

B Accepting Loan or LDP Documents

A loan or LDP application must include all required forms and production evidence, and must be received by the final availability date to be accepted. Do not accept--* CCC-Cotton A or CCC-Cotton AA that was signed by producers more than 15 calendar days before delivery or mailing (postmark date) to County Offices.

Note: A patron postage meter date stamp is not a postmark.

For documents received after this time, require producers to re-execute the forms or execute new forms if it is determined that the producers have not sold or otherwise passed title to the cotton.

C Maturity Date

***--[7 CFR 1427.7(a)]** Loans mature on the last day of the 9th calendar month following the month in which the loan is disbursed, or on an earlier date if CCC calls the loan.--*

Nonworkday: If the maturity date falls on a nonworkday, the maturity date shall be the next workday.

162 Loan Availability and Maturity Dates (Continued)**D CCC Action on Nonpayment at Maturity**

At CCC's choice, title to the cotton shall, without sale, immediately vest in CCC. CCC may sell, transfer, and deliver the collateral cotton and documents evidencing title according to *--the terms of CCC-Cotton A, CCC-601, and any applicable appendix.--*

CCC shall have no obligation to pay for any excess of the amount of the loan, plus interest and charges, if applicable.

E Maturity Month Table

This table shows applicable maturity months. Loans **cannot** be extended.

Month Disbursed	Maturity Month (Last Day)
June	March
July	April
August	May
September	June
October	July
November	August
December	September
January	October
February	November
March	December

163 Liens and Lien Waivers

A

Basic Requirement

Cotton for loan must be free and clear of all liens and encumbrances when the loan is disbursed, with the exception of:

- loans made to a producer who will immediately exchange a commodity certificate for the cotton loan collateral according to paragraph 201
- warehouseman's liens for charges authorized in the storage agreement with CCC.

Accept warehouse receipts showing "freight due" as collateral security for loans.

A joint disbursement of loan proceeds to the producer and lienholder does not satisfy the requirement for lien waiver.

Note: No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

B

Determining Whether or Not Liens Exist

To determine whether or not a lien exists, County Offices shall make a lien search on **all** cotton (seed cotton and lint cotton) to be pledged for loan at the appropriate recording official's office.

Exception: Loans made to a producer for immediate exchange for a
 --commodity certificate are exempt from lien searches. However, if a producer certifies to a lienholder, CCC-679 can be submitted to the County Office and honored.--

When:

- actual notice of the existence of an unrecorded lien is provided to the County Office by the lienholder in person or in writing, consider the lien an existing lien
- a State notifies the County Office in writing of the existence of an unrecorded statutory lien for nonpayment of a boll weevil eradication program assessment, the producer must seek a lien waiver from an authorized representative of the State before the loan can be disbursed.

Notes: If a lien waiver is not obtained, do **not** disburse the loan.

Do **not** process a State statutory lien payment as an administrative offset.

Continued on the next page

163 Liens and Lien Waivers (Continued)

C**Obtaining
CCC-679**

CCC-679's shall be obtained by the producer or CMA, as applicable:

- **before** disbursing the loan
- if liens or encumbrances are recorded, including waivers from FSA FLP representatives
- even if the liens or encumbrances will be satisfied from the loan proceeds
- if **actual** notice is received from a lienholder
- **after** each loan request
- for IRS Federal tax liens.

CCC-679's:

- are not required for unrecorded liens unless the County Office has received actual notice of a lien from the lienholder
- shall be obtained from CMA, according to 1-CMA, when CMA informs the County Office that a lien is present.

Once CCC-679 is obtained for the first loan made for a specific crop year, the same CCC-679 may be used for all subsequent loans made for the specific crop, if CCC-679 is applicable for "ALL" the quantity on specified farms, including "ALL" farms. However, a lien search shall be performed for **all** loan requests according to subparagraph B.

G**Obtaining
Additional
CCC-679's**

If additional liens or situations that do **not** fully protect CCC's interest are discovered **after** a loan is disbursed, County Offices shall:

- obtain additional CCC-679's
- take any other necessary action, according to the regional attorney's advice, including calling the loan.

The following are examples of situations that do **not** protect CCC's interest:

- lien or liens were overlooked during the lien search
 - all lien waivers were not obtained
 - UCC-1's were not filed properly
 - UCC-1's were not extended when required.
-

H**Cooperative
Loans**

Lien waivers are not required for loans to approved cooperatives that have entered into agreements that do not hold CCC responsible for any prior liens asserted against CCC.

Note: No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

I**Estimating Net
Disbursement
Amount**

County Offices shall determine the estimated net disbursement amount using the following table.

Step	Action
1	Determine an estimated loan rate based on loans already processed.
2	Determine an estimated bale weight based on loans already processed.
3	Multiply the result of step 1 times the result of step 2 times the number of bales for which the loan is requested.

164 Warehouse Receipt Requirements

A**Definition of
Acceptable
Warehouse
Receipt**

[7 CFR 1427.11] An acceptable warehouse receipt is a negotiable receipt, meeting eligibility requirements, issued by a CCC-approved warehouse that is either of the following:

- a machine card-type warehouse receipt that is prenumbered and prepunched
 - EWR recorded in a central filing system approved by CCC.
-

B**Allowance for
Delivery of
Cotton**

The warehouse receipt must provide for delivery of the cotton to the bearer or be properly assigned by endorsement in blank to vest title in the holder of the receipt.

C**Gin Bale
Number**

The warehouse receipt must contain gin bale number. If:

- gin number and warehouse receipt number are the same, a notation to that effect will meet the requirement
 - bale was moved from origin warehouse, new receipt must contain the warehouse receipt tag number and identification of the origin warehouse.
-

D**Receiving
Charges**

The warehouse receipt must show whether warehouse receiving charges have been paid or waived.

E**Warehouse Code**

The warehouse receipt must contain the warehouse code that was assigned by CCC.

The warehouse code must be preprinted on nonelectronic receipts.

Continued on the next page

164 Warehouse Receipt Requirements (Continued)

F**Warehouse Tag
Number,
Including Tare
and Net Weights**

[7 CFR 1427.11(c)] The warehouse receipt must contain the:

- warehouse tag number (warehouse receipt number)
- tare and net weight of the cotton.

Note: Tare weight must be 1 of the weights in pounds according to subparagraphs 72 C and 183 B.

Nonelectronic receipts showing any alterations in the weight shall not be accepted unless they bear on the face the following stamped legend, or similar wording, approved by CCC.

Corrected (gross, tare, or net) weight _____
Warehouse Name _____
By _____

Note: The legend must be signed or initialed by an authorized warehouse representative.

Continued on the next page

164 Warehouse Receipt Requirements (Continued)

G**Additions to
Nonelectronic
Warehouse
Receipts**

[7 CFR 1427.11(c)(3)] For original Federal warehouse receipts, all additions must be signed or initialed and dated by an authorized representative of the warehouse.

Notes: An incorrect entry that is being corrected shall be lined through.

Any additions must be related to information previously entered on the receipt.

For non-Federal warehouse receipts, corrections or erasures must be initialed by an authorized representative of the warehouse.

H**Compression
Status and
Charges**

[7 CFR 1427.11(g)] Warehouse receipts must show:

- compression status of the bale
- if the compression charge has been paid or waived.

Notes: Bales must not be compressed to universal density if side pressure has been applied.

If compression charge has not been paid or waived, no statement is required.

See subparagraph 184 B for compression codes.

I**Storage Charges**

[7 CFR 1427.11(d)] Warehouse receipts must show the date through which storage charges have been paid, if they have been paid.

Continued on the next page

164 Warehouse Receipt Requirements (Continued)

J

Charges for New Ties

[7 CFR 1427.11(e)] Warehouse receipts must show information on charges for new sets of ties for compressing flat bales tied with ties that cannot be reused.

Note: This does not apply for bales stored in:

- Alabama
- Florida
- Georgia
- North Carolina
- South Carolina
- Virginia.

Charges must be shown on the warehouse receipt and noted, “Rec. charges due include charge for new set ties”, or explained with other appropriate notation if all of the following apply:

- bale is stored at a warehouse that has compress facilities or arrangements
- receipt shows the receiving charges have not been paid
- receiving charges include charge for new set of ties.

In addition, it must be shown on the receipt that bale ties are not suitable for reuse if both of the following apply:

- bale is stored at a warehouse that does not have compress facilities or arrangements
 - bales shipped from the warehouse are normally compressed in transit.
-

K

Date of Receipt

[7 CFR 1427.11(a)] Warehouse receipts must be dated on or before date the producer signs CCC-Cotton A.

Continued on the next page

164 Warehouse Receipt Requirements (Continued)**L Signature Requirements on Receipt**

Warehouse receipts must be signed by the warehouse operator or authorized representative.

Machine or rubber stamp facsimile signature or other type affixed by the warehouse operator or authorized representative must meet the requirements of the Uniform Commercial Code (UCC 7-201-205) or be approved by the licensing authority.

M Producer-Identified Cotton

Warehouse receipts that show cotton was received by the warehouse from the producer may be accepted for obtaining a loan or LDP if all other requirements in this paragraph are met.

Warehouse receipts that show cotton was received by the warehouse from anyone other than the producer or the producer's agent, including bearer and blank entries, can only be accepted for purposes of obtaining a loan or LDP if both of the following are applicable:

- all other requirements in this paragraph are met
- the producer provides a gin tag list prepared by the ginner that shows the cotton represented by the presented receipts were ginned for the producer or for the account of the producer.

Notes: Entries that show cotton received from someone other than the producer, but is for the account of the producer, is identified with the producer.

For LDP's, the warehouse receipt does not have to be issued by a CCC-approved warehouse.

Example: If the warehouse showed the cotton was received from "ABC gin for the account of John Doe", the receipt is identified with the producer.

165 Statement of Charges Attached to Warehouse Receipts**A Applicability**

A separate statement of charges or bill that is **not** part of the warehouse receipt, but is attached to or submitted with the warehouse receipt, that indicates charges **normally** associated with handling the commodity represented by the warehouse receipt shall:

- be considered an offset amount
- **not** be considered a lien.

Before any charges on a statement of charges or bill can be offset, each State Office must submit such charges to DAFP for concurrence. Charges commonly approved for offset are gin-related charges including handling, storage, drying, cleaning, ginning, in and out charges, transportation to and from the gin, and classing charges that may be billed by the gin or warehouse.

***--Charges that may **not** be offset from loan proceeds include:**

- warehouse receiving or load-out charges
- any warehouse storage charges.--*

B Handling as an Offset

The amount of applicable charges shown on the statement of charges or bill shall be considered an offset.

County Offices shall record the applicable charges on CCC-679 by doing either of the following:

- adding the total dollar amount of the charges shown on the statement of charges to any CCC, FSA, or other Government agency debt
- modifying the sentence in lienholder's block, item 3, to add language that states whose charges are being offset without specifying the type or amount of the charges.

Notes: If the loan is approved, the amount of applicable charges shown on the statement of charges or bill shall be handled as an offset for an alternate payee.

See subparagraph 163 D for an example.

166 Electronic Warehouse Receipts

A**Definition of
EWR**

EWR is:

- an electronic file in a central filing system that has been identified to an EWR holder and contains warehouse receipt information relative to a bale of cotton
- issued only by licensed cotton warehouse operators
- issued by transmitting all necessary information to an approved provider who maintains EWR's in a central filing system.

Note: See Part 8 for cotton warehouse receipt processing.

B**Definition of
Central Filing
System**

A central filing system is an electronic computer system operated and maintained by an approved provider where information relating to EWR's is recorded.

C**Definition of
Approved
Providers**

[7 CFR 1427.17] Approved providers enter into a user agreement with CCC that ensures that:

- EWR's maintained in a central filing system meet loan program requirements
 - all EWR data is in a format that can be downloaded into APSS through PC's.
-

D**Definition of
EWR Holders**

An EWR holder is an individual or entity in possession, in fact or by operation of law, of a receipt and by extension, of the cotton, represented thereby.

167 Classification Data

A**AMS Classed**

All cotton tendered for loan must be classed by an AMS classing office.

See Exhibit 12 for an explanation of the codes used by AMS in its Universal Classification Data Format.

B**Acceptable
Classification
Data**

AMS classification data is acceptable in any of the following formats:

- AMS cotton class cards
 - AMS cotton classing through the cotton warehouse receipt process or EWR *--operations according to paragraph 341--*
 - ginner-prepared punch cards if the cards are punched in the same format as AMS-issued cards according to paragraph 168
 - computer printouts prepared by ginner using the AMS alternate method for issuing official class data according to paragraph 169
 - diskettes prepared by private entities using AMS data according to paragraph 170.
-

C**Sampling**

Only 1 sample per bale is to be drawn and sent to the AMS classing office; however, if 2 or more samples are submitted by error or for another reason, use the classification that has the lower loan rate.

D**Review
Classification**

If a review classification is obtained, base the loan or LDP rate on the review classification.

Note: If a review classification is obtained after the loan or LDP is made and the classification results in a higher or lower loan rate, no action is required unless the loan is forfeited to CCC. If forfeiture occurs, correct the loan according to 12-PS.

E**Two-Sided Bales**

Two-sided bales (Code 75) may be pledged for loan using the lower side if the bale is not mixed-packed.

168 Ginner Punch Cards

A**Background**

Some gins have the capability to produce computer punch cards from class data received from AMS by either of the following:

- computer tape or diskette
 - electronic telecommunications.
-

B**Minimum Requirements**

Before County Offices may accept ginner prepared punch cards, cards **must** be:

- punched in the same format as AMS class cards
 - accompanied by a signed certification by the ginner stating that the data on the computer-punched card is the same as the data provided by AMS.
-

169 Classification Data on Computer Printouts

A**Background**

AMS provides an alternative method for issuing official class data, other than class cards, to ginner upon request. Instead of class cards, AMS provides the ginner a hard copy of the official class data and either of the following:

- a computer tape or diskette
- an electronic transmission.

Using the computer tape, diskette, or electronic transmission, the ginner prepares a computer printout that:

- is provided to the producer
 - will be presented to the County Office when requesting a loan.
-

B**Minimum Requirements**

Before County Offices may accept ginner-prepared printouts, the printout must:

- include all the following data as provided by AMS:
 - gin code number
 - gin bale number
 - date classed
 - color grade
 - length (32nd)
 - mike
 - strength
 - leaf grade
 - extraneous matter
 - remarks
 - upland or Pima
- be accompanied by a signed certification by the ginner stating that the data on the computer printout is the same as the data provided by AMS.

Note: Ginner may submit 1 certification for the entire year to satisfy this requirement.

170 Preprocessed Bale Data**A Purpose**

As a service to producers, some private entities are able to prepare diskettes for County Offices that shall be considered acceptable for CCC purposes, if formatted according to Exhibit 13, to use in processing loans and LDP's.

Loans can be made using preprocessed bale data that has been transferred to System 36 from cotton warehouse receipt process according to paragraph 330.

***--B Data Received by Diskette or E-Mail**

Preprocessed bale data can be accepted by diskette or e-mail. If bale data is submitted electronically, the **producer must sign and date a paper copy** of the bale information to ensure that the electronic list corresponds to the producer's loan request.

Follow paragraph 330 to process cotton bale data received electronically. Any diskette received does not need to be retained; the signed, paper copy is sufficient record.--*

C Bale Listings Provided by E-Mail

Gin/gin tag and warehouse/warehouse receipt listings of bales for LDP may be provided to County Offices at the time of LDP request by e-mail. County Offices shall print and retain in the loan folder these listings and process the loan using the table in paragraph 331.

--170.5 Processing Loans Through Cotton Warehouse Receipt Process*A Processing References**

County Offices shall process loans through the cotton warehouse receipt process according to the following table.

IF data is for...	THEN follow instructions in paragraph...
loans based on EWR's provided by:	
• preprocessed diskette	330
• e-mail	331
• paper listing	332.
gin-direct cotton loan	332.

171 Redetermining Bale Weights

A

**Weight Increase
Because of
Absorbed
Moisture**

Redetermined weights are not acceptable if it is determined that an increase in weight is because of absorbed moisture.

B

**Tare or Net
Weight Changes**

Subparagraph 164 H shows how to make acceptable changes in gross, tare, or net weights on warehouse receipts.

C

**Error in Gross
Weight**

If there is an error in gross weight:

- before loan is made, the County Office shall require the issuing warehouse to either:
 - issue a new receipt with correct weight
 - correct the weight according to subparagraph 164 H
 - after loan is made, the County Office shall not increase or decrease the amount of the loan.
-

172 Loan Rates for Ginned Cotton

A**Upland Cotton****Base Loan Rate**

[7 CFR 1427.1(b)] [7 CFR 1427.8(a)] Use base loan rates for SLM 1-1/16 inches upland cotton at each approved warehouse location as shown in Exhibit 15.

Premiums and Discounts

Use the following exhibits to adjust base loan rate for the applicable premiums and discounts:

- Exhibit 5 for grade, leaf, and staple length
 - Exhibit 6 for extraneous matter
 - Exhibit 7 for uniformity
 - Exhibit 8 for strength
 - Exhibit 9 for micronaire.
-

B**ELS Cotton****Schedule of Loan Rates**

See Exhibit 10 for the schedule of loan rates for all locations by grade and staple length.

Discounts

See Exhibit 11 for discounts for micronaire and extraneous matter.

173 Loan Service Fee

A

Service Charges

[7 CFR 1427.13] Service charges shall be assessed on all loans disbursed. The service fee shall be the **smaller** of the following:

- ½ of 1 percent (.005) times the gross loan amount
- \$7.50 per loan plus 90 cents for each bale pledged.

This amount shall be withheld from the loan amount.

Note: If multiple loans are made for County Office convenience, the \$7.50 fee is charged on the initial loan only but the 90 cents/bale fee applies to all bales. See subparagraph 187 B, step 22 to reduce the \$7.50 fee on multiple loans.

174 Allowable and Nonallowable Loan Charges

A

Allowable Deductions

Allowable deductions from the gross loan amount are those for:

- nonrefundable loan service charges, according to paragraph 173
 - cotton clerk fee, according to 14-CN
 - upland cotton research and promotion assessment, according to paragraph 175.
-

B

Nonallowable Deductions

Nonallowable deductions from the gross cotton loan amount are **any** unpaid warehouse:

- storage charges
- receiving charges, which may include charges for new ties.

*--If a statutory lien exists on the cotton, such as a State lien for boll weevil eradication, or a labor lien such as ginning charges that have statutory standing, and:

- lien waivers are **not** received, do **not** disburse the loan--*
-

Continued on the next page

174 Allowable and Nonallowable Loan Charges (Continued)

B**Nonallowable Deductions (Continued)**

- lien waivers are received and checked in block 2, disburse loan proceeds without any offsets jointly to all lienholders and producers. In such case, the *--following charge, if requested for offset, shall not be deducted from --* loan proceeds:
 - ginning fees or other fees requested for payment by producer
 - marketing fees assessed by loan clerks
- lien waivers are received and checked in block 3, disburse loan proceeds, less the specifically approved offset changes, jointly to all lienholders and producers.

Note: Cotton clerk fees are an allowable deduction from the gross loan amount.

175 Research and Promotion Fees

A**Fee and Computation**

[7 CFR 1427.13(d)] Research and promotion fees paid to the Cotton Board are deducted from loan proceeds. This fee is centrally collected and remitted to the Cotton Board from Kansas City. The amount of the fee is shown on:

- CCC-Cotton A
- CCC 881, item 7d.

CMA's and LSA's that provide loans deduct this fee from loan proceeds and pay the Cotton Board directly rather than payment collection through Kansas City.

Compute upland cotton loan research and promotion fees as follows:

charge \$1 per bale, plus a supplemental assessment of .5 (.005) percent of the total loan value of the cotton, before deducting charges determined according to subparagraph 164 J for providing new bale ties.

176-180 (Reserved)

Section 2 Loanmaking, Ginned Cotton

181 Before Processing the Loan

A**Eligibility**

[7 CFR 1427.5] The eligibility requirement for the producer and cotton shall be determined according to Part 2 before processing loans.

B**Required
Forms and
Documentation**

When a producer requests a regular cotton loan, the producer shall complete CCC Cotton A-5 according to paragraph 182 and provide:

- acceptable warehouse receipts according to paragraph 164
- Note:** Cotton warehouse receipts must be held by CCC (EWR's must be "downloaded") for all loans whether repaid by cash or exchanged for a commodity certificate.
- acceptable classification data according to paragraph 167
- AD-1026 according to 6-CP
- Beneficial Interest Certification, when requested by COC, according to subparagraph 103 C
- CCC-10, except for loans requested for immediate exchange for commodity certificates
- *—CCC-526, or certification of average adjusted gross income according to 1-PL--*
- CCC-679, when applicable, according to subparagraph 163 D
- FSA-211, when applicable, according to paragraph 45
- FSA-578 according to 2-CP
- FSA-237, which is not required to be completed for a loan, but is recommended for all producers intending to designate agents using CCC-605
- CCC-502, which is not required for a loan advance, but is required to process a loan repayment at a reduced rate.

Important: Enter the date that all of the applicable forms were provided for the loan by the producer to the County Office on Screen PLC10005 in the "Date Documents/Warehouse Receipts Received" field, according to subparagraph 182 B, item 8.

181 Before Processing the Loan (Continued)

C

**Form Required
for Loan
Requested for
Immediate
Commodity
Certificate
Exchange**

When a producer requests a cotton loan for immediate exchange for a commodity certificate, the producers shall provide:

- the forms required by subparagraph B, except CCC-679
 - signed and dated CCC-694-2 that includes the following entered in item 9:
 - “I acknowledge that this request for an immediate exchange of loan collateral for a commodity certificate, to be applicable to the attached list of cotton bales, is an irrevocable request that cannot be altered or withdrawn under any circumstance.”
 - the entity, and holder ID if applicable, to whom the cotton loan collateral is to be released.
-

***--D**

**Loan Requests
Submitted
Electronically**

Producers may submit loan and LDP application forms electronically if the applicant has received credentials through WEBCAAF.

The date and time of the electronic transmission shall be considered the date and time of receipt by FSA.--*

182 Using CCC Cotton A-5, Statement of Eligibility and Information Worksheet**A****General Information**

CCC Cotton A-5 shall be completed to serve as a source document for preparing cotton loans.

183 Tare Weights

A

**Definition of
Tare Weight**

Tare weight means the weight of the cotton bale packaging materials, which when deducted from the gross bale weight yields the net bale weight.

B

**Valid Tare
Weights**

The valid tare weights that can be entered when processing cotton loans through APSS are 2, 3, 4, 5, 6, 7, and 8.

184 Compression Status

A

Definition of Compression Status

Compression status refers to the density of the bale of cotton. In APSS, the compression status of a bale is expressed as an alpha code, called the “compression code”.

B

Valid Compression Codes

This table lists valid compression codes that can be entered when processing cotton loans through:

- APSS
- *--cotton warehouse receipt process.--*

Valid APSS Code	Valid Cotton PC Code	Code Explanation
F	1	Flat Uncompressed Bales
GH	4	Gin High Density Bales
GS	3	Gin Standard Density Bales
GU	5	Gin Universal Density Bales
M	2	Modified Flat Bales
SD	7	Standard Density Bales
SS	8	Standard Density Short Bales

185 Producers' Loan Shares

A

Loan Shares

For loans involving multiple producers, individual producer loan shares must be consistent in terms of reasonableness with the shares and acres reported on FSA-578.

For more information on:

- acreage reporting and the FSA-578 process, see 2-CP
 - questionable or commingled production, see subparagraph 119 B
 - recording producer shares during regular loan processing in APSS, see subparagraph 187 B, step 21.

188 Preparing Manual Loans

A When Manual Loans Shall Be Prepared

If the APSS system is inoperable and it is expected to be inoperable for at least 4 workdays from the time the warehouse receipts and all documents required from the producer for the loan are presented by the producer or authorized agent for loan, the County Office shall prepare the loan manually, only if requested by the producer or authorized agent to do so.

B When Not to Manually Prepare a Loan

If the APSS system is operable or is expected to be operable within 4 workdays of the day the producer or authorized agent presents the warehouse receipts, do **not** manually prepare the loan.

C Action Taken to Prepare and Disburse a Manual Loan

County Offices shall:

- determine the eligibility of the producer and cotton
- use the premiums and discounts listed in the applicable exhibits of this handbook to figure loan rates
- complete CCC-Cotton A, CCC-Cotton A-1, and if applicable, CCC-Cotton A Continuation, according to paragraphs 189, 191, and 190, respectively
- follow procedure in 1-FI to disburse manual CCC-184's
- immediately when APSS is operable, enter the loan data according to paragraph 192.

--Note:** The total disbursement calculated for manual loans (the loan amount less fees) shall **not** be reduced to 75 percent of the computed amount.**--

**Maintaining
Counter Copies**

*--The practice of maintaining counter copies of CCC-Cotton A-1's is prohibited. County Offices are prohibited from divulging the terms of any price support or payment transaction between CCC and an individual or other entity. Specifically, loan or payment information must not disclose the name or identifying producer numbers, such as a Social Security number, that would link the loan or payment to the individual or entity. It is permitted to disclose loan quantities or payment levels as long as that information cannot be linked to an individual or entity.

Loan information included on CCC-Cotton A-1, including the producer's or entity's identification, may be provided to cotton merchants if either of the following apply:

- the disclosure is approved ahead of time by the producer or entity
 - the merchant is the agent designated for the loan quantity on CCC-605.--*

Section 3 Loan Repayments, Ginned Cotton

197 Basic Provisions

***--A 2002 Through 2008 Crop Upland Cotton Repayments**

[7 CFR 1427.19] A producer or agent designated on CCC-605 may repay the loan amount for 1 or more bales of 2002 through 2008 crop upland cotton pledged as collateral for a--* loan at a level that is the lesser of the following:

- loan principal, plus interest that accrued on the loan principal during the loan period, plus any compression and reconcentration charges that were previously paid by CCC
- AWP, as determined by CCC and in effect on the day the repayment is received in the County Office, adjusted for location, quality, and allowable CCA, multiplied times the net bale weight, plus any compression charges that were previously paid by CCC, minus warehouse storage charges according to paragraph 198.

***--Note:** AWP **cannot** be adjusted by discounts and CCA to a value less than zero.--*

See the following paragraphs:

- 22 to determine AWP and CCA in effect
- 26 to determine the allowable CCA

Note: When CCA is applicable and in effect, CCA is subtracted from AWP to calculate the loan repayment rate.

- 27 for grades of cotton for which CCA is applicable
- 198 for instructions on how upland cotton cash loan repayments are calculated
- 201 for certificate exchanges
- 204 for accepting CCC-605's.

Producers may repay the loan amount for bales after the loan has matured, if the receipts are still in the County Office and the forfeiture has not been processed, by repaying the loan principal, plus interest that accrued on the loan principal during the loan period, plus any compression and reconcentration charges that were previously paid by CCC.

197 Basic Provisions (Continued)**B ELS Cotton**

[7 CFR 1427.19(c)(2)] A producer may repay the loan amount for 1 or more bales of ELS cotton pledged as collateral for a loan by repaying the loan amount and charges, plus interest, determined for these bales.

C Commodity Certificate Exchanges

Commodity certificates may be purchased to exchange for upland cotton loan collateral if AWP is less than NALR for upland cotton. See paragraph 201 for more information. Certificate exchanges **cannot** be made:

- after upland cotton loan maturity
- for ELS cotton loan collateral
- for seed cotton loan collateral
- for CCC-owned commodities.

D Payment Limitation Provisions

[7 CFR 1400] See paragraphs 25, 43, and 44 for payment limitation provisions.

***--E Using CCC-697**

The repayment rate for an upland cotton loan cannot be “locked-in” using CCC-697. CCC-697 does **not** apply to cotton because it is intended for use with farm-stored commodities.--*

197 Basic Provisions (Continued)**F Types of Remittances**

County Offices may accept the following types of remittances for repayment of a cotton loan:

- cash
- CCC-184
- postal money order
- check, draft, or money order issued by a bank
- check or draft issued by a person, firm, etc., and certified, guaranteed, or acceptable by the bank on which it is drawn
- *--wire transfers according to subparagraph 209 A and 3-FI--*
- personal or corporate checks.

STC may require certified or cashier's checks for cash redemptions of cotton loans when it is considered necessary to protect CCC's interest. This requirement may be carried out on 1 of the following:

- an individual county basis
- a Statewide basis
- an individual producer or buyer basis if that individual has demonstrated irresponsibility by issuing a check for repayment that was later dishonored upon deposit.

County Offices shall:

- use prudent judgment in releasing loan collateral if an uncertified personal or corporate check is offered to redeem a loan
- **not** accept checks that do not conform to proper business practices.

G Releasing CCC-Cotton A

County Offices shall mark original CCC-Cotton A "PAID" and mail to the contact producer, but not until 30 calendar days after the last bale applicable to the note has been redeemed.

198 Upland Cotton Cash Loan Repayments

A Repayments

The following table explains how loan repayment amounts are calculated, on a bale-by-bale basis, when the loan is repaid during the loan period.

Notes: The term AWP bale value means the AWP, as determined by CCC and in effect on the day the repayment is received in the County Office, adjusted for location, for quality, and for allowable CCA when applicable, **multiplied times** the net bale weight. The AWP bale value cannot be less than zero.

In all instances the producer is responsible for paying any compression charges previously paid by CCC.

See paragraph 49 for more information on tariff rates.

--The maturity date of each loan is the last day of the 9th calendar month following the month in which the loan proceeds are disbursed.--

IF the AWP bale value is...	THEN in calculating the repayment amount CCC...
below the NALR bale value	shall: <ul style="list-style-type: none"> • reduce the repayment amount by all storage charges (tariff rate) that accrued from the date all documents required from the producer for the loan were provided, through the estimated date the receipts are released by the County Office • waive all: <ul style="list-style-type: none"> • reconcentration charges previously paid by CCC • interest that accrued during the loan.
equal to or above the NALR bale value by less than the sum of interest and warehouse storage charges that accrued during the loan	<ul style="list-style-type: none"> • shall reduce the repayment amount by all or some of the storage charges (tariff rate) that accrued from the date all documents required from the producer for the loan were provided, through the estimated date the receipts are released by the County Office • may waive all or some of the: <ul style="list-style-type: none"> • reconcentration charges previously paid by CCC • interest that accrued during the loan.
above the NALR bale value by as much as or more than the sum of interest and storage charges that accrued during the loan	shall not : <ul style="list-style-type: none"> • provide a credit for any warehouse storage charges • waive any interest or reconcentration charges previously paid by CCC.

201 Commodity Certificate Exchange for Loan Collateral**A Policy**

Effective since February 22, 2000, upland cotton marketing assistance loan collateral has been eligible for exchange for commodity certificates **if AWP is less than NALR**. This exchange process no longer involves issuance of CCC-6.

Commodity certificates are **not** issued for any of the following:

- *--exchange with collateral of any low grade upland cotton loan for which the repayment rate calculates as a negative--*
- exchange with collateral of seed cotton loans
- exchange with collateral of ELS cotton loans
- CCC-owned inventory.

Market gains from exchanging certificates for loan collateral are not:

- reported by FSA to IRS on CCC-1099-G
- subject to payment limitation.

Loan collateral exchanged for a commodity certificate:

- *--**must meet all eligibility requirements, including beneficial interest, according to paragraph 118--***
- is **not** eligible to be repledged.

201 Commodity Certificate Exchange for Loan Collateral (Continued)***--B Commodity Certificate Exchange Process**

The following are the steps by which loan collateral is exchanged for commodity certificates.

201 Commodity Certificate Exchange for Loan Collateral (Continued)**E Commodity Certificate Exchange for Producer Agent Not Present to Sign CCC-694-2**

Use this alternative when:

- commodity certificate exchanges are requested by a producer agent designated by CCC-605
- the producer agent is not present in the County Office at the time of the request.

***--Note:** This alternative does not apply if a loan is requested for immediate exchange with a commodity certificate.--*

A designated producer agent must provide FSA with CCC-605, CCC-605-1, or a bale list, to be retained by the County Office for each commodity certificate exchange that must:

- be signed and dated by the producer or his agent
- have entered on either side the following statement:

“I acknowledge: (1) receipt of Commodity Credit Corporation (CCC) Commodity Certificate which I requested to purchase from CCC; (2) that the certificate will be exchanged with CCC in the manner specified in CCC regulations at 7 CFR Part 1400 in order that I may receive commodities from CCC which had previously been pledged as collateral for a CCC marketing assistance loan; and (3) that for purposes of valuing the commodity acquired under this transaction, such value will be the marketing loan repayment rate applicable under 7 CFR Parts 1421 (commodities other than upland cotton) and 1427 (upland cotton) for the commodity determined as of the day I made payment to CCC for the commodity certificate.”

F Completing the Exchange

When either CCC-694-2 or the statement added to CCC-605 has been signed (signature of *--1 or the other, but not both is required) and payment for the commodity certificate has been received, County Offices shall:--*

- immediately release the loan quantity in the normal manner
- record the exchange in APSS.

202 Estimating Upland Cotton Loan Repayments**A When to Estimate Repayments**

County Offices may estimate upland cotton loan repayments when the:

- computer is not operating
- workload in the County Office will not permit loan repayment processing when repayment is requested.

Note: County Offices shall ensure that the estimated repayment amount takes into consideration the producer's remaining payment limitation.

B Using Average Bale Weights

County Offices may estimate loan repayment amounts for cash redemptions and certificate exchanges by multiplying the applicable average bale weight times the number of bales being redeemed times the lesser of the following:

- AWP, according to paragraph 22, adjusted for any positive location differential
- highest loan rate applicable to the loan, plus applicable interest.

Note: The location differential is equal to the difference between the county loan rate where the cotton is stored minus NALR.

202 Estimating Upland Cotton Loan Repayments (Continued)**C State Average Bale Weights**

This table lists bale weights for average quality by State.

State	Bale Weight Average Quality
Alabama	486
Arizona	496
Arkansas	480
California	504
Florida	463
Georgia	488
Kansas	397
Louisiana	477
Mississippi	487
Missouri	482
New Mexico	456
North Carolina	481
Oklahoma	436
South Carolina	462
Tennessee	471
Texas	457
Virginia	494

202 Estimating Upland Cotton Loan Repayments (Continued)**D Example Repayment Value Calculation**

Estimated loan repayment value is equal to the national AWP, adjusted for any positive location differential, times the average bale weight, times the number of bales being redeemed.

This example is for 10 bales of 2000 crop cotton stored at a warehouse in Lonoke County, Arkansas.

AWP = \$0.3380

Location Differential = \$0.0070 (\$0.5305 -\$0.5235)

Bale Weight = 480 (Arkansas average)

$(\$0.3380 + \$0.0070) \times 480 \text{ lbs.} = \$165.60 \times 10 = \$1,656.00.$

E Using Producer- or Agent-Supplied Repayment Data

If a producer or, if applicable, an agent provides bale repayment data and the data is determined reasonable by the County Office, the County Office may use the data instead of average bale weights.

The data must show, at a minimum, the following for all bales being redeemed:

- actual individual bale repayment amount
- total repayment amount.

Note: If the data does not meet the minimum requirement, estimate the repayment using average bale weights according to subparagraph D.

202 Estimating Upland Cotton Loan Repayments (Continued)

* * *

F Entering Repayment Into APSS

County Offices shall, as soon as possible, but no later than 30 calendar days after releasing warehouse receipts based on estimates or producer- or agent-supplied repayment data, process the transaction as a manual repayment through APSS according to paragraph 199.

*--See paragraph 210 for instructions about release of receipts.

Notes: If a balance or refund is due, follow subparagraph G.

If according to subparagraph 210 B, the person has been advised that an--* insufficient amount has been received, the County Office shall not process the repayment before the earlier of:

- the date the additional amount is received
- 16th calendar day after the notification.

Note: Take action according to when additional amount is received as follows.

IF additional amount is received...	THEN County Office shall...
within the 15 calendar days	immediately release the additional warehouse receipts.
after the 15 th calendar day but before the repayment is processed in APSS	immediately release the additional warehouse receipts and, when repayment is processed in APSS, use the repayment rate in effect on the day: <ul style="list-style-type: none"> • the initial repayment amount was received in the County Office for warehouse receipts that were initially released • the additional amount was received in the County Office for the additional warehouse receipts that were released.
after the repayment has been processed in APSS	apply the repayment to any outstanding amount due and refund any excess or return the payment if no amount is due.

202 Estimating Upland Cotton Loan Repayments (Continued)**G Balances Due and Applicable Refunds**

After the repayment has been entered into APSS and a:

- balance is due CCC, request the person that redeemed the bales to provide the additional amount due within 15 calendar days

Note: Send the notification letter and, if applicable, demand letter according to paragraph 42, to the contact producer listed on CCC-Cotton A if:

- a producer on CCC-Cotton A made the repayment
 - repayment is not received within 15 calendar days from the person redeeming the loan.
- refund is due, make the refund payable to the person who redeemed the bales.

Note: County Office shall not make manually calculated refunds.

H Reviewing Repayment Data, if Applicable

If, after recording repayment data through APSS, it is found that an agent or a producer continually submits less cash * * * than is needed for the repayment amount, advise the producer or agent that:

- further producer- or agent-supplied repayment calculations will not be accepted
- warehouse receipts will not be released until both of the following occur:
 - the repayment has been processed through APSS
 - a determination has been made that the remittance is sufficient to redeem all bales requested.

203 Insufficient Cash Repayment Amounts**A Applicability**

County Offices shall use this process when processing a repayment that is not an estimated repayment or a repayment with denied market gain for which an insufficient repayment amount is received to redeem all bales requested.

Note: Continue to estimate repayments according to paragraph 202.

B Handling Insufficient Payments

If the repayment amount received is less than the amount indicated on Screen PPC42900 when processing the repayment, print Screen PPC42900 and PRESS “Cmd7”. Process the repayment again redeeming only the number of bales for which sufficient funds are received.

County Offices shall:

- release only those warehouse receipts repaid during the APSS repayment
- not issue any refund check that was generated by APSS for a maximum of 15 calendar days
- immediately notify the person making the repayment:
 - of the amount required to redeem the additional bales not released, minus the amount of the refund check
 - if the additional amount due is received within 15 calendar days, repayment for the additional bales will be made at the same repayment rate as those bales previously redeemed and released

203 Insufficient Cash Repayment Amounts (Continued)**B Handling Insufficient Payments (Continued)**

- if additional funds are:
 - received within 15 calendar days, cancel the refund check and reissue the check to CCC to repay the unreleased bales, using the additional money received and the refund check, at the same repayment rate used for the released bales

Note: In this case, the withheld bales shall be considered redeemed and processed on the same date as the previously released bales.

- not received within 15 calendar days, issue the refund check to the person making the repayment on the 16th calendar day.

Note: After 15 calendar days, the repayment for the withheld bales must be calculated at the rate in effect on the date any additional funds are received in the County Office.

C Intentional Insufficient Repayments

If it appears that the only reason the repayment is insufficient was to lock in AWP, County Offices shall immediately send any refund check to the person making the repayment.

In addition to issuing the refund check, notify the person making the repayment that the repayment rate for the bales not released shall be calculated at the rate in effect on the date additional funds are received in the County Office.

--204 Using CCC-605, Authorization of Electronic Agent and Designation of Agent - Cotton*A General Use and Purpose**

[7 CFR 1427.5(e)(2)(iii)] and [7 CFR 1427.19] Producers use a single CCC-605 for each loan to:

- identify and designate an agent for the 1 loan specified on the form
- authorize such agent the option to redeem all or a portion of the bales of cotton pledged as collateral for a loan identified on the form
- authorize CCC to process the redemption and release of the loan collateral using the CCR process.

Producers using this form provide **both** the agent designation and authorizations established by the producer; none of these functions can be provided separately or independent of the others.

Execution of CCC-605 does not relieve any producer from the terms and conditions of the loan note and security agreement.

B Producer Use and Cancellation

[7 CFR 1427.5(e)(2)(F)] A producer who executes CCC-605 has several options regarding the disposition of the cotton loan collateral identified on CCC-605. The producer may:

- cancel CCC-605 by providing written, signed, and dated notice to the County Office where the loan was processed containing the following information:
 - the agent name
 - loan number
 - applicable bales
- redeem the loan collateral or exchange the loan collateral for commodity certificates either themselves, effectively canceling CCC-605, or by request of the producer's designated agent processed by either of the following:
 - County Office by providing the required repayment funds
 - CCR, which is available for use by producer or producer's agent that has an established EWR holder ID provided by EWR provider, who are registered and authenticated for CCR use
- forfeit the loan collateral to CCC unless redeemed by the producer's agent.--*

***--204 Using CCC-605, Authorization of Electronic Agent and Designation of Agent - Cotton
(Continued)**

C Resolving Concurrent Agent and Producer Redemption Requests

Requests for loan redemption may be submitted through CCR and County Office at the same time. CCC processes the request and releases the cotton to the first entity, either the producer or producer's agent, that provides repayment funds to CCC.

Under CCR, cotton loan collateral is:

- **committed when funds are received** and not available for a subsequent redemption requested at a County Office
- **not committed** by a pending CCR invoice for which no funds have been received.

When a County Office is informed that CCR invoice is pending, before accepting funds for a subsequent redemption request, the County Office shall determine whether funds have been transmitted to CCC by calling Shannon Fulghem, COPSS, at 816-926-1533.

If **funds have not been transmitted** to CCR based on a pending invoice request by an agent, and the EAD indicator is:

- “N”, the County Office shall process the repayment in APSS, and release bales
- “Y”, the County Office shall:
 - reset the indicator to “N”, process the repayment in APSS, and release bales
 - reset the indicator to “Y”, if there are outstanding bales.

If **funds have been transmitted** to CCR, County Office shall not process the request presented to them. The cotton will be released under CCR.

D Use by Producers' Designated Agents

Entities designated and authorized by producers on CCC-605, and any subsequent-designated agents, have authority to exercise an option to obtain cotton loan collateral by either repaying the producer's cotton loan or requesting that such cotton be exchanged for commodity certificates.

Producers' designated agents are not obligated to exercise the option provided under the terms of CCC-605.--*

***--204 Using CCC-605, Authorization of Electronic Agent and Designation of Agent - Cotton
(Continued)**

D Use by Producers' Designated Agents (Continued)

Such agents do not own the cotton or any "equity" in it. Any loss of ownership, title, or control of the cotton by the producer during the term of the loan constitutes loss of beneficial interest in the cotton, making the cotton loan subject to immediate repayment in full.

Designated agents of the producer may request release of the cotton from loan. They may:

- at the County Office:
 - redeem the loan collateral by providing:
 - a paper copy of the producer-endorsed CCC-605
 - a list of the requested bales
 - sufficient funds
 - request exchange of the loan collateral for commodity certificates by providing:
 - a paper copy of the producer-endorsed CCC-605, endorsed in Part E by the agent to request a certificate exchange
 - a list of the requested bales
 - sufficient funds
 - use the CCR process to redeem all or a portion of the loan collateral or request such collateral be exchanged for commodity certificates.

E Subsequent Designation of Agent

Designated agents of the producer may transfer the designation to a subsequent agent by endorsement of the CCC-605.

Subsequent agents, designated on CCC-605, may further transfer the designation to other subsequent agents on CCC-605 by endorsement.--*

***--204 Using CCC-605, Authorization of Electronic Agent and Designation of Agent - Cotton
(Continued)**

E Subsequent Designation of Agent (Continued)

If any subsequent agent designation is for less bales than:

- are associated with the applicable loan, CCC-605-1 or other bale list must be completed according to subparagraph 207 C
- originally designated by the producer, CCC-605-2 and CCC-605-1 shall be completed according to subparagraphs 207 B and 207 C, respectively.

F County Office Use

CCC-605, CCC-605-1, and CCC-605-2 shall be prepared only by producers and their designated agents and never by FSA personnel.

County Offices make these forms available for use by producers and their agents, but CCC bears no responsibility for establishing or maintaining the record of the current designated agent, or electronic record of such agent designation, for any producer or producer loan

When a valid CCC-605, CCC-605-1, or CCC 605-2 are presented at a County Office, the last agent designated for the identified bales may do either of the following:

- redeem the cotton
- exchange commodity certificates for the cotton according to subparagraph 201.

G Policy and Procedures for Filing

CCC-605, CCC-605-2, and CCC-605-1 are not filed by County Offices because CCC is not a party to these agreements. County Office filing would infer that CCC will be knowledgeable of and responsible for managing such agreements which is not a responsibility CCC agrees to undertake. Thus, these forms are not to be filed by County Offices.--*

Exception: If a designated agent is redeeming part of the cotton covered by CCC-605 or CCC-605-2, the County Office shall place a copy of CCC-605 or CCC-605-2 and supporting CCC-605's, CCC-605-1's, and CCC-605-2's in the loan folder and return the originals to the agent.

The County Office employee making any photocopy of an original CCC-605 or CCC-605-2 shall write or stamp, initial, and date the following statement on the photocopy: "This is a photocopy of the original having the required original signatures."

205 Required Signatures and Documents for Agent Designations

A Signatures Required for Valid CCC-605

Agents presenting CCC-605 to a County Office are responsible for that form to be properly ~~comple~~ted. Generally, a producer must have signed FSA-237 for FSA to accept and act upon a document bearing the producer's signature if the document is received by FAX.

CCC-Cotton A (dated 09-02-04) provides the producer's authorization for CCC to accept CCC-605 for the loan. Thus, a FAXed copy of CCC-605 is acceptable and may be acted upon by the County Office if:

- the producer has signed CCC-Cotton A, dated 09-02-04 or later
- the signatures are represented by a signed FSA-237 on file with FSA:
 - in the County Office for producers
 - on the national signature registry or in County Offices for producer's agents. ~~comple~~

B Signature Required for Valid CCC-605-2

For a presented CCC-605-2 to be considered valid, the agent must present:

- a properly completed CCC-605-2 that has **the original signature, a FAXed signature represented by FSA-237, or approved impressed signature** of the transferring agent according to subparagraph E
- a copy of the original CCC-605 that was properly completed and signed by the producer
- copies of all CCC-605-2's transferring designation for the presented CCC-605-2.

C Impressed Signatures on CCC-605's and CCC-605-2's

Any signature that is affixed to an original CCC-605 or CCC-605-2 and is a reproduction of the person's or authorized person's signature shall be considered an impressed signature.

Note: Signatures that were reproduced by a photocopy machine or a FAX machine are not considered impressed signatures.

D National Registry for Original and Impressed Signatures

The national registry of signatures for users of CCC-605 and CCC-605-2 is available on the FSA intranet at <http://intranet.fsa.usda.gov/psda/>. Under the "PSD Cotton Merchant" heading.

205 Required Signatures and Documents for Agent Designations (Continued)**D National Registry for Original and Impressed Signatures (Continued)**

For impressed signatures:

- each person or entity wanting to use an impressed signature on CCC-605 or CCC-605-2's must register their original signature or impressed signature with the national cotton signature registry maintained by PSD
- impressed signatures submitted to State Offices before the establishment of the registry remain valid for use through July 31, 2002, after which all impressed signatures shall be registered with PSD.

For original signatures, based on instructions in 1-CM, paragraph 680:

- cotton producers shall submit FSA-237 to their Administrative County Office, who shall provide copies to all other Service Centers in which the producer conducts business

Note: The national signature registry is not for use by individual producers.

- cotton merchants authorizing individuals to sign CCC-605 and CCC-605-2 must submit original signatures using FSA-237 to PSD

Note: FSA-237 will be maintained by PSD, and the authorized individual will be listed in the national cotton signature registry.

- cotton merchants shall send FSA-237 by either of the following:

- Express Mail only to:

USDA/FSA/PSD
Attention: Signature Registry
1400 Independence Ave S.W.
Stop 0512 - Room 4095
Washington, DC 20250-0512

- Delivery Service to:

USDA/FSA/PSD
Attention: Signature Registry
Room 4095, South Building
1400 Independence Ave S.W.
Washington, DC 20250

205 Required Signatures and Documents for Agent Designations (Continued)**E****Approved
Impressed
Signatures**

State Offices shall notify each cotton County Office of the impressed signatures that have been registered with the State Office and the format in which an impressed signature is to be represented.

Example: Southern Cotton Merchants has registered the following impress with the State Office:

Southern Cotton Merchants

The State Office would notify cotton County Offices that an impress signature for Bill E. Jones is acceptable on CCC-605's or CCC-605-2's if it is in the following format:

“Southern Cotton Merchants
/s/ *Bill E. Jones*”.

F**Presenting
Documents at the
County Office**

[7 CFR 1427.5(e)(2)] The following table shows what must be presented at the county Office or LSA where the loan originated by designated agents based on who is presenting CCC-605 and whether all or a portion of the loan quantity is being redeemed.

Type of Designation	Producer to Agent “A”	Agent “A” to Agent “B”

206 Using CCC-605-2, Designation of Subsequent Agent**A Preparing CCC-605-2's**

Agents who want to redeem only a portion of the cotton listed on CCC-605 or CCC-605-2 designating themselves as agent, may prepare a new CCC-605-2, completed according to subparagraph 207 B, which transfers only those bales the agent wants to redeem to themselves.

Note: For this purpose, CCC-605-2, front side, is all that is required. Copies of CCC-605-2 without a reverse side shall be acceptable if the front side is completed properly.

B Supporting Documentation

Agents who prepare a new CCC-605-2 for redeeming cotton under loan must submit to the County Office a new CCC-605-2, with the original signature or approved impressed signature, and a copy of the original CCC-605 and supporting CCC-605-2's, as applicable.

C CCC-605-1 Signature

County Offices shall not require CCC-605-1, or other bale list, to be signed when accompanied by CCC-605's that transfer the right to redeem the cotton loan from an agent to themselves.

207 Completing Designation of Agent Forms

A Instructions for CCC-605

CCC-605's must be completed according to these instructions to be accepted.

*--

Item	Instructions
Part B	
4A	Enter the crop year of the loan to which the designation of agent and authorization for CCR apply. A separate CCC-605 is required for each individual loan.
4B	Enter the loan number of the loan to which the designation of agent and authorization for CCR apply. A separate CCC-605 is required for each individual loan.
4C	Enter the maturity date of the loan to which the designation of agent and authorization for CCR apply. A separate CCC-605 is required for each individual loan.
5	If the producer is designating the agent for the total loan quantity identified in Item 4, check the " ALL " box. If the producer is designating a partial loan quantity, or a partial designated quantity is being designated by the agent or subsequent agent, check the "See attached Form CCC-605-1 or other list" box.
6	Producer reads Parts A and B and enters in Item 6 the name, address, and holder ID of the agent designated by the producer under the terms of Parts A and B (the holder ID is an alphanumeric code assigned to agents by the provider of electronic warehouse receipts).
7	Enter the address and FAX number of the FSA office where the documents for the loans identified in Item 4 are maintained.
Part C	
8A	Enter the name and address including ZIP code of the contact producer. Only the contact producer needs to be listed in cases where several producers have signed the note and security agreement for the loan. However, the other producers must sign and date in Items 9A through 12B. Part C is continued on CCC-605, Page 3, to provide additional signature space.
8B	Enter the telephone number including area code.
8C	Enter the signature of the contact producer.
8D	Enter date contact producer signed CCC-605.
9A-12A	Each individual producer (other than the contact producer) who signed the loan note and security agreement enters their signature and date of signature.
Part D	
12-15	Agents must endorse Items 12 through 15 if they transfer their authority to a subsequent agent.
Part E	
16	A producer's agent enters their signature if such agent is returning CCC-605 to a County Office to exchange the loan commodity for a commodity certificate at the County Office. If the agent is using CCR for a certificate exchange, this item may be left blank.
Part F	
	For FSA use.

CCC-605 (06-21-04)		U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation	
AUTHORIZATION OF ELECTRONIC AGENT AND DESIGNATION OF AGENT - COTTON			
Instructions for completing CCC-605: Producer reads Parts A and B. All Producers who signed the note and security agreement (CCC Cotton A) for the loan(s) identified in Part B, Item 4 must sign Part C to authorize CCC to use the Electronic Agent Designation and authorize and designate an agent. Agents complete Part D to transfer designation to a subsequent agent and Part E to request Commodity Certificate Exchange.			
PART A - TERMS OF AUTHORIZATION FOR CCC TO USE ELECTRONIC AGENT DESIGNATION			
1. For purposes of this authorization: a. The term "Provider" means the individual or entity that maintains electronic warehouse receipts for the collateral applicable to the loan(s) identified in Part A of this authorization in a central filing system. As of July 1, 2004, the CCC-approved Providers were: FAMBRO Electronic Warehouse Receipts, Inc., Intelligent Storage Services, Inc., and Plains Cotton Cooperative Assoc. The list of Providers can change and may have changed by the time this document is executed. b. The term "Designated Agent" means the individual or entity identified by the Provider on the electronic warehouse receipt bale data file as being authorized, through a grant by the Producer or by succession to a grant by the Producer, to redeem all or a portion of the cotton pledged as collateral for the loan(s) identified in Part B, Item 4 of this authorization. 2. The undersigned Producer(s) hereby requests and authorizes CCC to accept repayment of all bales of the loan or loans, as identified in Part B, Item 4 of this authorization, from the individual or entity identified as the Designated Agent on the electronic warehouse receipt bale data file maintained by the Provider for such loan collateral. Producer agrees further that the Producer will hold CCC harmless for any errors that may result from reliance on the information supplied in that regard by the Producer through the electronic warehouse receipt or otherwise. 3. The undersigned Producer(s) may request cancellation of this authorization by submitting a signed and dated request of such cancellation that identifies the applicable loan number. Producer agrees that CCC will not permit the loan collateral identified in Part B, Item 4 to be redeemed by the Producer at a County Office until the producer cancels this authorization. Producer acknowledges that cancellation of this electronic authorization and agent designation occurs when the electronic record is affected and not at the time of the producer request, and that cancellation of the electronic authorization does not constitute cancellation of any agency designation provided in Part B.			
PART B - DESIGNATION OF AGENT FOR LOAN REDEMPTION			
THE UNDERSIGNED PRODUCER(S) ("PRODUCER") hereby authorizes the agent identified in Item 6 or, if applicable, the subsequent agent identified by endorsement on Page 2 of this form or the execution of a Form CCC-605-2, to redeem all or a portion of the cotton pledged as collateral for the loan identified in Item 4 B. The Producer agrees that no other Form CCC-605 has been or will be executed with respect to such cotton. If this form covers all the warehouse receipts pledged as security for the loan as described in Item 4 B, mark "ALL" in Item 5. If this designation of agent is for only some of the warehouse receipts pledged as security for the loan, mark "see attached Form CCC-605-1, or other list" and enter the bale receipt number(s) in numerical order on Form CCC-605-1 or other list properly dated and signed by the producer. Attach CCC-605-1 or other list to this form.			
Title to the cotton shall, without a sale thereof, immediately vest in CCC upon maturity of the loan. CCC shall have no obligation to pay for any market value which the cotton may have in excess of the amount of the loan. CCC may sell, transfer and deliver the cotton or documents evidencing title thereto at such time, in such manner, and upon such terms and conditions as CCC may determine, without demand, advertisement, or notice of the time and place of sale. CCC does not guarantee that the cotton subject to this agreement will be permitted to be redeemed at a level lower than the original loan level if the producer has exceeded statutory payment limitation amounts. In addition, CCC does not guarantee that the cotton subject to this agreement will not be redeemed by anyone other than the designated agent or that the warehouse receipts representing the cotton will not be released to anyone other than the designated agent.

208 Maturity Date Notification Letter

A Maturity Date Notification

--At least 45 calendar days but not more than 60 calendar days before loan maturity, County Offices shall send to each producer of an upland cotton or ELS cotton loan, the letter in-- subparagraph B.

208 Maturity Date Notification Letter

B Notice of Maturity Letter

Use the following letter to notify each contact producer of loan maturity.

*--

Dear Producer:

This is to notify you that your (year) crop (upland or ELS) cotton loan, No. (loan number), will mature (maturity date).

Under the terms and conditions of the loan, the following options are available:

- repay the loan before maturity
- forfeit the loan collateral to CCC at maturity.

Loan extensions are not authorized.

If you choose to forfeit the loan collateral to CCC, you must pay to CCC at rates that are specified in the storage agreement between the warehouse and CCC, all:

- warehouse storage charges that accrued **before** the date all documents required from you for the loan were provided to this County Office
- unpaid warehouse receiving charges including any charges for new ties.

Any compression charges outstanding at the time of forfeiture will “travel with the bale”, and will not be billed to you.

Please notify the County Office of your intention to either repay with cash or forfeit. If you do not take action by loan maturity, your loan collateral will be forfeited to CCC automatically.

If you designated a buyer as agent using CCC-605 and that agent, or any subsequent agent, does not redeem this loan by maturity, you are responsible for the above charges.

Sincerely,

County Executive Director

209 Wire Transfer Repayments**A Processing Wire Transfer Repayments**

Follow this table to process loan redemptions made by CCC-258.

CCC-258 is provided to cotton producers or merchants by County Offices to cross-reference loans redeemed by CCC-258.

County Offices can use their manual log of wire transfer numbers maintained according to 3-FI, paragraph 39, to enter the loan numbers to which the wire transfer will apply.

--The date the wire transfer receipt and CCC-258 are received in the County Office is the-- date of repayment. Use AWP and CCA in effect on the date the receipt of the wire transfer is received.

Step	Action
1	<p>Upon request by a cotton merchant or producer for a loan redemption by wire transfer, provide (by FAX if requested) CCC-258 completed as follows:</p> <ul style="list-style-type: none"> • item 3 is the date requested for repayment by the merchant or producer that is used to calculate the repayment amount entered in item 8 • items 4 and 10 are pre-printed and no additional entries are to be made • item 8 is the repayment amount to be either of the following: <ul style="list-style-type: none"> • computed and entered by the County Office • entered by the County Office based on the merchant's repayment estimate that will be verified at the time the repayment is processed

The date the wire transfer receipt is received in the County Office is the date of repayment. Use AWP and CCA in effect * * * on the date received.</p>

--210 Release of Warehouse Receipts*A Policy**

When a cotton loan is repaid with cash or the loan collateral is exchanged for a commodity certificate, the warehouse receipts for the collateral are released to:

- the producer or other entity authorized by the producer to repay the loan
- another entity, if specified by the entity providing the loan repayment or certificate exchange.

B Releasing Receipts Based on Estimated Repayment Amounts

County Offices should release receipts no later than 6 workdays after sufficient monies have been received in the County Office.

Bales may be released based on estimated repayment value if the remittance for the repayment is equal to or exceeds an amount based on either of the following:

- average bale weights, according to subparagraph 202 B
- producer or agent-supplied repayment data, according to subparagraph 202 E.

If the remittance is not sufficient to redeem all of the bales requested, County Offices shall:

- release only the bales for which sufficient payment is received
- advise the person redeeming the cotton:
 - of additional amount required to redeem the additional bales requested
 - that the warehouse receipts for the additional bales will not be released unless the additional amount is received
 - that, if additional amount required to redeem the additional bales is not received within 15 calendar days, any amount over what is required to redeem the released bales will be refunded.--*

--Section 3.5 Loan Redemptions Using CCR*210.5 Redeeming Loans Using CCR****A General Information**

CCR is a web-based system that:

- provides a centralized process for merchants to redeem upland cotton loans disbursed by County Offices
- allows receipts from multiple loans and multiple counties to be redeemed in a single transaction
- uses EAD established based on a producer-signed CCC-605
- performs all calculation, collection, and release functions for cotton loans redeemed using CCR
- allows users to select either a:
 - commodity certificate exchange when the AWP is less than NALR
 - principal plus interest repayment when the AWP is equal to or greater than the NALR
- releases receipts automatically to the merchant once funds have been received and posted to COPS.

B CCR Business Rules

To be a valid CCR redemption request, each EWR must:

- be under a County Office issued loan
- not be in forfeiture status
- not be in a pending status for another CCR request
- be a valid EWR reflecting CCC as the current holder
- not have any of the COPS errors listed in subparagraph 210.6 A
- contain EAD holder ID that matches the COPS record.

The requested repayment date must be within the current AWP period of Friday through Thursday.

The storage credit will be calculated up to the applicable due date or repayment date plus 2 days for certificate exchanges regardless of the date the bales are released.

The CCR invoice is valid for 21 calendar days, but may be canceled by the merchant any time before payment is submitted.--*

--210.5 Redeeming Loans Using CCR (Continued)*B CCR Business Rules (Continued)**

CCR will accept a repayment:

- **earlier** than the requested repayment date based on the amount due on the requested repayment date. Bales will be automatically released the later of:
 - date payment is processed
 - original due date
- **later** than the due date, but before the invoice expires. The repayment amount will be recalculated based on:
 - repayment rate in effect on the date of the wire transfer
 - a storage credit up to the wire date plus 2 days for certificate exchanges.

If insufficient funds are received:

- only bales for which funds are sufficient will be redeemed
- a new request will be required for remaining bales.

If overpayment is received, CCC will provide a refund by direct deposit to the merchant's account.--*

***--210.5 Redeeming Loans Using CCR (Continued)**

C Merchant Action

To use CCR, a merchant must:

- register to use the system
- obtain producer signature on CCC-605 dated June 21, 2004, or later
- ensure that a copy of the completed CCC-605 for the loan cotton is submitted to the administrative County Office
- coordinate with the EWR provider to make merchant the EAD holder for bales that are being redeemed
- electronically transmit to:
 - CCC a redemption request to the CCR system
 - CCC the requested repayment date
 - CCC a list identifying the receipts to be redeemed
 - FRB funds according to invoice instructions.

D County Office Action

County Offices shall:

- update the loan EAD indicator to “eligible”, which allows use of CCR for that loan
- receive e-mail that CCR has been initiated for a loan
- download CCR repayment file
- liquidate loan in APSS, which completes the CCR process.--*

--210.6 Correcting COPS Errors*A COPS Errors**

CCR will reject bales that have any of the following COPS errors.

COPS Error Code	Error Description
R015	Warehouse Code/Warehouse Receipt number does not match EWR.
R025	Gin tag number is invalid.
R030	Duplicate gin code/gin tag.
R031	Gin code/gin tag was duplicated by another bale. Confirm bale information.
R040	State and/or County code are invalid.
R050	Disbursement date is invalid.
R122	CCC cannot be the holder of an LDP.
R125	Selected warehouse is not an approved warehouse or is not in active status.
R130	Loan number is invalid.
R140	Disbursement date is prior to storage start date.
R141	Disbursement date is less than document received date.
R142	Disbursement date is less than storage start date.
R143	Disbursement date is less than crop year start date.
R201	Loan or LDP made without AMS classing.
R202	Loan or LDP must be recalculated.
R907	State/County does not match current CRTS record.

B Correcting COPS Errors

Immediate attention must be given to all errors when a County Office is notified by COPS that error conditions exist on disbursed loans. Immediate correction is required to avoid having to reverse transactions and correct errors.

Receipts containing other COPS errors will be accepted. However, these errors could affect the repayment amount.

County Offices shall:

- timely research and resolve **all** COPS errors as soon as notified of errors
- check for COPS errors when notified that a receipt is in a pending CCR
- **not** correct COPS errors for receipts in a pending CCR invoice until notified that the loan has been repaid
- correct COPS errors **after** the receipt has been repaid, but **before** recording the repayment in APSS according to paragraph 210.08 C.--*

--210.7 Updating the EAD Indicator*A Updating EAD Indicator Prior to Merchant Loan Redemption**

A copy of the signed CCC-605 authorizing the agent to use CCR must be submitted to the County Office where the loan records are maintained by either the merchant or producer.

Receipt of the CCC-605 is required for the County Office to set the EAD indicator to “yes” (Y) which allows the loan to be redeemed using CCR.

The County Office shall update the EAD indicator to “Y” upon receipt of the CCC-605, using the real-time, web based function in COPS according to the COPS User Guide, Part 5.3, “EAD Status”.

When the EAD indicator for an individual loan is set to:

- “N”, CCR will reject loan redemption requests
- “Y”, the bales:
 - can be redeemed using CCR
 - cannot be released using the release option in the cotton PC software.

B Setting EAD Indicator for Redemptions Requested at County Office

County Offices shall take the following action when a redemption is requested by either a merchant or producer at the County Office (not using CCR) for a loan with an EAD indicator of “Y”:

- for redeeming all remaining collateral:
 - update the EAD indicator to “N”
 - process the repayment in APSS
 - release the receipts to the new holder using the cotton PC software
- for a partial loan redemption:
 - update the EAD indicator to “N”
 - process the repayment in APSS
 - release the receipts to the new holder using the cotton PC software
 - update the EAD indicator back to “Y” for the remaining receipts.--*

--210.8 Processing Notifications of CCR Transactions*A COPS E-Mail Notification for Pending CCR**

COPS places the receipts requested for redemption using CCR in a pending status. Pending status prevents subsequent action on the receipts (including redemption at a County Office) until the loan is redeemed or the repayment request is cancelled.

A CCR invoice is created that contains the following information based on the merchant's request:

- repayment date
- repayment amount
- invoice amount
- invoice expiration date.

COPS will send an e-mail to the County Office that provided the loan to advise that a CCR has been requested for the applicable loan numbers. **County Offices shall place the applicable loan folder in a pending status.**

COPS will send additional e-mails when:

- the CCR has been completed and the County Office can process the repayment in APSS
- invoice is cancelled.

B Downloading and Processing CCR Repayment File

When funds are wired and posted to COPS, receipts are released to the EAD holder and a CCR repayment file is created that:

- contains:
 - repayment date
 - repayment amount
 - bales chosen for redemption
 - CCC-257 schedule number
- pre-fills all APSS repayment fields
- is downloaded and transferred to APSS using the cotton PC software.

To process a CCR repayment, the County Office shall:

- download the CCR repayment file according to the COPS User Guide, Part 4.2
- transfer the repayment file to APSS according to paragraph 210.9
- liquidate the loan in APSS according to paragraph 210.10.--*

--210.8 Processing Notifications of CCR Transactions (Continued)*C Reversing and Re-entering CCR Repayments in APSS**

CCR will reject a redemption request for a bale that contains COPS error listed in the table in subparagraph 210.5 C. Other COPS errors will not prevent a CCR request, but could affect the repayment amount due. Errors **must** be corrected **before** processing a CCR redemption in APSS.

CCR repayments **cannot** be re-entered using Option 3, “Centralized Repayment”, in APSS.

County Offices shall:

- timely review and correct COPS errors for all disbursed loans when notified by COPS that errors exist
- **before** recording a CCR, review and correct COPS errors for the applicable loan

Note: Instructions to correct CCR repayments will be included in a future amendment.--*

--210.9 Transferring CCR Repayment File to APSS*A Transfer Process**

County Offices shall transfer a CCR repayment file that has been downloaded from COPS to APSS for processing according to the following table:

Step	Action	Result
1	Select Option 4, “Centralized Repayment Functions”, on Menu 001.	Menu 400 will be display.

Section 4 Loan Forfeitures, Ginned Cotton

211 Forfeiture Policy

A Producer Charges

[7 CFR 1427.13(e)(1) and (2)] If * * * upland cotton or ELS cotton loan collateral is forfeited to CCC in satisfaction of the loan, the producer will be billed and shall pay to CCC at rates that are specified in the storage agreement between the warehouse and CCC:

- warehouse storage charges that accrued before the date all documents required from the producer for the loan were provided to the County Office
- unpaid warehouse receiving charges including any charges for new ties.

--See subparagraph 224.6 regarding charges for outside-stored ELS.--

B Payment of Reconcentration and Compression Charges

For upland cotton or ELS cotton loan collateral that is forfeited to CCC in satisfaction of the loan, any:

- **reconcentration** charges, including any compression charges associated with the reconcentrated cotton, will:
 - be paid by CCC
 - will **not** be billed to the producer
- **compression** charges outstanding at time of forfeiture will:
 - **not** be paid by CCC
 - **not** be billed to the producer
 - travel with the bale.

211 Forfeiture Policy (Continued)**C Processing Forfeitures**

*--County Offices shall process cotton loan forfeitures **immediately** after the maturity date. However, County Offices may accept funds from a producer or buyer to repay a matured loan at principal plus interest if funds are submitted before the forfeiture has been processed.

Note: For commodities **other than cotton**, 8-LP directs County Offices to hold forfeited warehouse receipts for 10 workdays and process forfeitures on the 11th workday after the loan maturity date. County Offices shall **not** delay processing forfeitures according to 8-LP.--*

Process loan forfeitures through APSS according to paragraph 212.

D Charges Due on Forfeited Loans

County Offices will be notified by COPS of the applicable charges to be collected from the producer according to paragraph 214.

212 Loan Forfeitures Process Through APSS

A Purpose

This process will allow partial or full forfeiture of a cotton loan.

Important: Do **not** release EWR's when processing a partial or full forfeiture. For EWR's, CCC must continue to be listed as holder when bales are forfeited to CCC.

213 Sending Forfeiture Documents to KCCO

A**When to Send**

Immediately after the loan maturity date and after the loan has been forfeited in APSS, County Offices shall send applicable documents to KCCO.

B**What to Send**

County Offices shall package the following together in a box or regular envelope:

- paper warehouse receipts, if applicable
- a copy of Producer Loan Statement B for reconcentrated cotton
- the transmittal control document that lists both paper and EWR's warehouse receipts and that is generated by the end-of-day process.

Notes: Identify packages as "1 of 2", "2 of 2", etc.
County Office shall maintain a file of all documents sent to KCCO.

C**Marking the Package**

County Offices shall:

- show return address and the State and county codes on the outside of the package
 - mark the front of the package or regular envelope, "COTTON FORFEITURE DOCUMENTS".
-

D**Mailing the Documents**

County Offices shall send package or envelope by first-class mail to:

KCCO BCD SCB
STOP 8748
PO BOX 419205
KANSAS CITY MO 64141-6205.

214 Collecting Charges Due on Forfeited Loans**A Determining Charges Due**

--[7 CFR 1427.11(f)] The payment of charges under warehouse loans, forfeitures, and reconcentrations is summarized in Exhibit 18. When loans are forfeited, and after-- warehouse charges are paid by KCCO, KCCO will determine the total of the following 2 amounts that will be billed to the producer:

- warehouse storage charges that accrued **before** the date all documents required from the producer for the loan were provided to the County Office
- unpaid warehouse receiving charges including any charges for new ties.

The date documents provided (enter on CCC Cotton A-5, item 8) is the **later** of the following dates that CCC received any of the following documents required for the loan:

- the date of receipt of a signed CCC Cotton A-5 and all other required documents listed in subparagraph 181 B
- the date CCC was made holder of EWR's as specified on the EWR Validation Review Report

Note: The date CCC was made holder of EWR is not necessarily the same date as the date that a County Office downloaded EWR's.

- the date paper warehouse receipts were delivered to the County Office.

214 Collecting Charges Due on Forfeited Loans (Continued)

B Collecting Charges Due From Producer

[7 CFR 1427.13(e)] When the producer collection invoice is posted to COPS, the County Office shall:

- follow subparagraph 215 A to access the invoice
- follow subparagraph 215 B to print the invoice
- ***--Important:** COPS will generate an invoice for charges of \$9.99 or less, but will automatically write off the charges. County Offices shall **not** take collective action for these invoices. Invoices of \$9.99 or less may be accessed and printed in COPS under Invoice Review by selecting:
 - Invoice Type of “Producer Collection Invoice”
 - Status of “Writer-off Producer Collection \$9.99 or Less”.
- determine whether the producer collection invoice is for the correct producer and loan
- if statement of charges is incorrect, contact KCCO, APD, COPS to request a corrected statement of charges by:
 - telephone at 816-926-2638
 - e-mail at **JLDELANCY@kcc.usda.gov**
- if statement of charges is correct, establish receivables in CRS according to 67-FI, with:
 - **all** producers who signed CCC-Cotton A as debtor or co-debtors
 - discovery code of “10”
 - reason code of “300”
 - program code of “XXUPCNFORF”

Note: “XX” is the last 2 digits of the crop year.
- send producer CRS-generated initial notification letter--*
- immediately update the producer collection invoice with the receivable information according to subparagraph 215 C
- notate the receivable number on the producer collection invoice and file a copy in the producer’s loan folder.

* * *

214 Collecting Charges Due on Forfeited Loans (Continued)

***--C Collecting Charges Due for LSA Producers**

If LSA producer invoices remain **unpaid 30 calendar days after** the date of the LSA notification letter, LSA's shall contact producer's administrative County Office to request that a receivable be established. LSA will provide a case file that contains copies of:

- producer collection invoice
- LSA notification letter
- documentation of any collection activity.

Administrative County Offices shall:

- establish a receivable according to 67-FI with:
 - **all** producers who signed CCC-Cotton A as debtor or co-debtors
 - discovery code of "10"
 - reason code of "300"
 - program code of "XXUPCNFORF"

Note: County Offices do not have access to LSA producer invoices and, therefore, will **not** enter the receivable number in COPS as they do for county producer invoices.

- issue the computer-generated notification letter created by CRS; notate that this debt is related to a loan disbursed by LSA

Important: Because LSA cannot provide due process to producers for debts owed CCC, the administrative County Office **must** issue a notification letter and 1st demand letter before a claim can be established.

- continue producer notification and debt collection according to 67-FI and 58-FI.

Any funds collected by LSA after the receivable has been established will be forwarded to the administrative County Office to be recorded as a debt collection.--*

214 Collecting Charges Due on Forfeited Loans (Continued)**D Explanation of Debt in Notification Letters**

County Offices shall add the following text on Screen AQK15201 to the notification letter generated in the receivable software:

--“The forfeiture of your cotton loan number ____ (issued by _____ LSA, if applicable). You were notified of this loan’s maturity date and of the options available-- to you. By having decided to forfeit the loan collateral in satisfaction of the loan, you agreed to pay to CCC at rates that are specified in the storage agreement between the warehouse and CCC all:

- warehouse storage charges that accrued before the date all documents required from you for the loan were provided to the County Office, and
- unpaid warehouse receiving charges including any charges for new ties.”

Section 5 Reconcentrations, Ginned Cotton

218 Reconcentrating Loan Cotton

A**Background**

[7 CFR 1427.16] CCC may, from time to time, decide to relocate loan collateral. KCCO shall notify County Offices of cotton intended for reconcentration and provide specific instructions that County Offices shall follow in processing reconcentrations.

B**KCCO Notification**

KCCO will, if loan cotton will be reconcentrated from a warehouse, send the applicable County Office, through the State Office, a duplicate list showing:

- loan numbers and number of bales
 - name and location of warehouse to which the cotton will be shipped, if known.
-

C**Notifying Applicable Producers**

County Offices shall notify each contact producer shown on the cotton loan list by sending the letter in paragraph 219. This letter shall notify the producer:

- that the cotton is scheduled for reconcentration
- of the name and location of the warehouse where the cotton will be shipped, if known
- that the producer may do either of the following within 10 workdays after the date of the notification letter:
 - redeem the cotton from loan
 - agree to reconcentration by notifying the County Office of his or her intentions
 - agree to reconcentration by not responding to the notification.

Note: If the cotton is:

- **not** redeemed within 10 workdays after the date of the notification letter, follow subparagraph D
 - redeemed, delete entire loan redeemed from the cotton loan list.
-

Continued on the next page

218 Reconcentrating Loan Cotton (Continued)**D****Cotton Not Redeemed**

5	Update the loan in APSS according to paragraph 220.

219 Letter Notifying Producer of Loan Cotton To Be Removed

A

Notification
Letter

Use the following letter to notify each contact producer that cotton is scheduled for reconcentration.

*--

Dear Producer:

This is to notify you that it has become necessary to move your loan cotton from the warehouse in which it is stored to another warehouse. The affected loans and warehouse are:

Enter the applicable crop year, loan number(s), and name of the storing warehouse.

You may select either of the following options within 10 workdays after the date of this letter:

- redeem all or part of the cotton from loan
- agree to the movement of the cotton to (enter name and address of warehouse cotton is being moved). If you select this option, after the cotton is moved you may redeem the cotton in the normal manner. However, the loan redemption amount will include receiving charges at the shipping warehouse and pre-loan storage charges at the shipping warehouse.

Please notify the County Office of your intentions within 10 workdays of this letter. If you take no action within 10 workdays of this letter, your loan collateral will be moved according to the preceding paragraph.

Sincerely,

County Executive Director

Part 3.5 Outside-Stored ELS Loans

Section 1 Eligibility and General Requirements, Outside-Stored ELS

222 Producer Eligibility Requirements

A General Eligibility Requirements

General producer loan eligibility requirements applicable to all cotton loan applications are provided in Part 2, Section 1.

B Outside-Stored Loan Eligibility

The eligibility requirements for producers requesting an outside-stored, ginned ELS cotton loan are the same requirements that apply to producers applying for other ginned cotton loans.

***--C Areas Approved for Outside Storage**

Loans for outside-stored ELS cotton are available only in the counties and areas of counties identified in Exhibit 18.5.--*

--222.5 Cotton Eligibility Requirements [7 CFR 1427.5(c)] [7 CFR 1427.10(e)]*A Quality Requirements**

Under the outside-stored loan program, ELS cotton is subject to the same quality requirements that apply to warehouse-stored ELS loan collateral according to subparagraph 123 C. Producers are not required to present classification information to substantiate the quality of collateral for this loan, but any cotton delivered to CCC under this loan will be considered ineligible if the minimum quality requirements are not met.

B Requirements Not Applicable to Outside-Stored Loans

Under an outside-stored loan, ELS cotton is not subject to:

- the requirement for an applicant to provide CCC with classification information on the cotton, as required for warehouse-stored cotton
- the storage and warehouse receipting requirements stated in subparagraphs 121 A and C.

Note: ELS cotton is **ineligible** for an outside-stored loan if a warehouse receipt has been issued for it, whether or not such receipt is presented to CCC. Such cotton is eligible for a warehouse-stored loan as provided under Part 3.--*

222.6 Bale Eligibility Requirements [7 CFR 1427.5(b)(9)] [7 CFR 1427.8(b)]

A Bale Requirements Similar to Warehouse Loan Bale Requirements

For eligibility under the outside-stored loan program, bales must:

- meet basic requirements as provided by subparagraphs 118 B and C, 123 C, and 124 A and paragraphs 119, 120, and 126
- weigh at least 325 pounds

Note: Bales exceeding 600 pounds net weight will be provided a loan rate based on 600 pounds net weight.

- **not be:**
 - reginned
 - repacked
 - ginned on a saw gin
 - mixed ELS and upland cotton
 - fire damaged or water damaged.

B Requirement Specific to Outside-Stored Loans

Bales must be identified by the gin code and gin tag (bale number) and sufficient address information to enable CCC to view the cotton. This requirement replaces the need for a list of warehouse receipts.

--The bales must be located in an area identified in Exhibit 18.5 to be eligible for an outside-stored loan.--

--222.7 Producer Responsibilities and Liabilities [7 CFR 1427.18]*A Terms and Conditions of Loan Note**

Producers shall be advised to understand the terms and conditions in CCC-601 ELS Appendix. The terms and conditions applicable to outside-stored ELS cotton are different than those for warehouse-stored loans. See Exhibit 19 for an example of CCC-601 ELS Appendix.

B Producer Certification of Cotton

The producer is required to certify, by signing CCC-601 ELS Appendix, that the cotton:

- is packaged in a hermetically sealed bag at an internal humidity level to safeguard cotton quality
- meets the same minimum quality requirements as apply to warehouse-stored ELS loan collateral set forth in 7 CFR 1427.5(c)
- has not been ginned on a saw gin and is not reginned, repacked, mixed ELS and upland cotton, fire damaged, or water damaged.

Note: County Offices are not required to verify the quality of cotton used as collateral for an outside-stored loan. Cotton loan collateral below the minimum requirements is not deliverable to CCC.

C Producer Certification of Packaging and Storage

The producer is required to certify, by signing CCC-601 ELS Appendix, that the cotton:

- packaging materials meet or exceed industry minimum standards
- the storage area is:
 - suitable for cotton storage
 - constructed to prevent water accumulation under the cotton
 - outside a 100-year floodplain
 - serviced by bale handling and transport equipment that will not damage the bag or the drainage characteristics of the storage area.--*

--222.8 Loan Requirements, Exemptions, Conversion to Warehouse*A Requirements**

Outside-stored ELS cotton loans are subject to the requirements of warehouse-stored loans regarding:

- producer and commodity eligibility
- beneficial interest
- availability and maturity dates
- service, research, and promotion fees
- allowable and nonallowable charges.

B Exemptions

Outside-stored ELS cotton loans **are exempt from** the requirements of warehouse-stored loans to be:

- stored in an approved warehouse
- represented by a warehouse receipt
- represented by classification information before the loan is disbursed.

C Converting Outside-Stored Loans to Warehouse Loans

ELS cotton pledged as collateral for an outside-stored loan may be repledged as collateral for a warehouse loan. Such repledging is subject to provisions of paragraph 126.--*

***--Section 2 Loan Making and Repayments for Outside-Stored ELS**

223 Bale Information Requirements

A Classification Information

Loan applicants are not required to provide classification information as a condition of applying for, or receiving, an outside-stored ELS loan.

CCC does not request or use any classification information established before the loan application is made or the loan is disbursed.

If the collateral of an outside-stored ELS loan is delivered (forfeited) to CCC, the producer is responsible to present CCC with classification information based on samples drawn by an approved individual within 30 calendar days after the cotton has been delivered into a warehouse designated by CCC.

B Other Required Information

Applicants for outside-stored ELS loans must provide the following information before a loan application can be accepted:

- gin code and gin tag numbers for each bale
- net weight of each bale
- address of the cotton collateral storage location.

Preprocessed bale data can be accepted by diskette or e-mail. If bale data is submitted electronically, the **producer must sign and date a paper copy** of the bale information to ensure that the electronic list corresponds to the producer's loan request.

Follow paragraph 330 to process cotton bale data received electronically. Any diskette received does not need to be retained; the signed, paper copy is sufficient record.

C Information Not Required

The forms and documentation identified in subparagraph 181 B, as required for a loan application, also apply to an outside-stored ELS loan, except for the following:

- warehouse receipts
- classification data
- CCC-502's.--*

223.5 Loan Rate

A Loan Rate Calculation

The loan rate for an outside-stored ELS cotton loan is the national average loan rate for ELS, *--without adjustment of any premiums or discounts that may apply to warehouse-stored ELS loans. The loan principal is the national average loan rate times the net weight of the bales.

Do not reduce the disbursement amount to 75 percent of the computed amount.--*

223.6 Fees: Loan Service and Research and Promotion

A Service Fees

According to paragraph 173, loan service fees are calculated and applied to outside-stored ELS loans in the same manner as warehouse-stored loans.

B Research and Promotion Fees

*--Research and promotion fees **do not** apply to ELS cotton loans.--*

--223.7 Filing UCC's for Outside-Stored ELS Cotton*A Revision to Article 9 of UCC**

All States have adopted the revision to Article 9 of UCC. One of the key changes included centralizing the electronic filing of most security interests for States without a pre-existing centralized filing system. However, as States transition to a centralized, electronic UCC filing and recording system, the means by which UCC's are filed and paid for may vary from State to State. State Offices shall:

- continue to follow the advice of the regional attorney
- request, from PSD, isolated exceptions to policy in this paragraph based on the following:
 - written direction or recommendations from the regional attorney
 - PSD concurrence.

Example: The regional attorney advises that filing UCC-1 without a loan applicant's signature negates the double jeopardy protection afforded secured lenders by certain State laws according to Pub. L. 99-198, Section 1324. In this case, upon PSD concurrence, the State Office may direct County Offices to continue requiring that a loan applicant must sign UCC-1, as advised by the regional attorney.

B Applicability

County Offices shall file applicable UCC-1's required by State law to protect CCC's security interest for all ELS cotton submitted as collateral for an outside-stored loan.

Note: An outside-stored ELS loan cannot be provided to cotton for which a warehouse receipt has been issued.--*

--223.7 Filing UCC's for Outside-Stored ELS Cotton (Continued)*C When to Disburse Loans**

County Offices shall:

- disburse loan proceeds after:
 - appropriate documents have been filed
 - written verification of the UCC-1 filing date and time are received
- not delay loan disbursements until the applicable form has been **recorded** by the proper official.

D Where to File UCC's

Generally, UCC's are filed in the State where, in the case of an:

- individual, the individual resides
- organization or entity, the organization or entity was registered.

Note: See CCC-10, item 5, to determine the UCC filing location.

The UCC-1 filing location no longer depends on the location of the commodity, as shown in the following table.

IF...	THEN...
nonreceipted ELS loan cotton is stored in: <ul style="list-style-type: none"> • multiple counties within the same State • a State different from the producer's principle residence 	file UCC in the State having jurisdiction according to the current CCC-10, unless otherwise advised by the regional attorney.
farm-stored loan collateral is moved to another State for storage after perfection of the lien	no additional UCC-1 is filed because the lien is still perfected, unless otherwise advised by the regional attorney.

--*

--223.7 Filing UCC's for Outside-Stored ELS Cotton (Continued)*E Describing Collateral on UCC's and Other Situations**

Describe collateral on UCC's according to the following.

IF...	THEN...
additional quantity is placed under loan	file another UCC-1 describing the collateral if the quantity is not covered by a previously recorded UCC.
existing UCC-1 for that commodity covers all the current year production	it is not necessary to file additional UCC-1's.
producer requests a specific quantity	only that quantity needs to be described on UCC-1 before the loan is disbursed.
producer agrees to lien on quantity greater than the loan quantity requested that may also apply to more than 1 crop year or may be effective until UCC-1 expires	describe the collateral on UCC-1 as advised by OGC.

F Paying Filing Expenses

County Offices shall pay filing fees according to the following.

IF the...	THEN...
filing cost is for a financing statement, such as UCC-1	issue CCC-184 according to 1-FI.
producer requests termination of CCC's security interest	prepare and file applicable UCC, at producer's expense, according to paragraph 903.
termination fee is included in the filing fees	pay the termination fee with CCC-184 issued for filing fees.

Note: Do not include any of these fees in the service fee for the loan.--*

--223.8 Special Instructions for Loan Application Forms*A Special Instructions**

The following special instructions apply to forms completed for outside-stored ELS cotton loan applications.

Form	Item	Instruction
CCC Cotton A-5	6	Enter the address of the storage location. A warehouse location may be accepted as long as a warehouse receipt has not been issued for the cotton collateral for the outside-stored loan.
	7	Enter the number of bales. There should be no warehouse receipts.
CCC-Cotton A	Warehouse Code	Enter the storage address of the cotton. Loan amount is calculated as the total net weight of the loan bales times the national average loan rate for ELS. No adjustments are made for any quality factor.
CCC-601 ELS Appendix		CCC-601 ELS Appendix must be signed and dated by all loan applicants. This form contains the terms, conditions, and producer certifications specific to an outside-stored ELS loan.

--*

--223.9 Manual Process for Outside-Stored ELS Loans*A When Manual Loans Shall Be Prepared**

If APSS is inoperable and it is expected to be inoperable for at least 4 workdays from the time the loan is requested, and all documents required from the producer for the loan are presented by the producer or authorized agent for loan, County Offices shall prepare the loan manually, only if requested by the producer or authorized agent to do so.

Note: Until modified software is available, County Offices shall prepare all outside-stored ELS cotton loans manually.

B When Not to Manually Prepare a Loan

If APSS is operable or is expected to be operable within 4 workdays of the day the producer or authorized agent requests the loan, do **not** manually prepare the loan.

C Action Taken to Prepare and Disburse a Manual Loan

County Offices shall:

- determine the eligibility of the producer and cotton
- calculate the total loan disbursement amount as follows:
 - multiply the total net pounds time the loan rate
- calculate the service fee according to paragraph 173
- calculate the research and promotion fee according to paragraph 175
- subtract the service fee and research and promotion fee from the loan amount

Note: This is the total disbursement amount.

- complete CCC-Cotton A, CCC-Cotton A-1, and if applicable, CCC-Cotton A Continuation, according to paragraphs 189 through 191
- follow procedure in 1-FI to disburse manual CCC-184's
- immediately when APSS is operable, enter the loan data.--*

--Section 3 Loan Repayments and Forfeitures, Outside-Stored ELS*224 Loan Repayments and Forfeitures****A General Repayment Provisions**

An outside-stored ELS loan is subject to many of the general repayment provisions as apply to warehouse-stored ELS loans. Applicable provisions of this handbook are in paragraphs:

- 197 B, for number of bales
- 197 F, for types of remittances accepted
- 197 G, for releasing the original CCC-Cotton A
- 199 D, for cash repayments through APSS
- 204 through 207, for agent designations using CCC-605.

Note: Commodity certificates are **not** issued for exchange with collateral of any ELS cotton loan.

B Forfeiture Provisions

Many of the forfeiture provisions for an outside-stored ELS loan are substantially different from provisions that apply to warehouse-stored loans. The provisions for forfeiture of this loan collateral, as contained in CCC-601 ELS Appendix, are:

- cotton collateral shall be delivered to CCC in the original bag with original bale identification as provided by the ginner

Note: There is no warehouse receipt for bale identification.

- cotton shall be delivered to a warehouse designated by CCC
- within 30 calendar days after delivery to the CCC-designated warehouse, producer shall provide AMS classification information to CCC
- loan settlement value is based on the classification information determined after delivery to the CCC-designated warehouse
- unlike cotton warehouse loan forfeitures, CCC does not bill the producer for warehouse receiving charges that CCC paid to the storing warehouse
- compression charges that may be added by the warehouse are paid by the buyer.--*

--224.5 Maturity Date Notification Letter*A Sample Letter**

At least 45 calendar days, but not to exceed more than 60 calendar days, before loan maturity, County Offices shall send the following letter to each producer of an ELS outside-stored cotton loan.

Dear Producer:

This is to notify you that your (year) crop outside-stored ELS cotton loan, number (loan number), will mature (maturity date).

Under the terms and conditions of this loan, the following options are available:

- repay the loan before maturity
- forfeit the loan collateral to CCC at maturity.

If you elect to forfeit the loan collateral to CCC, you are responsible for all charges associated with:

- moving the cotton into a warehouse designated by CCC
- warehouse charges for receiving the cotton, issuance of an electronic warehouse receipt, compression, and any miscellaneous charges; CCC assumes responsibility for storage effective on the date of presentation of an electronic warehouse receipt
- providing classification information from AMS based on a sample drawn by an approved sampler after delivery to the warehouse.

The loan settlement value will be based on the classification that occurs after delivery to the warehouse.

Please notify the County Office of your intention to either repay with cash or forfeit. If you do not take action by loan maturity, your loan collateral will be forfeited to CCC automatically.

If you designated a buyer as agent using CCC-605 and that agent, or any subsequent agent, does not redeem this loan by maturity, you are responsible for the above charges.

Sincerely,

County Executive Director

--*

--224.6 Charges*A Charges Payable by Producer**

A producer is responsible for the following charges associated with the forfeiture of outside-stored ELS loan collateral:

- storage **during and following the period of the loan**, up to the presentation of EWR to CCC
- warehouse receiving, weighing, compression, EWR issuance, and other as may be levied by the receiving warehouse
- classification by AMS after delivery to the warehouse.

These charges will not be paid by CCC. CCC will bill producers for unpaid storage from the storage start date to the date of receipt of the warehouse receipt.--*

Part 4 Seed Cotton Loans**Section 1 Basic Policy****225 Loan Availability and Maturity Dates****A Source of Loans**

[7 CFR 1427.160(c)] [7 CFR 1427.161(f)] Eligible producers of seed cotton may obtain a recourse seed cotton loan at the County Office that keeps the records for the farm. Ginners must be approved according to paragraph 73.

Exception: A cooperative, approved according to paragraph 231, may obtain and repay loans through a central County Office that is convenient to the cooperative.

B Availability Period

[7 CFR 1427.169(a)] Recourse cotton seed loans are available from the beginning of harvest through March 31 of the calendar year after the calendar year in which the crop was planted.

Note: When the final availability date falls on a nonworkday, the final date shall be extended to the next workday.

C Ability to Change Availability Dates

Loan availability dates may be changed to conform to State or local quarantine regulations by STC.

D Maturity Date

[7 CFR 1427.174] Loans are due:

- on May 31 of the year after the calendar year the crop was planted
- before May 31, if CCC demands payment to conform to State or local quarantine regulations or for other reasons.

E Repayment

All loans must be repaid by the date specified in subparagraph C.

226 Financing Statements, Seed Cotton Only

A UCC-1 or UCC-1F

County Offices shall file UCC-1 or UCC-1F, as applicable:

- for all seed cotton loans
- immediately after lien search so that there can be no intervening security interest.

B Filing Cost

Any filing cost is a CCC expense. Issue CCC-184 according to 1-FI to pay filing or recording fees.

Note: After the loan is repaid in full, release or obtain the release of any security instruments of record upon request of the borrower.

- The COC chairperson or CED is authorized to act as an agent of CCC in releasing security instruments.
- Termination statements shall be executed according to State law.
- The borrower must pay any expense connected with releasing security instruments, if applicable under State law.

227 Quality of Seed Cotton and Loan Rate**A Quality Determination**

[7 CFR 1427.165(b)] The County Office shall determine the quality to be used in determining the loan rate in each lot by using 1 or more of the following criteria:

- the average quality determined by the AMS classing office for cotton that the producer had ginned before applying for a seed cotton loan
- the average quality determined for the gin by AMS
- the average quality being ginned based on consultation with the ginner
- quality shown on the class card if a control sample is taken from the lot and is classed by AMS classing office.

Warning: If a control sample is graded by AMS, the quality must be of a quality described in paragraph 123.

B Loan Rate

[7 CFR 1427.160(b)] Use the loan rate for the county where the cotton is stored as shown in Exhibit 15.

228 Estimating Eligible Lint Cotton Quantity**A Computing Quantity for Loan**

[7 CFR 1427.170] The commodity inspector shall compute the quantity of lint cotton in each lot of seed cotton that is eligible for loan by determining the estimated quantity of seed cotton by weight or measurement.

B Determined by Weight

Determine the estimated weight of the seed cotton by multiplying the weight on the weight ticket times the lint turnout factor determined according to paragraph 229.

The estimated quantity, determined by weight, of lint cotton that is eligible for loan shall not exceed 95 percent of the estimated quantity.

C Determined by Measurement

Use the following table for computing estimated measured quantity of seed cotton.

Step	Action
1	Multiply the length, times the width, times the depth of the rick or module to determine the cubic feet.
2	Multiply the results of step 1 times the density factor provided by the State Office.
3	Multiply the result of step 2 times the lint turnout factor determined according to paragraph 229.

The estimated quantity, determined by measurement, of lint cotton that is eligible for loan shall not exceed 90 percent of the estimated quantity.

228 Estimating Eligible Lint Cotton Quantity (Continued)

D Reducing Maximum Loan

COC may reduce the maximum percentage for loan on an individual producer or lot basis:

- if COC determined it to be necessary to protect CCC interest based on the following factors:
 - condition or suitability of the storage facility
 - condition of the cotton
 - location of storage facility
 - other factors peculiar to the individual farm or producer
- at producer's request.

229 Lint Turnout Factor**A Determining Lint Turnout Factor**

[7 CFR 1427.170] The commodity inspector shall:

- determine the factor for any lot of seed cotton in the initial inspection of the cotton
- express the factor as a percentage of the pounds of seed cotton.

B If a Portion Is Weighed and Ginned

[7 CFR 1427.170] If a control portion of seed cotton in a lot is weighed and ginned, use the turnout factor determined for the portion ginned.

C If a Portion Is Not Weighed or Ginned

If a control portion is not weighed or ginned, use the average turnout factor determined for the gin by AMS.

*--If AMS does not have an average lint turnout for the gin, determine an average turnout factor from 1 of the following:

- the ginner's records in consultation with the ginner
- averages of nearby ginner, in new production areas when the ginner has no prior year records
- a state-wide maximum lint factor established separately for machine picked and for machine stripped cotton, as established by the STC based on acceptable proof of prevailing lint turnout

In the absence of acceptable proof from AMS or ginner records, do not use more than:

- 32 percent as a lint turnout factor for machine-picked cotton
- 22 percent as a lint turnout factor for machine-stripped cotton.--*

D Proven Lint Turnout Factors

If the producer can prove a turnout factor greater than those listed in subparagraph C, use the proven turnout factor.

230 Approved Storage**A Minimum Requirements**

[7 CFR 1427.171] Approved storage shall be storage located on or off the producer's farm that is determined by the commodity inspector to:

- adequately protect against loss or damage
- be located within a reasonable distance from an approved gin.

Note: Approved warehouses shall be considered approved storage.

The producer is responsible for any loss in quality or quantity of the seed cotton under loan.

B Stored Off Farm

[7 CFR 1427.171] If the cotton is stored off the producer's farm:

- the producer must provide satisfactory evidence:
 - of authority to store the cotton on the property
 - the owner of the property has no lien against the cotton
- unencumbered access to the cotton must be available at all times to both of the following:
 - producer or producer's agent
 - County Office representative
- storage may consist of:
 - baled seed cotton
 - rick, pallet, or module storage
 - cotton stored on the ground, if adequately protected
 - other storage, if determined cotton is adequately protected.

230 Approved Storage (Continued)**C Insurance**

[7 CFR 1427.166] Seed cotton must be insured at the full loan value against loss or damage by fire.

Note: STC may require additional insurance for losses because of:

- wind
- flood
- rising water.

If cotton is insured at the market price, loans may only be approved if market price is more than the loan value.

Warning: If market price falls below loan levels, the producer shall be required to obtain additional insurance, or the loan will be called.

If the insurance policy has a deductible clause, the loan amount shall be reduced by the deductible amount.

231 Approved Cotton Cooperatives

A Approved Cotton Cooperatives

[7 CFR 1427.3] [7 CFR 1427.164(e)] Cotton cooperatives approved by the Executive Vice President, CCC, or designee may participate in the Seed Cotton Loan Program for their eligible producer members.

B Eligible Producer Members

Producer members must:

- give the cooperative, through a marketing agreement, authority to pledge the cotton
- be considered eligible producers according to paragraph 101 and produced seed cotton that is eligible according to paragraph 118.

232 Loan Service Fee

A Service Fee

[7 CFR 1427.169] Service charges shall be assessed on all seed cotton loans disbursed, including seed cotton loans disbursed to approved cooperatives. The service fee shall be the smaller of the following:

- $\frac{1}{2}$ of 1 percent (.005) times the gross loan amount
- \$45 per loan, plus \$3 for each rick or module over 1.

233-235 Reserved

Section 2 Loanmaking, Seed Cotton

236 Pre-Loan Inspections

A**Requirements**

[7 CFR 1427.163(a)] [7 CFR 1427.164] Upon request for a loan, County Offices shall determine producer and cotton eligibility and, if necessary, arrange for an inspection.

If, according to paragraph 59, County Offices are:

- **not** approved to inspect a percentage of loans requested, follow subparagraph B
 - approved to inspect a percentage of loans requested, follow subparagraph C.
-

B**All Loans To Be Inspected**

For each loan requested, the commodity inspector shall:

- inspect the seed cotton, at CCC's expense
 - prepare CCC-877 according to paragraph 238
 - affix CCC-683 on each lot according to paragraph 239.
-

C**Percent of Loans To Be Inspected**

The commodity inspector shall inspect, measure, and affix CCC-683 on the first 2 loans requested in the county, at CCC's expense.

After the first 2 loans, commodity inspector shall inspect, measure, and affix CCC-683's, at CCC's expense, on a percentage, determined by the State Office according to paragraph 59, of the rest of the loans requested.

For loans that were not inspected, the County Office shall:

- accept the producer's or ginner's measurement or weight of cotton, and make loans on this basis
 - use the turnout factor and grade provided by the producer
 - provide and instruct applicants for loans to affix CCC-683 on the ricks or modules that were not measured.
-

237 Before Processing the Loan

A**Eligibility**

[7 CFR 1427.167] The eligibility requirement for the producer and cotton shall be determined according to Part 2 before processing loans. See paragraph 163 for lien requirements.

B**Required
Forms and
Documentation**

When a producer requests a seed cotton loan, the producer shall complete CCC Cotton A-5 according to paragraph 182 and provide:

- AD-1026 according to 6-CP
- Beneficial Interest Certification, when requested by COC, according to subparagraph 103 C
- CAT or a written waiver according to subparagraph 101 B
- CCC-478 according to 1-PF
- CCC-679, when applicable, according to subparagraph 163 D
- FSA-211, when applicable, according to paragraph 45
- FSA-578 according to 2-CP
- CCC-877 according to paragraph 238.

Exception: If a producer provides an ADP printout or other form showing all information required on CCC-877, CCC-877 is not required.

238 Completing CCC-877, Seed Cotton Loan Worksheet

A**General
Information**

Complete CCC-877 to serve as a source document for preparing cotton loans.

Except as provided by paragraph 28, the commodity inspector shall verify all required information on CCC-877.

Note: In preparing CCC-877, seed cotton that is stored in modules that are of the same estimated size and quality may be grouped by lot on CCC-877. This is **not** permitted for seed cotton stored in ricks.

B**Instructions**

CCC-877 shall be:

- prepared as an original and 1 copy by the commodity inspector during initial inspection, if applicable
- completed by the County Office after the initial inspection, if applicable
- filed in the producer's loan file.

Note: Keep the original in the file and use the copy for reinspection.

243 Completing Manual Loans for Multiple Producers Using CCC-881-1

A

Description

CCC-881-1 is a computer-generated form printed during the APSS loanmaking procedure. Blank CCC-881-1's can be printed for manual loan preparation.

Note: Keep an adequate supply of blank CCC-881-1's on hand for preparing manual loans when the computer is inoperable.

CCC-881-1 is needed when there are more than 3 producer's signatures required or if there are more producers or lots than is allowed to be printed on CCC-881.

B

Completing CCC-881-1

Complete CCC-881-1 according to this table.

Note: These instructions are for manually prepared loans, except for item 15 which is required to be entered on loans prepared and disbursed through APSS.

For items 5 through 11, if CCC-877 is completed or ADP printout is used instead of CCC-877, County Offices may enter "See Attached Schedule" and attach CCC-877 or the ADP printout.

Item	Instructions
1	Enter State and county codes.
2	Enter loan number assigned from 90,000 series.
3	Enter applicable crop year.
4	Enter commodity code as follows: <ul style="list-style-type: none"> • "SUP" for upland seed cotton • "SELS" for ELS seed cotton.
A	Enter gin code where lot will be ginned.
B	Enter assigned seal number.
C	Enter pounds of seed cotton determined by lot from CCC-877.
D	Enter pounds of lint cotton determined by lot from CCC-877.
E	Enter county loan rate where seed cotton is stored according to Exhibit 15.

Section 3 Loan Settlements, Seed Cotton

250 Basic Settlement Provisions

A

Options

[7 CFR 1427.172] The producer may:

- repay principal plus interest and charges at any time before maturity according to paragraph 254
- request seed cotton to be removed from farm storage, by executing CCC-883 according to paragraph 253 and by doing 1 of the following:
 - selling the seed cotton as seed cotton
 - having the cotton ginned and selling the lint cotton and cotton seed produced from the seed cotton

Note: If sold, the producer must repay the principal plus interest and charges immediately.

- having the cotton ginned and, through the County Office that keeps the farm records for the farm where the cotton was produced, repaying the seed cotton loan, interest, and charges from the proceeds from obtaining on the lint cotton a:
 - CCC-Cotton A loan
 - CCC-Cotton AA LDP
 - CCC-709 LDP

Note: Apply proceeds to the amount of the seed cotton loan, interest, and charges according to paragraph 254.

- if the producer is a cooperative, tender the lint cotton for CCC-Cotton G loan advance only after the seed cotton loan, plus interest and charges, have been repaid.

Continued on the next page

250 Basic Settlement Provisions (Continued)

B

**Repayment
Deadline**

[7 CFR 1427.174] Recourse seed cotton loans must be repaid no later than the earlier of the following:

- date set by the County Office on CCC-883 according to paragraph 251
 - immediately after seed cotton or lint from the seed cotton is **sold**
 - immediately after the seed cotton is ginned and the following are available:
 - class data
 - warehouse receipts, if the cotton is delivered to a warehouse
 - loan maturity date.
-

C

**Types of
Remittances**

See subparagraph 197 E for acceptable types of remittances.

Seed cotton loan collateral cannot be exchanged for commodity certificates.

251 Removing Loan Seed Cotton From Storage Before Repayment

A**Individual Producers**

[7 CFR 1427.172(b)(1)] For individual producers to remove loan seed cotton from storage before repayment, the producer must request and obtain approval in advance from the County Office by completing CCC-883 according to paragraph 253.

Exceptions: Producers may initiate movement of seed cotton pledged for loan on nonworkdays, without prior approval, if the producer makes a request for this movement on the next workday.

Approval may be given by telephone, but CCC-883 must be completed promptly thereafter.

Consider conversion has occurred if the conditions of this subparagraph are not met.

B**Approved Cooperatives**

For cooperative, approval to remove loan seed cotton before repayment is **not** required, but the cooperative shall:

- notify disbursing County Office, in writing by mail or otherwise, the morning after cotton has been moved
 - include the following in the notice:
 - loan number
 - rick or module numbers
 - storing county
 - a certification that the loans will be repaid within the time specified by COC.
-

Continued on the next page

251 Removing Loan Seed Cotton From Storage Before Repayment (Continued)

B**Approved
Cooperatives
(Continued)**

When notice is received, County Offices shall:

- enter date loan must be repaid and amount due on that date on the notification
- make a copy of the notification, with due date and amount due, and send to the cooperative.

Consider conversion has occurred if the conditions in this subparagraph are not met.

C**Follow-Up
Action**

Take the follow-up action as necessary to ensure the loan is settled within the time specified by COC:

- on CCC-883
- the cooperative notification.

If seed cotton is removed from storage and the loan has not been settled:

- demand that the individual producer immediately repay the loan principal, plus interest and charges
 - notify cooperative that the loan must be repaid before any other seed cotton may be moved
 - if repayment is not made, consider the removal unauthorized.
-

252 Settlement of Seed Cotton Loan From Proceeds of CCC-Cotton A Loan

A**Overview**

If a producer, except a cooperative, obtains a CCC-Cotton A loan for the purpose of repaying a seed cotton loan, the County Office shall use the proceeds of the loan to repay the seed cotton loan principal plus interest and charges according to paragraph 254.

Note: Cooperative obtaining seed cotton loans must repay principal plus interest before pledging lint cotton for loan.

B**Computing the Loan**

Make the loan according to paragraph 187 and consider CCC a payee for the amount equal to the loan principal plus interest and charges.

Note: County Offices should calculate the repayment amount for the seed cotton loan before processing the CCC-Cotton A loan.

C**Settling With the Producer**

If CCC-Cotton A loan amount, minus the sum of the County Office fees and research and promotion fees, is:

- greater than the amount of the unpaid seed cotton loan, plus interest and any charges, pay the difference to the producer
 - less than the amount of the unpaid seed cotton loan, plus interest and any charges, collect the difference from the producer.
-

253 Request to Move Collateral Using CCC-883

A**Purpose**

Producers shall request authorization to remove seed cotton pledged as collateral from storage on CCC-883 to either:

- sell as seed cotton
- gin seed cotton and sell the resulting lint cotton or pledge to CCC as security for a CCC-Cotton A loan.

Note: CCC-883 must be signed by at least 1 producer who signed CCC-881 or, if applicable, CCC-881-1 before it can be approved by CCC.

B**Effective Period**

CCC-883 shall expire on the earlier of:

- 60 calendar days from the date CCC-883 was approved

Note: STC and COC may establish less than 60 calendar days.

- the loan maturity date.
-

C**Extensions**

If the seed cotton cannot be ginned before the expiration of CCC-883, COC may grant an extension allowing adequate time for the seed cotton to be ginned and for the producer to obtain classing data and, if applicable, warehouse receipts.

Notes: Extensions cannot be granted past the maturity date of the loan.

If the seed cotton or lint from the seed cotton is sold before the extension date, immediate repayment is required.

A**Producer
Obligation**

The producer is responsible for any loss in quality or quantity of the seed cotton under loan.

B**Going Out of
Condition**

[7 CFR 1427.172(c)] If the cotton is going out of condition or is in danger of going out of condition, the producer shall immediately notify the County Office and confirm this notice in writing.

If COC determines that the cotton is going out of condition or is in danger of going out of condition, COC shall call for settlement of the loan by a specific date. If settlement is not effected, consider the cotton abandoned. See paragraph 257 for abandonment.

C**Loss of Storage
Site or Danger of
Damage**

[7 CFR 1427.172(d)] If the producer loses control of the storage site or if there is danger of flood or damage to the storage structure that makes continued storage of the cotton unsafe, the producer must immediately repay the loan or move the cotton to the nearest approved gin for ginning. The producer shall inform the County Office when the cotton is moved.

Note: If the producer does not repay the loan or move the cotton, consider the cotton abandoned. See paragraph 257 for abandonment.

256 Notice of Maturity

**A
Notifying
Producers**

At least 30 calendar days before maturity date, notify each producer who has an outstanding loan that the loan is a recourse loan and must be repaid by the maturity date. Inform the producer that:

- if a loan is not repaid, CCC shall:
 - remove the seed cotton from storage
 - have the cotton ginned
 - warehouse the lint cotton for CCC's account
 - sell the cotton
 - if the proceeds from the sale of the lint cotton and cotton seed are:
 - less than the amount due on the loan principal, plus interest and charges, the producer will be liable for the difference
 - more than the amount of the loan principal, plus interest and charges, pay the difference to the producer.
-

257 Abandonment and Foreclosure

A**General
Information**

[7 CFR 1427.173] Foreclose on seed cotton loans if the loan is not settled by loan maturity, or is considered abandoned.

B**Producer
Obligation**

The producer is obligated to:

- authorize CCC to enter the storage premises and remove the cotton
 - pay interest, ginning, and any other charges CCC incurs.
-

C**Selling the
Cotton**

Once it is determined that foreclosure action shall be taken, COC shall:

- remove the seed cotton from storage, and have it:
 - ginned
 - classed
 - warehoused for CCC's account
 - sell the seed cotton and:
 - if ginner is the buyer, credit the purchase amount against ginning costs
 - deposit any collections received from selling the seed cotton as loan repayment according to 3-FI
 - issue CCC-184 according to 1-FI for any payment required to be made for ginning or other charges
 - include proceeds and payment in settlement with the producer.
-

Continued on the next page

257 Abandonment and Foreclosure (Continued)

D

**Settle With
Producer**

If the proceeds from the sale of the lint cotton and cotton seed:

- are less than the amount due on the loan, including interest, ginning, and other charges, collect the difference according to 3-FI
 - are more than the amount due on the loan, including interest, ginning, and other charges, pay the excess to producer according to 1-FI.
-

258-259 (Reserved)

Part 5 LDP's**Section 1 Basic Requirements****260 Source of LDP's****A Where to Apply**

*--[7 CFR 1427.23] LDP's (and loans) may be obtained by eligible producers only from any of the following:

- the County Office that keeps the farm records for the farm on which the cotton was produced (the Administrative County)--*

* * *

- *--an approved cotton clerk, according to 14-CN [7 CFR 1427.6]
- an approved CMA or LSA, according to 21-CN [7 CFR 1427.5(a) and 1427.6].

Multi-county producers may request LDP's in a county other than their Administrative County. However, the actual LDP is not to be provided by any county other than the producer's Administrative County.

County Offices that are not the Administrative County for the multi-county producer must send the loan, LDP, or module lock-in request to the Administrative County for processing.--*

261 Eligibility**A Type of Cotton**

[7 CFR 1427.23] Upland cotton that has been ginned is eligible for LDP.

Note: LDP's are available on lint cotton obtained from seed cotton pledged as collateral for a seed cotton loan; however, the proceeds of LDP must be applied to the outstanding seed cotton loan amount.

B Producer and Cotton Eligibility

[7 CFR 1427.5] Producers and cotton must meet the same eligibility requirements, according to paragraph 100, that are used for a regular upland cotton CCC-Cotton A loan, except cotton does not have to be stored in a warehouse or be represented by a warehouse receipt.

Notes: Any portion of the production on which LDP is not requested is eligible for a loan, if stored in an approved warehouse.

*--Cotton remains eligible for loan and repayment at principal and interest or exchanged with commodity certificates if LDP has been requested on the cotton but was denied because of:

- payment limitation
- adjusted gross income provision.--*

C Payment Limitation Provisions

[7 CFR 1400] See paragraphs 25, 37, 43, and 44 for payment limitation provisions.

Cotton denied LDP because of payment limitation is eligible for loan through final loan availability date as long as all other eligibility requirements, including beneficial interest, are met. Such loans cannot be repaid with cash at a reduced rate but can be exchanged for a commodity certificate or delivered to CCC in satisfaction of the loan obligation.

262 LDP Options Relative to Harvest and Ginning

A LDP Request Options

Cotton LDP's may be disbursed, in all cases, only on eligible, ginned cotton upon presentation of production evidence in the form of a warehouse receipt or bale list.

Applications for LDP's can be submitted under 1 of the following options.

- **Before harvest**, a producer may request a "Gin Direct" LDP using CCC-709 that provides a payment rate effective on the date the cotton is ginned. These requests are allowed to be revised or terminated under certain circumstances. See subparagraphs 274 F and G.
- **On cotton harvested, but not ginned**, there are 2 options.
 - A producer may submit CCC-Cotton AA to request lock-in of the AWP rate to be used for the LDP calculation. The AWP/LDP rate is that which **is effective on the date an accurately completed request is submitted**. The cotton is identified by a gin-supplied trailer or module number. After the cotton is ginned, the producer provides bale information that corresponds to the cotton identified by the trailer or module number. These requests for lock-in of AWP and LDP cannot be revised or canceled. See subparagraph 275 E.
 - A producer may request "Gin Direct" LDP's using CCC-709 that provides the payment rate effective on the date the cotton is ginned according to paragraph 274. These requests are allowed to be revised or terminated under certain circumstances. See subparagraphs 274 F and G.
- On cotton that has been ginned, a producer may submit CCC-Cotton AA
 --supported by a bale list to request LDP's that will be based on the payment--
 rate effective on the date that an accurately completed application is submitted. These LDP requests, once submitted, cannot be revised or canceled. See subparagraph 275 D.
- *--Notes: LDP applications submitted under any of these options may be considered complete if received without classification information. In these cases, the disbursement is to be made after classification information is received.--*

Cotton can be subject to only 1 loan or one LDP application at any moment. Benefits, whether a loan or LDP, are provided only once on any quantity of cotton. No concurrent applications for the same cotton are ever allowed.

263 Availability Dates and Prohibited Hours**A Availability Dates**

[7 CFR 1427.5(a)] Cotton LDP's (including those requested for cotton in modules according to subparagraph 275 E) are available by executing an LDP application from the date loan rates are announced through May 31 after the calendar year in which the crop is planted.

Reminder: The disbursement date shall be no later than 30 calendar days after the final date of availability. When the final availability date falls on a nonworkday, the final date shall be extended to the next workday.

B Accepting LDP Documents

If CCC-Cotton AA was signed by the producer more than 15 calendar days before delivery or mailing (postmark date) to the County Office, the County Office:

- shall not accept the application if presented by a Cotton Clerk
- may accept the application if presented by a producer.

Note: A patron postage meter date stamp is not a post mark.

In all cases, the producer must have beneficial interest in the commodity at the time a completed application is received by the County Office.

***--C Effective Times for AWP and CCA**

LDP rates are based on the same announced AWP's and CCA's, and the same effective times of these prices, as are applicable to loan redemptions. See subparagraphs 22 A through D for the effective times of announced prices.--*

264 Research and Promotion Fee**A Fee**

[7 CFR 1427.13(d)] The Cotton Research and Promotion Act requires producers to remit to CCC an assessment based on LDP. CCC transmits this assessment to the Cotton Board.

***--Note:** Assessments for research and promotion **do not** apply to ELS cotton loans.--*

For LDP's, this regulation provides that the rate shall be up to 1 percent of LDP. The current assessment is less than this regulatory maximum level.

An additional Cotton Board assessment for cotton receiving LDP is paid to the Cotton Board by the cotton buyer. FSA plays no role in collecting or transmitting this additional component of the fee to the Cotton Board.

B Computation Method

For recent crops, the actual rate has been established at ½ percent (0.005) of the total LDP. LDP software calculates this amount and deducts it from the payment provided to the producer.

Note: This assessment is paid to the Cotton Board by Kansas City.

265 LDP Rate**A LDP Rate for Upland Cotton**

*--[7 CFR 1427.23(c) and (d)] The LDP rate for each bale of cotton shall be the smaller of:

- the loan value
- the difference between NARL and AWP.

B Date Used to Establish Payment Rate

The date used to determine the cotton LDP payment rate varies depending on the LDP option selected by the producer. See subparagraph 262 A for an explanation of these options and to determine the date used for setting the LDP rate.

C Application of CCA

See paragraph 26 to determine any allowable CCA. When CCA is applicable, it is either added to the LDP rate for the bale or subtracted from AWP.--*

266 Production Evidence***--A Production Evidence Defined**

Production evidence must include the following:

- acceptable warehouse receipts according to paragraph 164

Note: It is not required that warehouse receipts be issued by a CCC-approved warehouse for LDP eligibility.

- a gin tag list including both of the following:
 - either gin tag number and gin date, or warehouse receipt number and storage start date
 - either warehouse net bale weight, or both tare weight and gross bale weight.

If CCC-709 provisions are applicable, provide the date each bale was ginned.

B Verifying Electronic Production Evidence

The County Office shall ensure that production evidence submitted by electronic means, such as diskettes, corresponds with the quantity for which the loan or LDP was requested by:

- accepting applications only when accompanied by production evidence
- requiring the producer to review and agree to a printed copy of any electronically submitted evidence
- otherwise ensuring that this electronic production evidence is the same quantity to which the loan or LDP request applies.

C Dating Receipt of Production Evidence

All production evidence must be date-stamped to indicate the date of receipt of the production evidence by CCC, by either a paper record or diskette.

This date may be needed to determine the date the LDP application is received. See subparagraph 275 B.--*

266 Production Evidence (Continued)

D Contracts or Certification Requirement

Contract or applicable certifications must be provided if beneficial interest is questioned according to paragraph 102.

E Spot Checks of Modules

The County Office shall conduct spot checks on no less than 2.5 percent of the requests for a lock-in of the AWP and LDP rates on upland cotton in modules according to subparagraph 275 E.

--267 LDP's Based on Locked-in Rate*A Policy**

Applications for LDP's based on a locked-in rate are available only for cotton before it has been ginned. Such applications have the following unique requirements:

- applications are irrevocable, so they cannot be cancelled, amended, or withdrawn
- applicants must agree to identify the unginned cotton for which the locked-in LDP rate is requested by submitting a module (or other storage unit) number for each individual unit of storage
- after such cotton is ginned, the bales produced from each locked-in unit must be identified to CCC by the corresponding module number

Notes: Any application for which production evidence is not provided is a violation subject to liquidated damages.

Modules are the largest storage unit eligible for identification and must be identified and distinguished from one another by discrete numbers.

- LDP's under this option shall be provided only for the bales produced from the unginned cotton for which the locked rate is provided up to a **maximum of 20 bales per module** (or the maximum established by STC). Bales exceeding this maximum may receive the locked-in rate only if a higher maximum is successfully appealed to STC.

B Applications for LDP Based on Locked Rate

Applicants must complete CCC Cotton AA according to subparagraph 275 E, that contains in Part A, item 6, producer certification about production evidence and liquidated damages. Earlier versions of CCC Cotton AA may be used if the following statement is added and initialed by the applicant:

"The Producer agrees to submit gin-provided documentation identifying the bales produced from the module or storage unit for which the AWP lock-in applies, and to pay liquidated damages for applications based on a locked-in rate not supported by bale-identifying information."--*

--267 LDP's Based on Locked-in Rate (Continued)*C Processing LDP for Excessive Bales**

Bales that are submitted for LDP based on a locked-in rate, but exceed the maximum number approved for payment, are referred to as excessive bales and shall receive LDP based on the following process.

Bales exceeding the approved maximum level are to be paid at:

- the rate prevailing on the date the bale information was submitted
- the locked-in rate for excessive bales if approved by STC.

County Offices shall:

- identify for producers the excessive bales submitted under the request for a locked-in rate
- notify producer of option to appeal to STC the payment rate on the excessive bales
- if the excessive bales are:
 - successfully appealed to STC for the locked-in rate, use the original application form CCC-Cotton AA as the basis for providing LDP based on the locked-in rate
 - not appealed to STC for the locked-in rate, or appealed but denied the locked-in rate under the appeal, have producer submit a separate CCC-Cotton AA and provide LDP based on the payment rate effective on the date the production evidence containing the excessive bales was submitted.--*

--267 LDP's Based on Locked-in Rate (Continued)*D Violations for Failure to Provide Production Evidence**

As soon as a violation can be determined following the May 31 LDP application deadline, but **not** later than June 30, assess liquidated damages to each module or other storage unit of an application for which production evidence was not submitted.

The responsibility to pay any such damages is jointly shared by all applicants who signed the LDP application. Establish a receivable for liquidated damages according to 67-FI using:

- for the first charge program code (on Screen AQK10801), enter program code LIDAUPCN and the amount of liquidated damages
- for the first reference number, enter the farm number
- for the type, enter "FM"
- for the receivable due date, enter the current system date
- for the basis of debt code, enter 10306.

County Offices shall:

- issue automated notification letter generated when receivable was created. Insert explanation that debt occurred due to "failure to provide production evidence for an irrevocable LDP rate lock-in on module"
- issue the first demand letter if debt remains unpaid after 30 calendar days after the date of the notification letter
- establish a claim according to 64-FI if debt remains unpaid 30 calendar days after the date of the first demand letter.--*

268-270 (Reserved)

Section 2 LDP Processing and Issuance

271 Before Processing LDP

A**Eligibility**

The eligibility requirement for the producer and cotton shall be determined according to Part 2 before processing LDP's.

B**Required
Forms and
Documentation**

Production evidence, according to paragraph 266, must be provided at the time the producer files CCC-Cotton AA at the County Office.

Exception: See paragraph 274 for special provisions for producers who want LDP based on the date ginned.

C**Divided or
Undivided
Shares**

If the bales are divided among producers, give each producer on the farm an opportunity to choose whether to obtain a loan or LDP.

Note: These instructions regarding divided or undivided bales also apply when a producer requests lock-in of the AWP rate to be used for the LDP calculation. In such cases, modules or any other unit of unginned cotton must be divided if a joint LDP is not being requested.

272 FAXed Applications

A**Policy**

County Offices shall, except during AWP announcement time restrictions
*--specified in paragraph 22, accept FAXed LDP applications using the following
forms if signatures are supported by FSA-237:--*

- CCC-Cotton AA's
 - CCC-709's.
- * * *

FAXed cotton LDP applications submitted on any form other than
CCC-Cotton AA or CCC-709 are not acceptable.

This policy does not apply to LDP's through CMA's.

B**Application
Requirements**

[7 CFR 1427.1(a)] All CCC-Cotton AA's and CCC-709's, as applicable, must be
completed in full by the producer for the application to be accepted and approved
in the County Office. FAXed submissions of:

LDP applications for stored bales (CCC-Cotton AA) must be accompanied by an
acceptable gin-tag list before approval/processing.

AWP lock-ins for LDP's for seed cotton in modules are based on the date a
completed CCC-Cotton AA is received in the County Office.

Note: The gin-tag list is provided later after ginning.

CCC-Cotton AA shall include the following:

- crop year
- farm number
- producer signature and date of request.

Gin-direct applications for LDP (CCC-709) may be accepted but cannot be
approved until an acceptable gin-tag list is received. CCC-709 shall include the
following:

- crop year
- production units
- producer signature and date of request.

In all cases, gin-tag lists may be provided by e-mail, diskette, or paper copy.

272 FAXed Applications (Continued)

C***--Handling
Invalid
Applications**

County Offices shall not approve any FAXed LDP application that is received, but **not**:

- inclusive of all necessary information
 - supported by a completed FSA-237 on file before receipt of the FAXed application.
-

D**Approval of
Valid
Applications**

County Offices shall approve correctly completed FAXed LDP applications as soon as possible after receipt of the application and any additional required documentation, providing that all eligibility requirements have been met.

All FAXed applications must be supported by a completed FSA-237 on file before receipt of the FAXed application. FAXed LDP requests that are denied because FSA-237 is **not** on file are considered invalid requests. The producer must complete FSA-237 before submitting a new LDP request. A new LDP rate will be established based on the date of the new LDP request.--*

273 FAXed Applications Not Received

**A
Handling
Unreceived
FAXed
Applications**

If a producer inquires about a FAXed LDP application and the application is subsequently not received, County Offices shall:

- require producers to submit a copy of the FAX transmission report or some type of documentation to verify that the FAX transmission was attempted to verify that the application was FAXed
 - accept producer's completed LDP application
 - document the date that the LDP application was FAXed and the reason the FAX was not received
 - approve, with concurrence, the LDP application
 - use the LDP rate in effect on the date printed by the FAX machine on the original LDP application
 - not accept or approve producer's LDP application if the actual date of the FAX cannot be verified by the producer.
-

274 Gin Direct LDP's Using CCC-709

A**Applicability**

[7 CFR 1427.23] Producers who want to receive LDP's based on the date ginned may file CCC-709:

- on or before the date of ginning
- for 1 or more farm's expected production
- for all or a portion of the expected production.

Notes: The agreement is not limited only to those producers who lose beneficial interest immediately upon ginning.

Do not use CCC-Cotton AA for any quantity of cotton included on CCC-709.

Any quantity of cotton for which a producer will retain beneficial interest after the date ginned, and for which the producer wants to retain price support eligibility through this later date, should be included on CCC-Cotton AA, not on CCC-709.

B**Time of
Executing
CCC-709**

CCC-709 must be entered into on or before the date of ginning.

Notes: CCC-709 may be entered into after ginning begins; however, any cotton ginned before the date of CCC-709 is not covered by CCC-709.

See subparagraph J for preparing CCC-709.

Continued on the next page

274 Gin Direct LDP's Using CCC-709 (Continued)

C**Quantity
Included on
CCC-709**

The entire quantity included on CCC-709 is eligible for the LDP rate, including a zero rate, that is in effect **on** the date of ginning.

Note: If the LDP rate on the date of ginning is zero, the producer will not receive LDP and will not be eligible for a loan on that quantity shown on CCC-709.

Example: Producer files CCC-709 for all the production of cotton from all farms. The producer produced 500 bales of cotton on all farms. Of the 500 bales, 50 bales were ginned on a date when LDP was equal to zero. These 50 bales are not eligible for LDP or loan.

D**Specifying
Delivery
Locations**

Producers who want CCC-709 provisions to be applicable for production delivered to a specific location or buyer may designate that quantity on CCC-709.

Note: Because the cotton LDP rate is based on the date of ginning, cotton producers may designate only the cotton delivered directly from the gin to a specific location or buyer. The date of ginning will continue to be used to determine the LDP rate for the designated quantity.

Example: If the producer wants all production from Farm 57 that will be delivered to Bob River Mills, Inc. to be the only production from Farm 57 covered by CCC-709, the producer should enter the following in CCC-709, Part B.

Farm Number	Production Units
57	All to Bob River Mills, Inc.
40	All
37	300 Bales

Continued on the next page

274 Gin Direct LDP's Using CCC-709 (Continued)

D**Specifying
Delivery
Locations
(Continued)**

Notes: All production from Farm 57 not delivered to Bob River Mills, Inc. is eligible for a loan or LDP if all eligibility requirements are met.

All the production from Farm 40 would be covered by CCC-709 provisions.

300 bales from Farm 37 would be covered by CCC-709 provisions.

E**Approving
CCC-709**

If more than 1 producer shares in a bale of cotton, each producer who has a share in the bale must sign CCC-709 before it can be approved.

CED or designee may approve CCC-709 for CCC.

Note: Only the share of the production applicable to the producers who sign CCC-709 will be considered covered by CCC-709.

F**Revising
CCC-709**

CCC-709 may only be revised before ginning.

If a producer wants to revise CCC-709, require the producer to:

- line through the applicable quantity on CCC-709 to be revised
- enter the revised quantity and initial and date the entry.

Note: All producers who signed CCC-709 must initial and date all revisions for the farms of which they share in the production.

Example: If a producer signed CCC-709 for all the cotton on Farm 40, the producer could gin 300 bales and before ginning any more, revise CCC-709 to cover only the 300 bales, leaving the bales remaining to be ginned eligible for a loan or LDP in the normal manner.

Continued on the next page

274 Gin Direct LDP Using CCC-709 (Continued)

G
Terminating
CCC-709

CCC-709 may only be terminated if the producer has not ginned any of the cotton covered by CCC-709.

Example: If a producer signed CCC-709 for all the cotton on Farm 40 and 300 bales had been ginned as of the current date, the producer would not be allowed to terminate the agreement for the 300 bales ginned, but COC may permit the producer to revise CCC-709 so cotton not yet ginned would not be covered by CCC-709.

***--Note:** Cotton for which LDP is requested using CCC-709, but for which LDP is not provided because of payment limitation, may be pledged for loan if otherwise eligible and beneficial interest has been maintained. This loan cannot be repaid at a reduced rate, but can be processed using a commodity certificate redemption.--*

H
Production
Evidence

To receive LDP on production covered by CCC-709, the producer must provide acceptable production evidence according to paragraph 266 on or before May 31 after the calendar year in which the crop is planted. Production evidence must show the date each bale is ginned.

Note: Producers are not required to provide the total production evidence for the total production covered by CCC-709 before LDP may be made. Multiple LDP's may be made under the terms of CCC-709.

I
Processing LDP

Once production evidence is provided, follow paragraph 276 for entering data into APSS.

Notes: Use AWP and CCA in effect on the date cotton was ginned.

Use the date CCC-709 was approved as the LDP Approval Date.

More than one LDP may be required when a different AWP and CCA are applicable for the production listed on CCC-709.

J
Revising
CCC-709

Until revised versions of CCC-709 are available, the following statement is to be added to CCC-709 and signed by the producer or producer's agent:

“Notwithstanding the terms of Part A, if LDP is denied on a quantity of cotton due to the payment limitation, such quantity is eligible to be used as collateral for a CCC marketing assistance loan through the final loan availability date as long as all other eligibility requirements, including beneficial interest, are met.”

K**Completing
CCC-709**

Complete CCC-709 according to this table.

Notes: The producer must complete items 1 through 3; Part A, items 4 through 8; Part B, items 9 through 12; and Parts C and E.

If the producer is requesting LDP in person, the County Office may assist the producers, as applicable.

Item	Instructions
1	Enter the contact producer's name, address, and ID number. Note: The telephone number is optional.
2	Enter the crop year of the commodity for which LDP is requested.
3	Enter the commodity, class, variety, and type for which LDP is requested. Note: CCC-709 is required for each separate commodity.
4 through 8	All producers requesting this LDP shall: <ul style="list-style-type: none"> • check (✓) the applicable box to select either "yes" or "no" in response to Part A, items 4 through 8 • enter initials in the applicable box for each of the items. <p>Note: All producers signing CCC-709 must ensure that the information in Part A, items 4 through 8 is correct.</p> <p>If the response to items 6 through 8 is "no", the producer may not be eligible for LDP. County Offices shall verify responses before disapproving the LDP request, as applicable.</p> <p>ENTER "N/A" in item 8 if the commodity is oilseeds.</p>
9	*--Enter the gin name in item 9 C. Item 9 D does not apply to cotton.--*

275 LDP Application and Certification Using CCC-Cotton AA

A Request for Payment

LDP's must be requested on CCC-Cotton AA:

- by all producers having an interest in the cotton
- before beneficial interest in the cotton is lost
- on or before the final loan availability date.

One payment may be made for more than 1 farm, or multiple payments may be made for 1 farm.

Note: See paragraph 274 for special provisions for producers who want LDP's based on the date ginned.

By submitting CCC-Cotton AA, producers certify that production:

- is eligible for loan
- has not been previously used for loan or LDP
- will not be used for a subsequent loan or LDP.

CCC-Cotton AA, once submitted, cannot be canceled or revised.

B Approval

--CCC-Cotton AA shall be approved by CCC on the day that CCC-Cotton AA, signed and dated by all applicable producers, and the-- accompanying production evidence, are **both** provided. If CCC-Cotton AA and production evidence are provided on separate days, the approval date is the later date.

When CCC-Cotton AA is used to lock-in AWP for modules, the LDP application is not approved for payment until the corresponding bales are identified. Interest is not payable for the period between AWP lock-in and submission of bale information.

Exception: CCC may approve CCC-Cotton AA before classing data is presented if:

- classing data is not yet available

Note: Producer is required to submit classing data as soon as it is available from AMS.

- acceptable gin tag or warehouse receipts are submitted

Continued on the next page

275 LDP Application and Certification Using CCC-Cotton AA (Continued)

B**Approval
(Continued)**

- all producers sharing in the cotton have signed CCC-Cotton AA.

Note: If beneficial interest is questioned, follow paragraph 102.

C**Returning
Warehouse
Receipts**

If acceptable warehouse receipts are presented as production evidence and the producer requests that the receipts be returned the same day, the County Office shall only return warehouse receipts on the same day if all requirements are met, except providing classing data, and all of the following occur:

- CCC-Cotton AA is approved
- either:
 - a list of the warehouse receipts showing the same information as the receipts are presented with the warehouse receipts

Note: County Office shall verify that the information on the list matches the negotiable warehouse receipts.

- photocopies of the warehouse receipts can be obtained.

Note: If the photocopies are not made by the County Office, County Office shall verify that the photocopies represent the negotiable warehouse receipts presented.

Requested on
Unginned Cotton**

Use CCC-Cotton AA to process LDP applications when the following 3 conditions are met:

- producers request to “lock-in” AWP
- producer’s eligible cotton has been harvested
- the cotton has not been ginned.

--Such requests lock in the LDP payment rate for payments that will be disbursed after the cotton is ginned and bale information is provided. Procedures in subparagraph A apply. Lock-in requests will expire if bale information is not provided before the final date of availability (May 31). See paragraph 162.--

Note: Requests for LDP’s based on a locked-in rate, once submitted, may not be canceled or revised by the producer. However, cotton for which the lock-in is provided, but LDP is not provided because of payment limitation, is eligible to be pledged for loan. **Any initial AWP lock-in on CCC-Cotton AA does not apply to such loan.**

Complete CCC-Cotton AA according to this table if producers request a lock-in of AWP for harvested cotton in storage before ginning.

* ☐ ☐

This form is available electronically. CCC-Cotton AA (07-10-03)		U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation		Form Approved - OMB No. 0560-0129 1. CROP YEAR 2003		2. LDP NO. 45578	
UPLAND COTTON PRODUCER'S LOAN DEFICIENCY PAYMENT APPLICATION AND CERTIFICATION						3. FARM NO. 3876	
4. FILE SEQUENCE NO. 89755						5. BALE COUNT 50	

Privacy Act and Public Burden, Statements on Page 2.

PART A - APPLICATION

The undersigned producer(s) ("Producer"), hereby make application for a loan deficiency payment (LDP) in accordance with 7 CFR Part 1427 with respect to the upland cotton produced on the farm indicated above during the crop year indicated above. As a condition to receiving such loan deficiency payment, the Producer hereby represents and agrees as follows:

1. The Producer agrees: (1) that the production for which LDP is requested is eligible to be pledged as collateral for a CCC loan and does not reflect production previously used for an LDP and has not been or will not be pledged in the future as collateral for a CCC loan unless the LDP is denied due to payment limitation.
2. The Producer is eligible to obtain a CCC loan with respect to their share of the upland cotton indicated on the attached production evidence provided by the Producer in the capacity of landlord, landowner, tenant, or sharecropper.
3. With respect to the cotton indicated on the production evidence provided by the Producer.
 - a. The Producer has and always had beneficial interest in such cotton in accordance with the regulation governing the cotton loan program for the above indicated crop year.
 - b. Such cotton has not been acquired directly or indirectly from a share tenant or sharecropper.
 - c. If the Producer is a share tenant or sharecropper, each landlord who has an interest in such cotton has jointly signed this application.
 - d. Such cotton is in existence and is not false-packed, water-packed, mixed-packed, reginned, or repacked.
4. The Producer understands that: (1) this application is subject to a determination by CCC of the Producer's eligibility to receive an LDP; and that this application and CCC's determination are subject to 7 CFR Part 1427; (2) CCC may require copies of all sales contracts applicable to the production represented by this application; (3) if CCC determines that the producer has misrepresented the eligibility of the production covered by this agreement, CCC shall require repayment of the entire LDP plus interest from the date of payment and assess liquidated damages in accordance with 7 CFR Part 1427.
5. The Producer agrees that if this LDP application occurs after the cotton has been ginned, the LDP rate will be the rate in effect on the date (on or after the date of the last producer signature) that this application, having been accurately completed is received by FSA (submitted).
6. Entry of information in Part B of this Application and Certification constitutes an irrevocable application for the AWP to be locked-in on the date an accurately completed application is received by FSA (submitted). For such applications, the producer agrees that the LDP rate will be based on the locked-in AWP. Such LDP rate will apply to the cotton bales produced from the unginned cotton identified in Part B. The Producer agrees to submit gin-provided documentation identifying the bales produced from the module/storage unit for which the AWP lock-in applies and agrees to pay liquidated damages for applications based on a locked-in rate not supported by bale-identifying documentation.
7. The Producer agrees this request for LDP is irrevocable and cannot be canceled or revised unless the LDP is denied due to payment limitation.

277 Preparing Manual LDP's

A

When to Prepare Manual LDP's

If APSS is not operating and it is not expected to be operating for at least 4 workdays from the time all required production evidence is submitted by the producer for LDP, the County Office shall prepare LDP manually, only at the producer's request.

B

When Not to Manually Prepare LDP

If APSS is operating, or is expected to be operating within 4 workdays of the day the producer presents the warehouse receipts, do not manually prepare LDP.

C

Action Taken to Prepare and Make Manual LDP

County Offices shall:

- determine the eligibility of the producer and cotton
 - complete CCC-Cotton AA and CCC-Cotton AA-1 according to paragraphs 275 and 278, respectively
 - for each bale, calculate the:
 - LDP rate according to subparagraph E
 - gross LDP amount according to subparagraph F
 - research and promotion fee according to subparagraph G
 - total payment amount according to subparagraph H
 - follow subparagraph I to prepare CCC-184's
 - immediately, when APSS is operating, enter the manual LDP data according to paragraph 279.
-

Continued on the next page

277 Preparing Manual LDP's (Continued)

D**When CCA Is Applicable**

If CCA is applicable, County Offices shall separate the cotton for which LDP is requested into the following 2 categories:

- bales for which CCA is applicable
 - bales for which CCA is **not** applicable.
-

E**LDP Rate**

For those bales for which CCA is:

- **not** applicable, LDP rate shall be equal to the difference between the following:
 - NALR
 - AWP in effect on the day CCC-Cotton AA is approved
- applicable, LDP rate shall be equal to the difference between the following:
 - NALR
 - AWP minus the allowable CCA in effect on the day CCC-Cotton AA is approved.

Note: See paragraph:

- 27 for the grades of cotton for which CCA is applicable
 - 26 for determining the allowable CCA.
-

277 Preparing Manual LDP's (Continued)

F**Gross LDP
Amount**

Determine the gross LDP amount by multiplying the applicable LDP rate, determined according to subparagraph E, times the sum of all of the applicable bale net weights shown on the acceptable production evidence.

G**Research and
Promotion Fee**

Calculate the research and promotion fee by multiplying .005 times the result of subparagraph F.

H**Total Payment
Amount**

Calculate the total payment amount by subtracting the research and promotion fee, determined according to subparagraph G, from the gross LDP amount, determined according to subparagraph F.

I**Preparing
CCC-184**

County Offices shall prepare CCC-184 according to 1-FI using program code "XXLDPUPCN" for the total payment amount.

Note: Offsets and assignments shall be handled in the normal manner.

J**Production
Evidence**

County Offices shall make a copy of the production evidence submitted and return the original to the producer.

Note: Each warehouse receipt or gin tag and class card does not have to be photocopied if a list of the same information is provided with the production evidence. In these cases, only a copy of the list shall be kept.

278 Using CCC-Cotton AA-1

A**Description**

CCC-Cotton AA-1 is a computer-generated form printed during the APSS LDP-making procedure. A blank CCC-Cotton AA-1 may be printed for preparing a manual LDP.

Note: Keep an adequate supply of blank CCC-Cotton AA-1's on hand for preparing manual LDP's when the computer is not operating.

B**Completing

280 Preprocessed Bale Data

A

Overview

As a service to producers, some private entities are willing to prepare diskettes for County Offices that shall be considered acceptable for CCC purposes, if formatted according to Exhibit 12, to use in processing LDP's.

LDP's can be made using preprocessed bale data that has been transferred to System 36 from cotton warehouse receipt process according to paragraph 330.

B

Data Received on Diskette

Preprocessed data can be accepted on 3 1/2-inch diskettes. To process cotton *--bale data files received on 3 1/2-inch diskettes, follow paragraph 330. If the diskette is not retained, file a paper copy of the bale list in the producer's folder.--*

C

Bale Listings Provided by E-Mail

Gin/gin tag and warehouse/warehouse receipt listings of bales for LDP may be provided to County Offices at the time of LDP request by e-mail. County *--Offices shall print and retain these listings and process LDP using the table--* in paragraph 331.

Part 6 Correcting APSS Transactions**286 General Information**

A**Introduction**

Use the correction process when a loan transaction has been recorded and updated in the master file, but later discovered to be incorrect.

The correction process will reverse or delete transactions that are incorrect. The same transaction can be re-entered with the correct information, when applicable.

B**Getting Started**

Before beginning any type of correction processing, the complete loan folder should be at the terminal for reference purposes.

287 Accessing Correction Functions

A

Initial Entry

On Menu PCA005, ENTER “7” to initiate the correction process, and PRESS “Enter”. Screen PCA11000 will be displayed.

B

**Processor and
Loan Data**

Complete the producer and loan information. Screen PXA00005 will be displayed.

288 Selecting Transactions

**A
Transaction
History**

After the loan is identified, Screen PXA00005 will be displayed with the following:

- producer's name
- crop year
- loan number
- commodity
- transaction types, in order of occurrence
- transaction date
- transaction time
- diskette date, if applicable.

Screen PXA00005 will display all of the transactions that have taken place on the selected loan. Transactions are listed in sequential order as they occurred. After identifying the transaction that is to be reversed, ENTER "Y" in front of the transaction, and PRESS "Enter" to continue.

Notes: Only one "Y" is allowed. All transactions listed after the selected transaction will also be reversed during the correction process.

If a diskette date is present for the transaction being reversed, see paragraph 289 for using history diskettes before proceeding.

Continued on the next page

288 Selecting Transactions (Continued)

B**Loan
Reconstruction
Process**

After pressing “Enter” on Screen PXA00005, Screen PXA10000 will be displayed with the following:

- a prompt for the history diskette, if a diskette date was present for any transaction involved in the correction

Note: See paragraph 289 for using history diskettes.

- target date of the transaction to be corrected
- a series of messages indicating reversal is in progress for the transaction and any subsequent transactions.

After a short time, the message, “Verify listing to continue error correction process”, will be displayed. Before continuing:

- review the report entitled, “Correction Posting Check-Off List”, that was automatically printed on the default printer
 - verify that the entries shown on the report are to be reversed
 - if report is correct, PRESS “Enter” and continue processing according to paragraph:
 - 290, if CCC-184's were involved in the correction
 - 291, if repayments were involved in the correction
 - if report is incorrect, PRESS “Cmd7” to end processing.
-

289 Using History Diskettes

A**Types of History
Diskettes**

Start-of-day processing periodically removes loan data from the history files. The removed data is saved onto the 2 types of diskettes listed in this table.

Type	Purpose
APK205	Used to correct loans.
APK208	Stored as off-site backups to APK205 diskettes.

B**APK205
Diskettes**

If correcting 1 or more transactions, APK205 diskettes may be needed to restore information necessary for the correction.

If a diskette is needed, the “Diskette Date” field on Screen PXA00005 will display the date of APK205 diskettes containing the loan information needed for the correction. Insert diskettes into the disk drive, in sequential order, when prompted. After the transaction is restored from the diskettes, the correction process will continue.

Note: Depending on the transaction being reversed, other APK205 diskettes may be needed for subsequent transactions that also will be reversed during the correction process.

C**APK208
Diskettes**

The correction process may reject damaged APK205 diskettes and display an error message. If an error message is received, APK208 diskettes can be copied to obtain another set of APK205 diskettes.

Follow 14-PS, Part 13 for information on converting the APK208 diskettes to APK205 diskettes.

290 Corrections Involving Payables

A**Accounting
Interface**

After verifying the correction report and pressing “Enter” on Screen PXA10000 according to subparagraph 288 B, Screen ANK52010 will be displayed with the check or checks issued for the loan being corrected. Screen ANK52010 will list the program code, amount, check number, issue date, and loan number with the question, “Is the check to be canceled available?”

B**Loan To Be
Re-Entered, and
Loan Disbursed
With a Check**

If the loan will be re-entered and direct deposit was not used, ENTER “Y”. The check will be canceled without creating a receivable in accounting. Re-enter the loan as a manual action according to paragraph 192 for cotton loans or paragraph 244 for seed cotton loans. When recording check data in accounting, enter the check number of the original check. This re-issues the same check number on the new loan. See 67-FI for additional information.

C**Loan Not To Be
Re-Entered**

If the loan will not be re-entered, ENTER “N”. The check will be canceled and screens will be displayed to record receivable information. Complete receivable processing according to 67-FI.

D**Receivable
Created in
Correction
Process**

If any loan disbursements were made by direct deposit and the direct deposit record has been transmitted, or if “N” was inadvertently entered to the question, “Is the check to be canceled available?” on Screen ANK52010 when the loan will actually be re-entered, a receivable will be created that must be repaid. When re-entering the loan, the check must be made payable to CCC. The check must then be applied to the receivable as a repayment. See 67-FI for more information.

Note: The receivable repayment date must be the same as the receivable creation date to prevent interest from being assessed.

291 Corrections Involving CCC-257's

A

**Repayment
Corrections**

When correcting a repayment transaction, amounts deposited on CCC-257 during the repayment will be reversed. The correction process will reverse only the program or "PGM" record associated with the repayment on CCC-257.

The remittance or "RMT" record will remain on CCC-257 and cause CCC-257 to be out-of-balance until the:

- repayment is re-entered
 - "RMT" record is removed from CCC-257.
-

B

**Handling
Corrections**

See 3-FI, Part 3 for instructions on handling CCC-257 corrections.

292 Completing Correction Process

**A
Completing
Correction**

When the correction process is completed, applicable CCC-184's canceled or receivables established, and files updated, Menu PCA005 will be displayed. See subparagraph B for re-entry instructions, if necessary.

File the Correction Posting Check-Off List in the loan folder for future reference.

**B
Re-Entry
References**

As explained in this part, placing “Y” next to a transaction in the correction process will reverse that transaction and all subsequent transactions. When applicable, the incorrect transaction and all subsequent transactions must be re-entered.

If re-entry is necessary, follow this table to find the instructions for re-entering the applicable transaction.

IF re-entering a...	THEN see...

Part 7 Violations

301 Overview

A

Terms and Conditions

CCC has determined that producers who violate the terms and conditions of loan note and security agreements or LDP applications will cause harm or damage to CCC. These violations result in funds being disbursed to producers for a quantity of cotton that may not exist or a quantity for which the producer is not eligible.

This part describes what actions are required to be taken if a producer is found in violation of the terms and conditions of a loan or LDP.

* * *

B

Violations Not Applicable

This part does not apply if the cotton is determined ineligible because of the following types of violations:

- HELC
- WC
- FFC.

*--C

CED Actions

When duplicate benefits are provided, CED must:

- determine whether a violation may have occurred based subparagraph 301 D
- refer any suspected violations to COC for a violation determination
- obtain repayments:
 - for violations (determined by COC) at P+I+liquidated damages
 - for nonviolations at P+I without referral to COC.

D

Distinguishing Violations From Nonviolations

Duplicated payments are to be considered a violation if the producer knew, or had reason to know, that an application would generate a duplicate benefit.

An example of a violation is a benefit (whether loan or LDP) provided under duplicated producer application to multiple County Offices or to both CMA/LSA and County Office.

The following are examples of **nonviolations**:

- bale misidentified by gin/warehouse without producer knowledge
- bale assigned to multiple producers by gin/warehouse
- bales misdirected by gin/warehouse
- County Office keystroke errors or other misaction/misinformation.--*

302 Producer Notification**A****Notifying
Producer**

[7 CFR 1427.18] [7 CFR 1427.174] If COC determines a violation occurred, the County Office shall immediately send the following letter to the producer.

Note: Determine what actions are to be taken and the amounts due according to subparagraph 303 C.

RE: (Enter crop year, commodity, and loan/LDP number)

Dear _____:

(Explain the situation surrounding the violation.)

As a result of the violation, we have determined: (enter as applicable)

- to accelerate your maturity date to (enter date of the 30th calendar day from the date of this letter)
- the loan deficiency payment must be refunded, plus interest
- to assess liquidated damages on (enter the number of pounds affected by the violation)
- all previously earned storage credit and market gain, plus applicable interest to the loan, must be refunded
- (enter the quantity affected by the violation) cannot be forfeited to CCC in settlement of your loan nor can the quantity be repaid at a rate less than principal plus interest, plus any applicable charges paid by CCC, and cannot be redeemed with CCC Commodity Certificates
- (enter the quantity not affected by the violation) may be forfeited to CCC, however, because the loan has been called, any repayment of additional loan collateral must be at principal plus interest, plus any charges paid by CCC, and cannot be redeemed with CCC Commodity Certificates.

The following amounts are due: (enter as applicable)

- | | | |
|------------------------------------|----------------------|-----------------------------------|
| • <u>loan principal</u> | • <u>interest</u> | • <u>LDP amount</u> |
| • <u>liquidated damages</u> | • <u>market gain</u> | • <u>unearned storage credit.</u> |
| • <u>other charges paid by CCC</u> | | |

Applicable interest will continue to accrue from the date of this letter until the amount due is repaid. The amounts stated above will be recorded for offset and offset may be taken from any CCC or FSA payment due you if we do not hear from you within 30 calendar days from the date of this letter.

If you want to contest this determination, file a written request including evidence to support your position with the County FSA Committee within 30 calendar days after the date of this letter.

During these 30 calendar days, you may also inspect and copy records located at the above address that relate to this determination.

	IF good faith...	THEN follow subparagraph...
	is determined and the producer has been involved in less than 2 violations in the previous 24 months	303 A, using the demand letter in subparagraph 303 D.
	cannot be determined or the producer has already been involved in at least 2 violations in the previous 24 months	303 C, using the demand letter according to paragraphs 42 and 35.

303 Loan and LDP Violations

A**Good Faith
Determinations**

[7 CFR 1427.18] If producers can show they acted in good faith when the loan or LDP violation occurred, COC shall demand:

- as applicable, repayment of the:
 - loan principal and charges, plus interest, applicable to the loan quantity affected by the violation
 - LDP amount and charges, plus interest, applicable to the LDP quantity affected by the violation
- payment of liquidated damages equal to:
 - 10 percent of the loan or LDP rate times the quantity affected by the violation, if the producer has **not** been found in violation of a price support loan or LDP in the previous 24 months
 - 25 percent of the loan or LDP rate times the quantity affected by the violation, if the producer has been involved in 1 violation of a price support loan or LDP in the previous 24 months.

Note: See subparagraph:

- B if the amount due is not repaid within 30 calendar days of demand
- C if the producer has already had more than 1 loan or LDP violation in the previous 24 months
- E for authority to waive liquidated damages.

303 Loan and LDP Violations (Continued)

B**Good Faith
Determined, But
Amounts Due
Not Repaid
Within
30 Calendar
Days**

If amounts due for loans and LDP's, as determined according to subparagraph A, are not repaid within 30 calendar days:

- for loans:
 - call the loan, if still outstanding, involved in the violation and require repayment of any previously realized market gain and unearned storage credit on the loan, plus interest
 - follow paragraph 35 for any quantity determined ineligible for the loan
 - for LDP's, require repayment of the entire LDP, plus interest.
-

C**Good Faith Not
Determined or
Multiple
Violations Are
Applicable**

If COC cannot determine the producer acted in good faith when the violation occurred or if the producer has already had 2 or more loan or LDP violations in the previous 24 months, COC shall:

- demand payment of liquidated damages equal to 25 percent of the loan or LDP rate times the quantity affected by the violation

Note: See subparagraph E for authority to waive liquidated damages.

- for loans:
 - call the loan, if still outstanding, involved in the violation and require repayment of any previously realized market gain and unearned storage credit on the loan, plus interest
 - follow paragraph 35 for any quantity determined ineligible for the loan
 - for LDP's, require repayment of the entire LDP, plus interest.
-

Continued on the next page

303 Loan and LDP Violations (Continued)**D****Good Faith**

If good faith is determined and the producer has been found in violation of less

Demand Letter

than 2 violations in the previous 24 months, use the following demand letter.

RE: (Enter crop year, commodity, and loan/LDP number)

Dear _____:

The County FSA Committee has determined that you acted in good faith concerning the violation of the (loan agreement/LDP application) of which we had previously notified you. Based on this determination and because this is your (first/second) violation in the previous 24 months, the following amounts are now due: (enter as applicable)

- | | | |
|------------------------------------|----------------------|-----------------------------------|
| • <u>loan principal</u> | • <u>interest</u> | • <u>LDP amount</u> |
| • <u>liquidated damages</u> | • <u>market gain</u> | • <u>unearned storage credit.</u> |
| • <u>other charges paid by CCC</u> | | |

Applicable interest will continue to accrue from the date of this letter until these amounts are repaid or transferred to claims. If these amounts are not repaid within 30 calendar days, the following actions will be taken: (enter as applicable):

- outstanding loan will be immediately called
- foreclosure proceeding will begin on the ineligible cotton
- a claim will be established for the following amounts due: (enter as applicable)
 - all market gain realized on the loan, plus interest
 - entire LDP amount, plus interest
 - loan amount plus accrued interest applicable to the ineligible cotton.

An additional 3 percent will be assessed on the unpaid balance of the debt retroactively for the date the claim is established if payment in full is not made within 60 calendar days after the date the claim is established.

If this demand letter is a result of a producer's appeal and the appeal was not granted in full, this letter shall contain appeal rights to the State FSA Committee.

E

**Authority to
Waive
Liquidated
Damages**

COC's may grant relief by waiving any or all of the liquidated damages for a first offense if COC determines the producer acted in good faith.

STC's may grant relief by waiving any or all of the liquidated damages for any offense.

Note: Determinations to waive liquidated damages must be determined on a case-by-case basis.

--Part 8 Cotton Warehouse Receipt Process*Section 1 Creating Office Profile and Updating Table Files****321 General Provisions**

A**Downloading
EWR's**

EWR's are issued by warehouses through a provider's system. A warehouse may only use 1 provider and must issue all receipts as EWR's. When a producer wants to receive a loan or LDP, the provider's system must forward EWR to CCC.

KCAO maintains CRTS which receives EWR's. Once KCAO receives and validates EWR, a receipt acknowledgement is transmitted back to the provider. Classing data is obtained from AMS and then EWR is available for download to a County Office.

County Offices transmit a request for download that consists of the gin code and gin tag. Upon receipt of EWR's, County Offices may process loans and LDP's. Once EWR is downloaded by a County Office, no other office can download that receipt. Inquiry capability is available to all offices on all EWR's.

Create EWR data files for download and processing using the cotton warehouse receipt process according to Sections 2 and 3.--*

Continued on the next page

***--321 General Provisions (Continued)**

B**Releasing EWR's**

County Offices release EWR's when the bale is repaid, LDP is complete, for correction or if downloaded in error.

- For EWR's downloaded in error, the release places EWR back on CRTS and makes EWR available for download again.
 - For EWR's released for correction, EWR is transmitted to the provider and the previous holder becomes the holder. This allows corrections to the warehouse receipt data to be made. EWR may be resubmitted to CCC.
 - For EWR's released because of repayment, the County Office enters the holder ID provided by the person repaying the loan. Upon receipt of the release transmission, the holder ID is validated against the list of valid ID's supplied by the provider. Released EWR's with a valid holder ID are transmitted to the provider. EWR's with an invalid holder ID are returned to the County Office. The provider sends a release acknowledgement back to CCC when the released EWR is successfully processed.
 - Release EWR's using the cotton warehouse receipt process according to paragraph 344.--*

Requirements
and Results**

Other Functions Menu 600, option 6, “Split Loan/LDP Files”, allows users to split selected warehouse receipts from the original file into another file. Bales that are placed in the new file will be removed from the original file.

Original bale data files can be split into 2 files:

- before the file has been downloaded
- after the file has been downloaded, but not completed
- after the downloaded file has been completed.

A single file can only be split into 2 separate files. Split a single file into 3 or more files by:

- splitting the original file by selecting bale records to be contained in 1 file
- after removing bale records for the first file, splitting the original file again by selecting bale records for the next file.

The original file will maintain the same file sequence number. The software will assign a new file sequence number using the County Office’s file prefix to the second file.

If a completed file is split, it is not necessary to download or complete the resulting files again.--*

Cotton Data File Format Requirements

1 General Requirements

A

General Format Requirements

Diskettes submitted to the County Office must be formatted according to this exhibit.

General instructions for all diskettes are in this paragraph. In addition, additional instructions are in paragraphs 2 and 3 based on the type of receipt and whether it is a loan or LDP request. The following table provides guidance on which diskette format shall be used.

IF data is for...	THEN follow additional instructions in...
CCC-Cotton A or CCC-Cotton AA supported by paper receipts	paragraph 2.
CCC-709	
CCC-Cotton AA without paper receipts or EWR's Note: Firms or individuals that prepare diskettes for EWR bales under this option should not send the EWR record to their provider.	
CCC-Cotton A or CCC-Cotton AA supported by EWR's	paragraph 3.

Diskettes not properly formatted cannot be processed by the County Office and will be returned for corrections. For first-time users, a test diskette may be submitted to the following address for review:

FRED GUSTAFSON
FSA KC-ITSDO PSCAD
STOP 8148
P.O. BOX 419205
KANSAS CITY, MO 64141-6205.

B

**File Naming
Conventions**

Format standards require that each cotton loan/LDP bale data file name consist of the following:

- 3-character “X” alphabetic prefix code that identifies the creating entity
- 5-digit “N” numeric file sequence number
- suffix, when applicable, that indicates the file contains EWR data.

The file name format shall be:

- “XXXNNNNN”, for paragraph 2 submissions
- “XXXNNNNN.EWR”, for paragraph 3 submissions.

Effective with the 2001 crop, the first digit of the 5-digit file sequence number shall be the last digit of the crop year. Each file sequence number is increased by 1 for each file created by the entity during the crop year.

Example: “Big Cotton Gin, Inc.” has a file prefix code “BCG”. Its files would be named as follows for the 2001 crop year:

- BCG10001 (first file created)
- BCG10002 (second file created).

C

**Requesting
Entity Codes**

Entities wanting to submit diskettes under this process must contact PSD,
--Automation Branch at 202-690-8038 to be assigned a unique--
3-character entity code to be used as the file prefix.

1 General Requirements (Continued)

D

**Diskette
Requirements**

All 3½-inch diskettes must be in an IBM PC compatible format.

E

Record Length

Each record must be 128 bytes **plus** a carriage return (Hex 0D) and a line feed (Hex 0A) character. This is a total of 130 bytes.

F

Basic Format

Each file shall consist of the following:

- header record
 - separate bale record for each warehouse receipt or gin tag on the loan or LDP
 - trailer record.
-

G

**Separate Files
Required by
AWP for
CCC-709 LDP's**

Separate files are required by AWP applicable to the bales being reported for CCC-709 LDP's. Multiple files may be submitted on a single diskette.

<p>This form is available electronically.</p> <p>CCC-601 (06-26-03)</p>	<p>Form Approved - OMB No. 0560-0087</p> <p>U.S. DEPARTMENT OF AGRICULTURE Commodity Credit Corporation</p> <p>COMMODITY CREDIT CORPORATION NOTE AND SECURITY AGREEMENT TERMS AND CONDITIONS</p>
<p>1. GENERAL.</p> <p>(a) Definitions. The following definitions shall apply to this form, CCC-601, and any appendix thereto.</p> <ul style="list-style-type: none">(i) "Amount Due" means that amount of the loan due CCC on the maturity date which is (A) the sum of: (1) the total loan amount; (2) any applicable charges; and (3) for loans disbursed by CCC-184, interest which has accrued on such amounts computed on a daily basis from the date of disbursement to, but not including, the date of repayment; and (4) for loans disbursed by Electronic Funds Transfer (EFT), interest which has accrued on such amounts computed on a daily basis from the date of disbursement to, but not including, the second day before the date of repayment (7 CFR Part 1405), or (B) at CCC's discretion, an amount that is less than the sum of the amount of the loan principal plus charges and applicable interest. (C) However, for a CCC commodity loan disbursed by CCC-184 and that has a total aggregate principal amount of \$500,000 or more, interest, if applicable, shall be calculated when repaid by: (i) wire transfer, on a daily basis from the date of disbursement to, but not including, the second day before the date of repayment; or (ii) other than a wire transfer, on a daily basis from the date of disbursement through the day after the date of repayment. (D) For a CCC commodity loan disbursed by EFT and that has a total aggregate principal amount of \$500,000 or more, interest, if applicable, shall be calculated when repaid by: (i) wire transfer, on a daily basis from the date of disbursement to, but not including, the second day before the date of repayment; or (ii) other than a wire transfer, on a daily basis from the date of disbursement to, but not including, the date of repayment.(ii) "CCC" means the Commodity Credit Corporation.(iii) "Collateral" means the commodity described in the Note which has been pledged as security for a CCC loan.(iv) "Note" means any CCC Note and Security Agreement which by reference incorporates this form.(v) "Regulations" means the regulations in Title 7 of the Code of Federal Regulations which are applicable to the crop of the commodity described in the Note.(vi) "Schedules of Premiums and Discounts" means the premiums and discounts established by CCC which are applicable to the grade of the commodity as determined from the grading factors reflected on a: (A) warehouse receipt or (B) Federal Grain Inspection Service official grading certificate. These premiums and discounts shall be used in the settlement of a nonrecourse loan if the producer does not repay the loan as required by the program regulations. Copies of the schedules of premiums and discounts are available in State or county Farm Service Agency offices.(vii) "Total Loan Amount" means the amount so identified in the Note.(viii) "Loan Service Fee" means the service fee deducted at loan disbursement and is calculated as follows: (A) for wheat, feed grains, oilseeds, lentils, dry peas, small chick peas, wool, mohair, peanuts, rice, and seed cotton, the smaller of ½ of 1 percent (.005) times the gross loan amount or \$45 per loan plus \$3 for each storage structure, warehouse receipt, rick or module, as applicable, over 1; (B) for ginned cotton, the smaller of ½ of 1 percent (.005) times the gross loan amount or \$7.50 per loan plus 90 cents for each bale; (C) for sugar, \$60 per loan; and (D) for distress loans, \$45 per loan.(ix) All other words and phrases shall have the meanings assigned to them in the regulations found at 7 CFR Parts 718, 1400, 1403, 1421, 1425, 1427, and 1435. <p>(b) Joint and Several Liability. Each producer signing the Note is jointly and severally liable for payment of the amount due.</p> <p>(c) Notification. Several of the terms and conditions of the Note require the producer to notify CCC of actions to be taken by the producer. Any such notification must be made by notifying a representative of CCC at the Farm Service Agency county office that prepared the Note. All notices which CCC must provide to the producer will be mailed to the producer at the address maintained by that office. The producer will be deemed to have received such notice upon deposit, as first class or priority mail, in the U.S. Mail.</p>

- (d) **Applicable Sections.** Except as may otherwise be stated herein: (i) Sections 1 through 3, 5 through 8 and 12 are applicable to all loans; (ii) Section 4 is only applicable to nonrecourse loans; (iii) Section 9 is only applicable to farm-stored nonrecourse loans; (iv) Section 10 is only applicable to warehouse-stored nonrecourse loans; (v) Section 11 is only applicable to recourse loans.
- (e) **Applicable Regulations.** The Note evidences a CCC loan made in accordance with Title 7 of the Code of Federal Regulations. Applicable parts of Title 7 of the Code of Federal Regulations are incorporated by reference as a part of the Note.
2. **EQUAL OPPORTUNITY.** Participation in CCC Programs is open to all eligible applicants without regard to race, color, religion, national origin, age, sex, marital status, or disability.
3. **LOAN MATURITY.** The Note will mature at the earlier of the maturity date stated in the Note or any earlier date determined by CCC. If CCC makes demand for payment before the stated maturity date, the producer will be notified in writing of the accelerated maturity date.
4. **LIQUIDATION OF NONRECOURSE LOANS.** On or before the loan maturity date, the producer may repay the loan by paying the amount due. If the producer repays the loan at a rate less than the sum of the loan principal plus charges and interest, the producer must provide to CCC evidence of production of the commodity which had been pledged as collateral for the loan. In lieu of repayment of the amount due, the producer may, in accordance with Sections 9 and 10, deliver the collateral to CCC. In the case of farm-stored loans, the producer shall bear all expenses of the delivery of the collateral to the delivery point stated in the delivery instructions issued by CCC. The producer will pay to CCC any costs incurred by CCC if the producer fails to deliver the collateral in accordance with such instructions. In no event will CCC pay to any party any amount which is received from the sale of the collateral if the sales proceeds are in excess of the amount required to settle the loan based on the quantity and quality of the commodity delivered to CCC as determined in accordance with the schedule of premiums and discounts. CCC will reimburse the producer for receiving charges paid by the producer to the warehouse upon delivery of the loan collateral except: (i) such payment by CCC will not exceed the receiving charge which CCC has agreed to pay to the warehouse; and (ii) no payment shall be paid by CCC if the warehouse has paid a premium to the producer for delivery of the loan collateral to the warehouse. If the producer has not paid such charges to the warehouse, the producer agrees to assign such payment to the warehouse and CCC shall issue such payment to the warehouse for the producer's account.
5. **WAIVER OF PRESENTMENT.** The producer waives presentment for payment, demand, protest, notice of protest, and notice of non-payment of the Note.
6. **COLLATERAL.** The kind, class, type, and quantity of the commodity which has been pledged by the producer as collateral for the satisfaction of the loan is described in the Note. With respect to farm-stored loans, the collateral consists of the entire quantity of the commodity which is stored as identified in the Note and any authorized replacement of such quantity. With respect to warehouse-stored loans, the collateral consists of the commodity represented by the warehouse receipts identified in the Note and any required supporting documents.
7. **PRODUCER'S RESPONSIBILITY.**
- (a) **General.** The producer must be in compliance with all applicable program requirements and must have beneficial interest in the commodity pledged as collateral for the loan.
- (b) **Liens.** The producer must pledge commodities which are eligible for loan and which are free and clear of all liens, security interests, and other encumbrances. No additional liens or encumbrances shall be placed on the loan collateral after the loan is approved.
- (c) **Movement of Collateral.** The producer will not move any collateral from the location stated in the Note without prior approval of CCC and then only in accordance with instructions issued by CCC. If such movement is not completed as instructed by CCC or the collateral is disposed of, CCC may at its discretion call the loan, assess liquidated damages as specified in Section 7(f), and take other administrative actions, as determined appropriate by CCC, including denial of future farm-stored loans.
- (d) **Access to Collateral.** The producer will allow CCC to enter the premises and inspect the collateral. In the case of high moisture collateral stored in oxygen-limiting structures, the producer must open the facility when requested by CCC to permit inspection of the collateral. If safe access to the collateral is not provided or if the inspection cap on the facility is not opened to permit visual inspection of the collateral, the loan will be called.
- (e) **Certification.** When the producer certifies to the quantity of the commodity to be pledged as collateral for a loan, the producer must provide an accurate certification of such eligible quantities. If CCC determines that the producer has filed an incorrect certification of such eligible quantity, CCC may at its discretion call the loan, assess liquidated damages, as

CCC-601 (06-26-03)

Page 3 of 5

specified in Section 7(f), and take other administrative actions, as determined by CCC, including denial of future farm-stored loans.

- (f) **Liquidated Damages.** If CCC determines that the producer has violated provisions of Sections 7(c), 7(e), or 8(a), liquidated damages may be assessed on the quantity of the commodity which is involved in the violation. For each violation, CCC will review the actions of the producer to determine if the producer acted in good faith to comply with such provisions.
- (i) For producers determined to have violated provisions of Section 7(c) and if CCC determines that the producer acted in good faith, liquidated damages may be assessed by multiplying the quantity involved in the violation by: (A) 10 percent of the loan rate for the first offense; or (B) 25 percent of the loan rate for the second offense. The producer shall pay such liquidated damage penalties plus the lesser of (1) the principal amount of the loan and charges plus interest, (2) CCC determined value on the date the violation occurred plus 15 percent of the applicable loan rate with respect to the quantity involved in the violation within 30 days of notification by CCC, or CCC will call the loan involved in the violation and require full payment at principal and charges plus interest.
- (ii) For producers determined to have violated provisions of Section 7(e) or 8(a), and if CCC determines the producer acted in good faith, liquidated damages may be assessed by multiplying the quantity involved in the violation by: (A) 10 percent of the loan rate for the first offense; or (B) 25 percent of the loan rate for the second offense. The producer shall pay such liquidated damages plus the principal amount of the loan and charges plus interest with respect to the quantity involved in the violation, within 30 days of notification by CCC, or CCC will call the loan involved in the violation.
- (iii) If CCC determines that the producer did not act in good faith with regard to the violation, or for cases other than the first or second offense, CCC will call the loan involved in the violation and may assess liquidated damages computed by multiplying the quantity involved in the violation by 25 percent of the loan rate. The producer shall pay such liquidated damages plus the principal amount of the loan and charges plus interest.

8. LIABILITY OF PRODUCER.

- (a) **Fraud or Conversion.** If the producer has made a fraudulent representation in obtaining the loan or has engaged in or aided in the conversion of the collateral, the producer will be liable for the amount of the loan, for any additional amounts paid to the producer, and for all costs which CCC would not have incurred had it not been for the fraudulent representation or conversion, plus interest on such amounts. In addition, CCC may assess liquidated damages, as specified in Section 7(f), and take other administrative actions, as determined by CCC, including denial of future farm-stored loans.
- (b) **Poisonous Substances and Contamination.** The producer will be liable for any damage resulting from tendering to CCC any commodity, whether or not accepted by CCC, containing mercurial compounds, toxin producing molds or other substances poisonous to humans or animals.
- (c) **Over-disbursement or Under-collection.** If the amount disbursed under the Note exceeds the amount authorized by the applicable regulations or a repayment made by the producer is insufficient to repay the amount due, the producer will be liable for repayment of such amounts and charges, if any, plus interest.
- (d) **Claims.** If the producer fails to settle the loan within 30 calendar days from the maturity date of the loan, or such other date as CCC may agree to, a claim for the amount due will be established in accordance with applicable statutes and regulations.
- (e) **Ineligible Commodities.** If at any time CCC determines that the commodity pledged as collateral is ineligible to be pledged as collateral for the loan, the producer shall be liable for the amount of the loan or if the producer repaid the loan at a rate less than the sum of the loan principal plus charges and interest for the ineligible quantity, the producer must repay to CCC the difference between such sum and the repayment amount, plus interest on such amounts. If the producer has received credit from CCC for storage, such amount must also be repaid. Ineligible commodities may not be delivered to CCC in satisfaction of the amount due, except as may be determined by CCC. If CCC allows the producer to deliver the commodity to CCC in satisfaction of the amount due, the value of the commodity shall be determined as specified in Section 11 (g).

9. FARM-STORED NONRECOURSE LOANS.

- (a) **General.** This section is applicable to a loan which is made with respect to collateral which is stored in CCC-approved storage under the control of the producer and not in a public warehouse.
- (b) **Loss or Damage to the Commodity.** The producer is responsible for any loss in quantity or quality of the commodity pledged as collateral for a farm-stored loan. CCC shall not assume any loss in quantity or quality of the loan collateral for farm-stored loans.

- (c) **Settlement.** (i) If the producer elects to deliver the collateral to CCC in satisfaction of the amount due in accordance with Section 4, CCC will not accept delivery of any quantity of commodity in excess of 110 percent of the eligible outstanding loan quantity, at time of settlement, as determined by CCC. If a quantity in excess of the eligible quantity is included on the warehouse receipt tendered to CCC for such delivery, the producer shall provide for the correction of such warehouse receipt and other applicable documents. If the producer does not take action to correct such warehouse receipt, CCC shall provide for such corrected documents and any charges incurred by CCC shall be for the account of the producer. The collateral shall be delivered in bulk form except as determined by CCC. If the loan collateral is delivered to CCC in satisfaction of the amount due, in accordance with Section 4, the value of the collateral for purposes of settlement will be determined using the applicable schedules of premiums and discounts on the basis of the quality of the collateral for the quantity which is delivered to CCC. (ii) Settlement of corn which is collateral will be made on a shelled corn basis. (iii) The producer is responsible for any loss in quantity or quality of the collateral. If the value of the collateral at settlement is less than the amount due, the producer will pay to CCC the amount of such deficiency and charges, plus interest on such deficiency from the date of disbursement. (iv) If the value of the collateral at settlement is greater than the amount due, such excess will be retained by CCC and CCC will have no obligation to pay such amount to any party. (v) If at any time prior to the maturity date of the loan the collateral can no longer be properly stored due to deterioration or for any other reason, the producer may authorize CCC to sell such collateral on behalf of the producer. (vi) Title to the collateral will vest in CCC only after delivery of the collateral to CCC in accordance with Section 4.

10. WAREHOUSE-STORED NONRECOURSE LOANS.

- (a) **General.** This section is applicable to a loan which has been made with respect to eligible commodities pledged as loan collateral which is stored in a warehouse approved by CCC.
- (b) **Rights of CCC.** At any time prior to the date CCC takes title to the collateral or the date the producer redeems such collateral, in order to protect its interest, CCC may move the collateral from one storage location to another storage location or otherwise handle the collateral including the compression of cotton. Any charges incurred by CCC as the result of such action will be paid by the party redeeming such collateral.
- (c) **Settlement.** (i) If the producer elects to forfeit the collateral in satisfaction of the amount due in accordance with Section 4, the value of the collateral for purposes of settlement will be determined using the applicable schedules of premiums and discounts on the basis of the weight, grade, and other quality factors stated on the warehouse receipt or supporting documents. (ii) The producer is responsible for any loss with respect to the quantity or quality of the collateral to the extent that such loss is caused by action or inaction of the producer. If the producer is responsible and, the value of the collateral at settlement is less than the amount due, the producer will pay to CCC the sum of the amount of such deficiency plus charges, and interest which has accrued on such deficiency from the date of disbursement. (iii) If the value of the collateral at settlement is greater than the amount due, the amount of such excess will be retained by CCC and CCC will have no obligation to pay such amount to any party. (iv) Title to the collateral will vest in CCC on the day following the loan maturity date.
- (d) **Cotton Loan Settlement.** If the producer elects to forfeit either upland cotton or ELS cotton loan collateral to CCC in satisfaction of the amount due in accordance with Section 10(a), the producer shall pay to CCC: (at rates that are specified in the storage agreement between the warehouse where the cotton is stored and CCC) (i) all warehouse storage charges associated with the forfeited cotton that accrued before the cotton was pledged as collateral for the loan; and (ii) any accrued warehouse receiving charges associated with the forfeited cotton, including, if applicable, charges for new bale ties.

11. RECOURSE LOANS.

- (a) **General.** CCC may make recourse loans available to eligible producers of high moisture corn, high moisture grain sorghum, seed cotton, sugar, and other commodities, as determined by CCC. If such loans are available, the producer is liable for the entire amount due and may not deliver the collateral to CCC in satisfaction of the amount due, except as may be determined by CCC.
- (b) **Availability of Nonrecourse Loans.** In limited circumstances, CCC may allow the producer to pledge as collateral for a nonrecourse loan the commodity which has been previously pledged as collateral for a recourse loan. The maturity date for such loans shall be as determined by CCC. If this option is made available by CCC, the producer must immediately repay the entire amount due under the recourse loan.
- (c) **Loss or Damage to the Commodity.** The producer is responsible for any loss in quantity or quality of the commodity pledged as collateral for a farm-stored loan. CCC shall not assume any loss in quantity or quality of the loan collateral for farm-stored loans.

CCC-601 (06-26-03)

Page 5 of 5

- (d) **High Moisture.** Producers of corn and grain sorghum who normally harvest all or a portion of their crop in a high moisture condition may obtain recourse loans from CCC. High moisture means moisture content in excess of: (i) for corn, 15.5 percent; and (ii) for grain sorghum, 14.0 percent. Producers of such high moisture commodities who deliver such commodities to a feedlot, feed mill, or commercial or on farm high moisture storage that does not meet CCC's requirements for approved storage may acquire, in the same county, a like quantity of such commodity to replace the applicable quantity of high moisture feed grains to obtain a loan. Such producers must: (i) complete the applicable CCC forms; and (ii) provide to CCC: (A) certified scale tickets which adequately describe the commodity, the weight of the commodity and the moisture content of the commodity; or (B) if such scale tickets are not available, measurements of the high moisture feed grain made while the commodity was in the field or in storage. Such loans will be made on a quantity of feed grains of the same crop acquired by the producer equivalent to a quantity not to exceed the quantity determined by multiplying: (i) the acreage of the feed grain in a high moisture condition harvested on the producer's farm; by (ii) the lower of the farm program yield or the actual yield on a field, as determined by the Secretary, that is similar to the field from which such high moisture feed grains were obtained.
- (e) **Seed Cotton.** The producer may, prior to the maturity date, with the written approval of CCC move seed cotton from the location where stored to a gin in order to gin such cotton and sell the cottonseed obtained therefrom. (i) If prior to the maturity date the amount due has not been paid, the producer will pay to CCC an amount equal to the proceeds obtained from the sale of the cottonseed and the lint cotton or, if a loan or loan deficiency payment is made by CCC with respect to the lint cotton, CCC will deduct the amount due from any such proceeds which are disbursed. (ii) If prior to the maturity date the amount due has not been paid or the collateral has not been ginned, the producer must, as instructed by CCC, move the collateral to a gin at the producer's expense. If the producer fails to move the collateral as instructed by CCC, CCC may enter the premises and remove, gin, and sell the collateral. Any proceeds from the sale of the collateral will be retained by CCC and applied to the amount due. (iii) If the amount due has not been paid and warehouse receipts have been issued with respect to lint cotton obtained from the collateral, the producer will deliver the receipts to CCC or allow CCC to obtain from any person such receipts. CCC may sell such cotton, if the amount due has not been paid by the maturity date.
- (f) **Discretionary Loans.** Commodities which are pledged as collateral for a non-recourse loan as provided in Sections 9 and 10 but which are determined to be ineligible to be pledged as collateral for such a loan due to the quality of the commodity or other factors affecting value of the commodity; or the storage of the commodity is unapproved storage, may, at CCC's sole discretion, be pledged as collateral for a recourse loan.
- (g) **Settlement.** (i) If CCC allows the producer to deliver to CCC in satisfaction of the amount due the quantity of the collateral which is described in the Note, the value of the collateral for purposes of settlement will be equal to the proceeds received from the sale of the commodity. Title to the collateral will vest in CCC only after delivery of the collateral to CCC in accordance with Section 4. (ii) The producer is responsible for any loss with respect to the quantity and quality of the collateral. If the value of the collateral at settlement is less than the amount due, the producer will pay to CCC the amount of such deficiency plus charges, and applicable interest with respect to such deficiency from the date of disbursement. (iii) If the proceeds received from the sale of the commodity are greater than the sum of the amount due plus any costs incurred by CCC in conducting the sale of the commodity, the amount of such excess will be paid to the producer or, if applicable, to any secured creditor of the producer.

12. ADMINISTRATIVE AND JUDICIAL REVIEW.

The producer may obtain an administrative hearing in accordance with 7 CFR Part 780 with respect to a dispute arising between CCC and the producer concerning the Note, and must exhaust such administrative remedy prior to initiating a judicial action in a court of competent jurisdiction.

NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a) and the Paperwork Reduction Act of 1995, as amended. The authority for requesting the information to be supplied on this form is the Federal Agriculture Improvement and Reform Act of 1996, and the Commodity Credit Corporation Charter Act, as amended. The information on the attached Note and Security Agreement will be used to determine eligibility and the amount of program benefits. The information may be furnished to other USDA agencies, IRS, Department of Justice, or other State and Federal law enforcement agencies, and in response to orders of a court magistrate or administrative tribunal. Furnishing the requested information is voluntary; however, failure to furnish the correct complete information will result in a determination of ineligibility for program benefits. The provisions of criminal and civil fraud statutes, including 18 USC 286, 287, 371, 641, 651, 1001; 15 USC 714m; and 31 USC 3729, may be applicable to information provided by the producer on this form.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0560-0087. The time required to complete this information collection is estimated to average 21 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (202) 720-5964 (voice or TDD). Percent of Cropland Verification Rules

A
Screen
PCA42000

Screen PCA42000 will display the percent of cropland factor for each:

- member of a joint operation that is associated with LDP

Note: These producers are identified with "MJO".

- producer on LDP who is not a joint operation and whose percent of cropland factor is less than 1.0000.

Notes: An individual producer ID may be shown more than once if the producer is a member of:

- 2 or more joint operations on a joint loan or LDP
- 1 or more joint operations and is also listed as an individual on a joint loan or LDP
- a joint operation that has an embedded joint operation of which the producer is also a member.

For APSS purposes, if the producer has 1 or more bad eligibility flags, the percent of cropland is defaulted to zero to deny payment. See subparagraphs B through D for additional information.

B

Joint Operations

During market loan repayment and LDP processing, the percent of cropland factor for each member of a joint operation must be verified.

Note: APSS verifies only the eligibility of members of a joint operation, not the joint operation; therefore, County Offices must verify that the joint operation is eligible before the members can be considered eligible.

IF the joint operation is...	AND...	THEN...
ineligible for payments		ENTER "0.0000" as the percent of cropland factor for each member of the joint operation.
eligible for payments	the percent of cropland factor for the joint operation is less than 1.0000	<p>enter as the percent of cropland factor for each member of the joint operation, the lesser of the following:</p> <ul style="list-style-type: none"> • joint operation's percent of cropland factor • the percent of cropland factor displayed on Screen PCA42000 for the member. <p>Note: If neither percent of cropland is correct, enter the correct percent of cropland factor.</p>
	the percent of cropland factor for the joint operation is equal to 1.0000	<p>verify that the percent of cropland factor displayed on Screen PCA42000 for each producer is correct.</p> <p>Note: The percent of cropland factor displayed on Screen PCA42000 is determined using the logic in subparagraph D.</p>

**If Not a Joint

If a producer is not a member of a joint operation, but the percent of cropland factor is less than 1.0000, County Offices shall verify the percent of cropland factor.

**APSS
Determination of
the Percent of
Cropland Factor**

The following table explains how the percent of cropland factor in APSS is determined.

IF the producer's ID is...	AND the ID is...	THEN the percent of cropland factor will be...
not recorded in the eligibility file for the applicable crop year	a member of a joint operation	equal to 1.0000.
	not a member of a joint operation	equal to 0.0000.
in the eligibility file for the applicable crop year and has all good flags		the percent of cropland factor recorded in the subsidiary file.
in the eligibility file for the applicable crop year and has 1 or more bad flags		equal to 0.0000.

***--Payment of Charges for Warehouse Cotton Loans, Forfeitures, and Reconcentrations**

Item	Normal Loan	Reconcentration		
		Shipping Warehouse (After Shipping)	Receiving Warehouse Redemption	Receiving Warehouse Forfeiture
Receiving	Paid by producer. If forfeited, paid to warehouse by CCC; then billed to producer.	Originally paid by CCC. Added to loan redemption amount and paid by producer or buyer for redeemed cotton. Billed to producer if forfeited.	Added to loan redemption amount; paid by redeemer or buyer.	Added to loan redemption amount; absorbed by CCC if cotton is forfeited.
Storage: Pre-loan	Paid by producer or buyer. If cotton forfeited, paid to warehouse by CCC; then billed to producer.	Paid by CCC, but added to loan redemption amount and paid by producer or buyer for redeemed cotton. Billed to producer by CCC if cotton is forfeited.	Not applicable as cotton considered under loan when received.	Not applicable as cotton considered under loan when received.
Storage: Accrued During Loan Period	If $AWP < P+I$ accrued storage, storage is credited by reducing repayment amount. Buyer pays warehouse. If $AWP > P+I$ storage, then no credit is provided. In either case, CCC pays warehouse if cotton is forfeited.	Paid by CCC and transferred to new loan. If cotton is redeemed from new loan at receiving warehouse, CCC bills producer for any charges paid in excess of approved storage credit. If cotton is forfeited at receiving warehouse, no collection is made from the producer.	Storage charges (net storage credits, if any) at the receiving warehouse are paid by buyer or redeemer when cotton is redeemed.	Storage accrued at the receiving warehouse is paid by CCC if cotton is forfeited.

APPENDIX TO CCC-601, NOTE AND SECURITY AGREEMENT TERMS AND CONDITIONS FOR OUTSIDE STORAGE OF ELS COTTON

NOTE: The authority for collecting the following information is Pub. L. 107-171. This authority allows for the collection of information without prior OMB approval mandated by the Paperwork Reduction Act of 1995. The time required to complete this information collection is estimated to average 1 hour per response, including the time for reviewing instructions; searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a). The authority for requesting the following information is 15 U.S.C. 714 and regulations promulgated thereunder (7 CFR Parts 1421 and 1403). The information will be used to complete the terms of an agreement between the warehouse operator and CCC. Furnishing the requested information is voluntary, however, without it, eligibility to enter into an agreement with CCC cannot be determined. This information may be provided to other agencies, IRS, Department of Justice, or other State and Federal law enforcement agencies, and in response to a court magistrate or administrative tribunal. The provisions of criminal and civil fraud statutes, including 18 USC 206, 207, 371, 641, 651, 1001, 1014, 15 USC 714m and 31 USC 3729, may be applicable to the information provided. **RETURN THIS COMPLETED FORM TO THE KANSAS CITY COMMODITY OFFICE, P.O. BOX 419205, Mail Stop 8748, KANSAS CITY, MO 64141-6205**

PART A – TERMS AND CONDITIONS

A producer submitting cotton to the Commodity Credit Corporation (CCC) as collateral for a marketing assistance loan may store such collateral outside subject to the following terms and conditions:

- (1) **Collateral Identification.** The producer must identify all outside-stored cotton loan collateral by providing CCC, for each individual bale, the gin code number (5-digit number) and gin bale number (gin-assigned 7-digit number) as presented to the Agricultural Marketing Service (AMS) for classification services, and the bale net weight.
- (2) **Collateral Location.** The producer must provide CCC the address, and any additional storage location information sufficient to enable a CCC representative to locate the cotton.
- (3) **Classification Information for Forfeited ELS Cotton.** The producer is responsible to provide, within 30 days after the date of delivery of the cotton into a warehouse designated by CCC, AMS classification information, based on bale samples collected by an AMS-approved sampler.
- (4) **Settlement.** Notwithstanding provisions of paragraph 9(c) of the Note and Security Agreement Terms and Condition (form CCC-601), if the producer elects to forfeit outside-stored loan collateral in satisfaction of the amount due: (i) the value of the collateral for purposes of settlement will be determined using the applicable schedules of premiums and discounts on the basis of the classification information provided after delivery of the cotton to CCC; and, (ii) the collateral shall be delivered to CCC in the original bags with original bale identification as provided by the ginner.
- (5) **Settlement Charges.** If the producer forfeits outside-stored ELS cotton loan collateral to CCC in satisfaction of the amount due, the producer is liable, in addition to charges included in paragraph 4 of the Note and Security Agreement Terms and Condition (form CCC-601), for (i) expenses or charges associated with the storage of the cotton during the period of the loan, and (ii) charges levied by the warehouse associated with receiving, weighing, compression, issuance of an electronic warehouse receipt, other charges as may be levied by the warehouse specific to outside-stored cotton, and for classification services as required under paragraph (3) of this appendix.

PART B – PRODUCER CERTIFICATION

I accept that the terms and conditions of this appendix apply to the cotton pledged as collateral for this loan. I certify that the cotton pledged as collateral for this loan is packaged in a hermetically sealed bag, packaged at a measured internal humidity level established by the gin as appropriate to safeguard cotton quality, using packaging materials that meet or exceed industry minimum standards. I further certify that the cotton pledged as collateral for this loan meets the quality requirements set forth at 7 CFR 1427.5(c), has not been ginned on a saw gin, is not represented by a warehouse receipt, and is not reginned, repacked, mixed ELS and upland cotton, or fire damaged or water damaged. I further certify that the storage area is suitable for cotton storage, is constructed to prevent water accumulation under the cotton, is outside a 100-year floodplain, and is serviced by bale handling and transport equipment that will not damage the sealed bag or degrade the drainage characteristics of the storage area.
